SETUP

1. Battery Installation

The VTech Marble Rush Ultimate Set requires **2 AA** and **3 AAA** batteries for full functionality of the electronic components (e.g., musical light-show cone, Ferris wheel). Batteries included are for demo purposes only; new batteries are recommended for regular use.

1. Locate the battery compartments on the electronic pieces.
2. Using a screwdriver (not included), open the battery compartment covers.
3. Insert the required batteries, ensuring correct polarity (+/-).
4. Replace the covers and tighten the screws.

2. Assembly

The set features color-coded blocks and an intuitive design for easy assembly. Refer to the included Leveled Building Guide for

step-by-step instructions on constructing various marble run configurations.

- Begin by laying out the base pieces on a flat, stable surface.
- Follow the color-coded instructions in the Leveled Building Guide to connect the various tracks, ramps, and special features.
- Ensure all connections are secure to prevent the marble run from collapsing during play.

OPERATING INSTRUCTIONS

Once your Marble Rush Ultimate Set is assembled, you are ready to begin play.

1. **Initiate Play:** Drop the included 10 marbles into the designated starting points of your constructed marble run.
2. **Observe Movement:** Watch as the marbles race down ramps, swirl through funnels, and activate special features like the spinning Ferris wheel and the musical light-show cone.
3. **Utilize Launchers:** Engage the extreme launchers to propel marbles through specific sections or to restart their journey.
4. **Creative Building:** Experiment with different track layouts and piece combinations to create new and challenging marble

runs. The set is designed for endless possibilities.

5. **Expansion:** This set can be combined with other VTech Marble Rush sets (sold separately) to build even larger and more complex marble runs.

MAINTENANCE

Proper care will ensure the longevity of your VTech Marble Rush Ultimate Set.

- **Cleaning:** Wipe down all plastic components with a soft, damp cloth. Do not submerge electronic parts in water. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, disassemble the set and store all pieces in a dry, cool place away from direct sunlight. Keeping the original packaging or a dedicated storage container will help prevent loss of pieces.
- **Battery Replacement:** Replace batteries promptly when electronic features begin to dim or malfunction. Always dispose of used batteries responsibly according to local regulations.

TROUBLESHOOTING

If you encounter any issues with your Marble Rush Ultimate Set, refer to the following common solutions:

Problem	Solution
Marbles get stuck or stop moving.	Check all track connections to ensure they are securely fastened and properly aligned. Ensure there are no obstructions on the tracks. Verify the incline of ramps is sufficient for marble movement.
Electronic features (lights/sounds) are not working.	Ensure batteries are correctly installed with proper polarity. Replace old batteries with new, fresh batteries. Check if the power switch on the electronic component is in the "ON" position.
Pieces do not connect easily or fall apart.	Ensure you are using the correct pieces for the connection point as indicated in the building guide. Apply gentle, firm pressure to snap pieces together. Avoid forcing pieces if they do not fit.
Missing pieces.	Carefully check the packaging and play area. If a piece is genuinely missing, contact VTech customer support for assistance.
