## T-Fal G26275

# Tefal G26275 Stir-fry Pot (22 cm) Instruction Manual

## INTRODUCTION

This manual provides essential information for the safe and effective use of your Tefal G26275 Stir-fry Pot. Please read all instructions carefully before first use and retain this manual for future reference. This 8.7-inch (22 cm) multi-pan is designed for versatility, offering superior durability and heat conductivity for various cooking tasks.

*Image: The Tefal G26275 Stir-fry Pot, 8.7 inches (22 cm), showcasing its red exterior and black non-stick interior.*

The pan features a highly durable Titanium Unlimited non-stick coating, designed for long-lasting performance and easy food release. It is free from PFOA, lead, and cadmium, ensuring safe cooking. The induction disc is optimized for efficient and even heat distribution across various heat sources.

## SETUP AND FIRST USE

---

### Unpacking

Carefully remove the stir-fry pot from its packaging. Inspect the pan for any signs of damage. The product is packaged in an individual T-fal box.

### Initial Cleaning

1. Wash the pan thoroughly with warm, soapy water using a soft sponge.
2. Rinse the pan completely and dry it with a soft cloth.
3. Before first use, lightly coat the non-stick surface with a small amount of cooking oil. Wipe off any excess oil. This conditions the non-stick surface.

## OPERATING INSTRUCTIONS

---

### Compatible Heat Sources

This stir-fry pot is compatible with a wide range of heat sources:

- Gas stoves
- Electric plate coils
- Ceramic heaters
- Halogen heaters
- Induction cookers (IH) - 100V to 200V

*Image: The pan's base indicating compatibility with both gas and induction (IH) heat sources, along with the Thermo-Signal heat indicator.*

## Thermo-Signal Indicator

The Thermo-Signal indicator in the center of the pan changes color to indicate when the pan has reached the optimal cooking temperature. This ensures perfect searing and even cooking results.

- When the pattern is clearly visible, the pan is still heating.
- When the Thermo-Signal turns solid red, the pan has reached the ideal temperature for cooking.

## Pouring Spouts

The pan is equipped with convenient pouring spouts, allowing for easy transfer of liquids and sauces without spills. Use the wider spout for larger quantities and the narrower spout for precise pouring.

# 用途に合わせて使い分けられる

## 便利な注ぎ口

大皿料理などは広い注ぎ口から一気に盛り付け、ソースをかけたりする時は細い注ぎ口からと用途に応じて、使い分けができて便利

## MAINTENANCE AND CARE

---

### Cleaning

To maintain the non-stick coating and extend the life of your pan, follow these cleaning instructions:

- **Hand Wash Only:** It is recommended to hand wash the pan with warm, soapy water and a non-abrasive sponge.
- Avoid using metal scouring pads, harsh detergents, or abrasive cleaners, as these can damage the non-stick surface.
- For stubborn food residues, soak the pan in warm water before cleaning.
- Ensure the pan is completely dry before storing.

## Storage

When storing, place a soft cloth or pan protector between pans if stacking to prevent scratches to the non-stick coating.

## TROUBLESHOOTING

If you encounter any issues with your Tefal G26275 Stir-fry Pot, please consider the following:

- **Food Sticking:** Ensure the pan was properly seasoned before first use. Avoid using excessive heat, as this can degrade the non-stick coating over time. Always use a small amount of oil or butter.
- **Uneven Heating:** Verify that the pan is centered on the heat source. For induction cooktops, ensure the burner size matches the pan's base.
- **Handle Loosening:** Periodically check the handle for tightness. If it becomes loose, gently tighten the screw if accessible.

For problems not addressed here, please contact customer support or your retailer.
