

Hot Wheels GVG11

Hot Wheels Track Builder Unlimited Rapid Launch Builder Box Playset

USER MANUAL

Introduction

This manual provides essential information for the assembly, operation, and maintenance of your Hot Wheels Track Builder Unlimited Rapid Launch Builder Box Playset. Please read these instructions carefully before use to ensure proper function and safety. This playset is designed to offer dynamic track building and stunting experiences.

Safety Information

WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.

- Recommended for ages 6 years and up.
- Adult supervision is recommended during assembly and play.
- Keep all packaging materials away from children.
- Do not modify the product in any way, as this may compromise safety and performance.
- Ensure all track connections are secure before launching vehicles.

What's in the Box

The Hot Wheels Track Builder Unlimited Rapid Launch Builder Box Playset includes the following components:

- 1 Hot Wheels Track Builder Unlimited Rapid Launch Builder Box (with 1 side panel storage unit and 1 lid storage unit)
- 1 1:64 scale Hot Wheels vehicle
- 3 Loop tracks
- 1 Loop connector
- 6 Track connectors
- 4 Flipper connectors
- 8 Track pieces
- 1 4-car magazine
- 1 Track Builder catch cup

- 1 Ramp
- 1 Centrifuge launcher pad with 4 track connection points

Setup Instructions

Follow these steps to assemble your track set:

1. **Unpack Components:** Carefully remove all pieces from the packaging. Identify each component using the 'What's in the Box' list.
2. **Prepare the Base:** Open the Rapid Launch Builder Box. The box itself forms part of the playset's base and storage.
3. **Connect Track Pieces:** Begin connecting the orange track pieces using the provided track connectors. Ensure a snug fit for stable track configurations.
4. **Assemble the Centrifuge Launcher:** Attach the centrifuge launcher pad to the designated area on the playset base. Connect track pieces to the launcher's exit points.
5. **Install Loops and Ramps:** Integrate the loop tracks and ramp into your desired track layout. Use loop connectors and flipper connectors as needed to create stunting routes. The playset supports various configurations, including double loops and ramp jumps.
6. **Secure All Connections:** Double-check that all track pieces, connectors, and accessories are firmly attached to prevent disconnections during play.

Operating Instructions

To operate your Hot Wheels Track Builder Unlimited Rapid Launch Builder Box Playset:

1. **Load Vehicles:** Place up to four 1:64 scale Hot Wheels vehicles into the 4-car magazine. Ensure cars are facing the correct direction for launch.
2. **Insert Magazine into Launcher:** Insert the loaded 4-car magazine into the centrifuge launcher mechanism.
3. **Prepare for Launch:** Position the launcher mechanism to align with your desired track route. The centrifuge launcher pad has four track connection points, allowing for multiple exit routes.
4. **Initiate Launch:** Press down on the rapid launch pedal or activate the launcher mechanism. The centrifuge will rapidly propel the cars onto the track for high-speed action and stunts.
5. **Continuous Play:** Reload the magazine and repeat the launch process for continuous racing and stunting.

QUICK LOAD & LAUNCH STUNTING!

4-CAR MAGAZINE LAUNCHER

Maintenance

Proper maintenance ensures the longevity and performance of your playset:

- **Cleaning:** Wipe down track pieces and components with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** The Rapid Launch Builder Box is designed for convenient storage. Utilize the external storage compartments and the internal space to securely store all track components and vehicles when not in use.
- **Inspection:** Periodically inspect all track pieces and connectors for any signs of wear or damage. Replace any broken or worn parts to maintain optimal performance and safety.

Troubleshooting

If you encounter issues with your playset, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cars do not launch or launch weakly.	Magazine not fully inserted; launcher mechanism not fully engaged; cars not properly seated.	Ensure the 4-car magazine is fully inserted. Press the rapid launch pedal firmly and completely. Verify cars are correctly placed in the magazine.
Cars derail frequently.	Loose track connections; track pieces misaligned; foreign objects on track.	Check all track connections for a secure fit. Realign any misaligned track sections. Clear the track of any debris.
Track pieces do not connect securely.	Connector tabs bent or damaged; incorrect connector type used.	Inspect connector tabs for damage; gently straighten if bent. Ensure you are using the correct track connectors for each piece.

Specifications

- **Product Dimensions:** 57.09 x 66.54 x 14.17 inches

- **Item Weight:** 6.05 pounds
- **Item Model Number:** GVG11
- **Manufacturer Recommended Age:** 6 years and up
- **Brand:** Hot Wheels
- **Manufacturer:** Mattel
