WHAT'S IN THE BOX

- 1 Hot Wheels Display Case
- 8 Hot Wheels 1:64 Scale Vehicles

SETUP AND ASSEMBLY

The Hot Wheels Display Case is designed for easy setup and integration with your existing Hot Wheels track system. No complex assembly is required for the case itself.

- 1. Unpack Components:** Carefully remove the display case and the 8 included Hot Wheels vehicles from their packaging.
- 2. Prepare for Display:** The case can be used as a standalone display or mounted on a wall. For wall mounting, ensure appropriate hardware (not included) is used and secured properly.
- 3. Connect to Track (Optional):** The display case features blue connectors on its sides, allowing it to attach directly to standard Hot Wheels tracks. Align the connectors on the case with the ends of your track pieces and snap them together. This creates an integrated racing experience.

OPERATING INSTRUCTIONS

The Hot Wheels Display Case offers both storage and interactive play features:

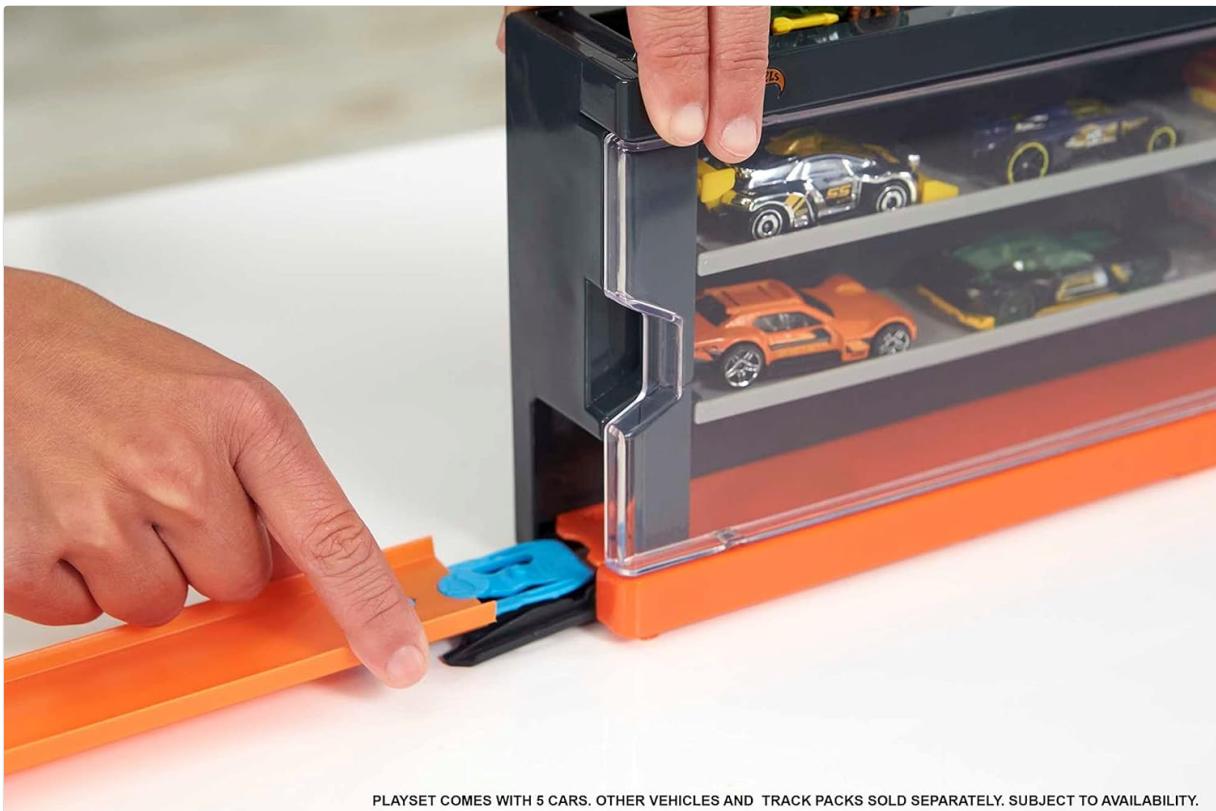

- 1. Storing Vehicles:** The case can store up to 12 1:64 scale vehicles, with 8 inside the clear compartments and 4 on top. Gently place your Hot Wheels cars into the designated slots.
- 2. Accessing Vehicles:** The clear protective door can be opened to easily access the cars stored inside. This door keeps the cars safe and secure when not in use or on display.
- 3. Interactive Play:** When connected to Hot Wheels tracks, cars can be launched directly from the case onto the track. Simply place a car at the launch point within the case and activate the launcher (if applicable to the specific track connection) to send it racing.
- 4. Expandability:** Multiple Hot Wheels Display Cases can be connected together using track pieces to create larger, more elaborate display and racing setups.

Maintenance

To ensure the longevity and optimal performance of your Hot Wheels Display Case, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the case and clear protective door with a soft, damp cloth. Avoid abrasive cleaners or solvents, as these may damage the plastic.
- **Storage:** Store the display case in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Vehicle Care:** Ensure cars are clean and dry before storing them in the case to prevent dust or moisture buildup.

Troubleshooting

If you encounter any issues with your Hot Wheels Display Case, consider the following:

- **Track Connection Issues:** Ensure that the blue connectors on the display case are properly aligned and firmly snapped into place with the Hot Wheels track pieces. Check for any debris obstructing the connection points.
- **Cars Not Launching Smoothly:** Verify that the 1:64 scale cars are correctly positioned at the launch point. Ensure the track is level and free of obstructions.
- **Protective Door Not Closing:** Check for any cars or debris blocking the door's path. Ensure the door's hinges are free from damage.
