GUY-TECH 60793

GUY-TECH AC Adapter Wall Charger Instruction Manual

Model: 60793

INTRODUCTION

This instruction manual provides important information for the safe and effective use of your GUY-TECH AC Adapter Wall Charger, Model 60793. This adapter is designed as a compatible power supply for the Harbor Freight Luminar 60793 Rechargeable Work Light. Please read this manual thoroughly before using the product and retain it for future reference.

SAFETY INFORMATION

To prevent injury or damage to the product, observe the following safety precautions:

- Do not expose the adapter to water, moisture, or extreme temperatures.
- Do not disassemble or modify the adapter.
- Avoid dropping or subjecting the adapter to severe impact.
- Ensure the adapter is used with compatible devices only. Verify voltage and connector type requirements of your device.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Do not use the adapter if the cable or housing is damaged.
- Keep out of reach of children.

PACKAGE CONTENTS

- 1 x GUY-TECH AC Power Adapter (Model 60793)

PRODUCT OVERVIEW

Image: The GUY-TECH AC Adapter, featuring a black rectangular wall plug unit with a red LED indicator, connected to a coiled black power cord terminating in a barrel connector. This image illustrates the main component of the power supply.

Image: Two circular graphics. The top graphic states "5 FEET", indicating the length of the power cord. The bottom graphic states "LED light", referring to the indicator light on the adapter unit.

The GUY-TECH AC Adapter (Model 60793) is designed to provide reliable power to compatible devices, specifically the Harbor Freight Luminar 60793 Rechargeable Work Light. It features a standard wall plug, a 5-foot power cord, and a barrel connector for device input. An integrated LED indicator provides visual feedback on the adapter's operational status.

SETUP

- 1. Verify Compatibility:** Ensure your device, such as the Harbor Freight Luminar 60793 Rechargeable Work Light, is compatible with this adapter. Refer to your device's specifications for required input voltage and connector type.
- 2. Inspect Adapter:** Before use, visually inspect the adapter and cable for any signs of damage. Do not use if damaged.
- 3. Connect to Device:** Insert the barrel connector end of the adapter cable firmly into the charging port of your compatible device.
- 4. Connect to Power Outlet:** Plug the AC adapter into a standard 100V-240V wall outlet.
- 5. Observe LED Indicator:** The LED indicator on the adapter will illuminate, typically red, to confirm power is being supplied.

OPERATING INSTRUCTIONS

Once properly connected, the adapter will begin supplying power to your device. For charging rechargeable devices, the charging process will typically be managed by the device's internal circuitry. Refer to your device's manual for specific charging indicators and times.

- Input Voltage:** The adapter supports a wide input voltage range of 100V to 240V AC, making it suitable for worldwide use.
- Output Protection:** The adapter is equipped with over-voltage, over-current, and short-circuit protection to safeguard your device and the adapter itself.
- LED Indicator:** The LED light on the adapter indicates that power is flowing through the unit.

MAINTENANCE

- Cleaning:** Disconnect the adapter from the power outlet and the device before cleaning. Use a dry, soft cloth to wipe the adapter. Do not use liquid cleaners or solvents.
- Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- Inspection:** Periodically inspect the cable and connectors for any signs of wear, cuts, or damage. Replace the adapter if any damage is observed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Adapter LED not lit / No power to device	• Adapter not fully plugged into outlet. • Outlet is not functioning. • Cable or adapter is damaged. • Device not properly connected.	• Ensure adapter is securely plugged into a live wall outlet. • Test the outlet with another known working device. • Inspect the adapter and cable for damage. If damaged, discontinue use and replace. • Ensure the barrel connector is fully inserted into the device's port.
Device not charging or powering on	• Incompatible device. • Device fault. • Adapter fault.	• Confirm the adapter's specifications match your device's requirements. • Test your device with its original or another known working adapter. • If the adapter LED is lit but the device still doesn't work, the adapter may be faulty.

SPECIFICATIONS

- **Model:** 60793
- **Input:** 100V - 240V AC, 50/60Hz (Worldwide compatible)
- **Output:** Compatible with Harbor Freight Luminar 60793 Rechargeable Work Light (DC Power Supply)
- **Cable Length:** 5 feet
- **Connector Type:** Barrel connector
- **Special Features:** Over Voltage Protection, Over Current Protection, Short Circuit Protection, LED Indicator
- **Color:** Black
- **Manufacturer:** Guy-Tech

WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the documentation provided with your purchase or contact the manufacturer, GUY-TECH, directly. Specific warranty terms may vary based on retailer and region.

For compatibility inquiries, please ensure your device model is listed as compatible. If unsure, contact the seller or manufacturer for confirmation before purchase or use.
