Assembly Tips:

- Lay out all parts on a soft, clean surface to prevent scratches.
- Use the correct tools as specified in the assembly guide.

- Do not overtighten screws initially; tighten them fully once the entire structure is aligned.
- Ensure the table is placed on a level surface after assembly to prevent wobbling.

OPERATING AND USAGE

The BEKANT Conference Table is designed for indoor use only. It provides a stable and spacious surface for various activities, including meetings, work, or dining. The tabletop is stain resistant, offering enhanced durability for daily use.

Important Usage Guidelines:

- Place the table on a flat, stable floor to ensure balance and prevent tipping.
- Avoid placing excessively heavy or concentrated loads on specific areas of the tabletop.
- Do not stand or sit on the table.
- Protect the surface from hot items by using coasters or protective mats.

MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your BEKANT Conference Table.

- **Cleaning:** Wipe the table clean with a damp cloth and a mild cleaning solution. Avoid using abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the surface finish.
- **Drying:** Always wipe the table dry immediately with a clean, dry cloth to prevent water spots or moisture damage.
- **Fittings:** Periodically check all assembly fittings and re-tighten them if necessary to maintain stability.
- **Protection:** For prolonged exposure to direct sunlight or heat sources, consider using protective covers to prevent discoloration or warping.

TROUBLESHOOTING

If you encounter any issues with your BEKANT Conference Table, refer to the following common solutions:

- **Wobbling Table:** If the table feels unstable, check that all screws and bolts are securely tightened. Ensure the table is placed on an even surface. Adjustable feet, if present, can be used to level the table.
- **Surface Stains:** For most stains, follow the cleaning instructions in the Maintenance section. For stubborn marks, a gentle furniture cleaner suitable for the tabletop material may be used, but always test on an inconspicuous area first.
- **Missing Parts:** If you find any parts missing during assembly, refer to the product's original packaging and contact Ikea customer service with the part number.
