Bose SoundLink Revolve+ (Series II) Instruction Manual

PORTABLE BLUETOOTH SPEAKER

Introduction

The Bose SoundLink Revolve+ (Series II) is engineered to deliver true 360° sound for consistent, uniform coverage. Its tapered cylindrical shape and flexible fabric handle ensure easy portability. Designed for durability, it features a robust aluminum body and an IP55 water- and dust-resistant rating, making it suitable for various environments.

This speaker offers up to 17 hours of battery life for extended listening. It includes a built-in microphone for calls and voice assistant access, and supports wireless Bluetooth pairing with voice prompts. Enhance your audio experience by pairing two SoundLink Revolve speakers in Party Mode or Stereo Mode via the Bose Connect app. Bose SimpleSync technology allows seamless synchronization with other Bose Smart Family devices.

Figure 3: Top panel controls including power, Bluetooth, volume, and multi-function buttons.

Control Buttons:

- **Power Button:** Turns the speaker on or off.
- **Bluetooth Button:** Initiates Bluetooth pairing mode.
- **Volume Buttons (+/-):** Adjusts the playback volume.

- **Multi-function Button:** Controls playback (play/pause), skips tracks, and accesses your device's voice assistant.
- **Input Mode Button:** Switches between Bluetooth and auxiliary input.

The speaker also includes a built-in microphone, allowing you to take calls directly through the speaker and interact with your device's default voice assistant.

Setup

Charging the Speaker:

Before first use, fully charge your SoundLink Revolve+ II speaker. Connect the included Micro-B USB cable to the charging port on the speaker and the USB power supply to a wall outlet.

Video 2: Shows how to connect the Micro-B USB cable for charging the speaker.

Bluetooth Pairing:

The speaker provides voice prompts to guide you through the Bluetooth pairing process. Alternatively, you can use the Bose Connect app for seamless setup.

- Turn on the speaker.
- Press and hold the Bluetooth button until the Bluetooth indicator light blinks blue.
- On your device, enable Bluetooth and select
