KAWADA NBC-349

KAWADA nanoblock Mosasaurus Building Kit Instruction Manual

Model: NBC-349

Introduction

This manual provides detailed instructions for assembling your KAWADA nanoblock Mosasaurus building kit. The Mosasaurus is part of the nanoblock Mini Collection series, designed for enthusiasts aged 8 and above. This kit allows you to construct a detailed 3D model using micro-sized building blocks.

What's in the Box

Your nanoblock Mosasaurus kit contains the following components:

- All necessary nanoblock pieces (approximately 180 pieces) to build the Mosasaurus model.
- Detailed step-by-step instruction manual.

Assembly Instructions

Follow the included step-by-step instructions carefully. Nanoblock pieces are very small, so attention to detail is crucial for successful assembly.

1. Unpack all nanoblock pieces and organize them by color or shape if desired.
2. Refer to the instruction booklet for the first step. Each step illustrates which pieces to use and where to place them.
3. Connect the blocks firmly. Due to their small size, a pair of tweezers (not included) may be helpful for precise placement.
4. Proceed through each step sequentially until the model is complete.

Care and Maintenance

To maintain the quality and appearance of your nanoblock model:

- Keep the assembled model away from direct sunlight and extreme temperatures to prevent material degradation.
- Clean gently with a soft, dry cloth or a soft brush to remove dust. Avoid using harsh chemicals or abrasive materials.
- If disassembling, store pieces in a secure container to prevent loss.

Safety Information

WARNING: CHOKING HAZARD - Small Parts.

- This product contains small parts and is not suitable for children under 3 years of age.
- Adult supervision is recommended during assembly, especially for younger users.
- Keep all pieces out of reach of infants and pets.
