MSI M99 Box

MSI M99 Box Gaming Mouse User Manual

Model: M99 Box

1. Introduction

Thank you for choosing the MSI M99 Box Gaming Mouse. This manual provides essential information for setting up, operating, and maintaining your new gaming mouse. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

Package Contents

- MSI M99 Box Gaming Mouse
- User Manual (this document)

Safety Information

- Keep the device away from water and excessive moisture.
- Avoid exposing the device to extreme temperatures.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel.
- Use only with compatible USB ports.

2. Product Overview

The MSI M99 Box Gaming Mouse is designed for precision and comfort, featuring customizable RGB lighting and multiple programmable buttons. Familiarize yourself with the mouse components:

Key Components:

1. **Left Click Button:** Standard left mouse button.
2. **Right Click Button:** Standard right mouse button.
3. **Scroll Wheel:** For scrolling and middle-click functionality.
4. **DPI Cycle Button:** Adjusts the mouse sensitivity (DPI).
5. **Side Buttons (2):** Programmable buttons, often used for forward/back navigation.
6. **RGB LED Zones:** Customizable lighting effects.
7. **USB Connector:** For connecting to your computer.

3. Setup

Setting up your MSI M99 Box Gaming Mouse is a straightforward process.

Connecting the Mouse

1. Locate an available USB port on your computer.
2. Plug the USB connector of the MSI M99 Box Gaming Mouse into the USB port.
3. Your operating system (Windows XP, Windows 7, Linux) will automatically detect and install the necessary drivers. This may take a few moments.
4. Once the drivers are installed, the mouse will be ready for use, and the RGB lighting will illuminate.

4. Operating Instructions

The MSI M99 Box Gaming Mouse offers various functionalities to enhance your gaming and computing experience.

Basic Mouse Functions

- **Left Click:** Primary action, selection.
- **Right Click:** Context menu, secondary action.
- **Scroll Wheel:** Scroll up/down documents or web pages. Pressing the scroll wheel acts as a middle click.

DPI Adjustment

The DPI (Dots Per Inch) button allows you to change the mouse sensitivity on the fly. Press the **DPI Cycle Button** (usually located behind the scroll wheel) to cycle through different DPI settings. Each press will switch to the next preset DPI level, indicated by a change in the mouse's LED color or pattern (specific indication may vary).

The mouse supports up to 4000 DPI for precise control.

RGB LED Effects

The MSI M99 Box Gaming Mouse features 3 distinct RGB LED effects. These effects typically cycle automatically or can be changed via a dedicated button (if available, otherwise they are preset). Refer to the product's official software (if applicable, not included in this manual) for advanced customization options.

5. Maintenance

Proper maintenance ensures the longevity and performance of your gaming mouse.

Cleaning Instructions

- Disconnect the mouse from your computer before cleaning.
- Use a soft, dry, lint-free cloth to wipe the surface of the mouse.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals.
- Use a cotton swab or compressed air to clean dust and debris from around the scroll wheel and button crevices.
- Do not spray cleaning liquids directly onto the mouse.

Storage

When not in use, store the mouse in a cool, dry place, away from direct sunlight and extreme temperatures.

6. Troubleshooting

If you encounter issues with your MSI M99 Box Gaming Mouse, refer to the following common problems and solutions.

Problem	Possible Solution
Mouse is not responding.	• Ensure the USB cable is securely plugged into a working USB port. • Try plugging the mouse into a different USB port. • Restart your computer. • Check Device Manager (Windows) to see if the mouse is recognized.
Mouse movement is erratic or jumpy.	• Clean the optical sensor on the bottom of the mouse. • Ensure you are using the mouse on a clean, non-reflective, and uniform surface (e.g., a mouse pad). • Try adjusting the DPI setting.
RGB lighting is not working.	• Ensure the mouse is properly connected to your computer. • Check if any software settings (if applicable) have disabled the lighting. • Restart your computer.
