Chicco Bravo LE Trio Travel System Instruction Manual

Model: 06079633330070 | Brand: Chicco

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of your Chicco Bravo LE Trio Travel System. This system combines the full-size Bravo LE Quick-Fold Stroller with the KeyFit 30 Zip Infant Car Seat, offering a streamlined solution for infant travel. It features three versatile modes: a lightweight frame carrier, a complete travel system, and a full-size toddler stroller, adapting as your child grows from newborn to toddler.

The Chicco Bravo LE is designed with both child comfort and parent convenience in mind, featuring a multi-position reclining seat, child tray, ample storage, and an adjustable canopy. The KeyFit 30 Zip Infant Car Seat includes advanced safety features for secure installation and comfortable travel.

SETUP AND ASSEMBLY

Stroller Assembly

The Bravo LE stroller is designed for quick and easy setup. Follow these steps to prepare your stroller for use:

1. **Unfolding the Stroller:** Release any locking mechanisms and unfold the stroller frame until it clicks securely into place. Ensure all parts are fully extended and locked.
2. **Attaching the Child Tray:** Align the child tray with the designated slots on the stroller frame and press down firmly until it clicks into place. This tray also serves as the attachment point for the KeyFit 30 Zip Infant Car Seat.
3. **Adjusting the Handlebar:** Locate the adjustment buttons on the sides of the handle and press them to extend or retract the handle.

Infant Car Seat Base Installation

The KeyFit 30 Zip Infant Car Seat base can be installed using either the vehicle's LATCH system or the vehicle's seat belt. Always refer to your vehicle's owner's manual for specific car seat installation instructions.

1. **LATCH Installation:** Locate the LATCH anchors in your vehicle's back seat. Attach the premium LATCH connectors from the car seat base to the vehicle's anchors. Use the one-pull SuperCinch Force Multiplying LATCH Tightener to secure the base firmly.
2. **Seat Belt Installation:** Route the vehicle's lap and shoulder belt through the designated belt path on the car seat base. Buckle the seat belt and remove any slack to ensure a tight fit.
3. **Check Level Indicators:** Utilize the RideRight Bubble Level-Indicators on the base to ensure the correct recline angle for your infant. Adjust the ReclineSure Spring-Loaded Leveling Foot as needed to achieve the proper level.

Attaching and Removing the Infant Car Seat

The KeyFit 30 Zip Infant Car Seat offers easy click-in compatibility with both the stroller and the car seat base.

- **To Attach to Stroller:** Place the KeyFit 30 Zip Infant Car Seat onto the child tray of the Bravo LE stroller. Press down firmly until you hear an audible "click," indicating it is securely locked. Gently pull up on the car seat handle to confirm security.
- **To Remove from Stroller/Base:** Locate the orange handle at the back of the car seat. Squeeze the handle and lift the car seat straight up. It will release from the stroller or base.

OPERATING INSTRUCTIONS

Stroller Modes and Adjustments

The Bravo LE Trio Travel System offers three distinct modes to accommodate your child's growth:

- **Lightweight Frame Carrier:** Use the stroller frame with the KeyFit 30 Zip Infant Car Seat attached for newborns and young infants.
- **Versatile Travel System:** Combine the stroller seat and the KeyFit 30 Zip Infant Car Seat for a complete travel solution.
- **Full-Size Toddler Stroller:** Once your child outgrows the infant car seat, the stroller seat can be used independently. The seat features a one-hand, multi-position recline for comfort.

Canopy and Storage

- **Stroller Canopy:** The large, UPF 50+ canopy with a pull-out visor provides excellent sun protection. A peek-a-boo window allows you to check on your child without disturbing them.
- **Infant Car Seat Canopy:** The KeyFit 30 Zip features a ventilated canopy for comfort and privacy.
- **Storage Basket:** The large storage basket beneath the seat offers ample space for baby essentials, featuring two pockets and easy front and rear access.

MAINTENANCE AND CARE

- **Cleaning Fabrics:** The reversible seat pad is machine washable for easy cleaning. For other fabric components, spot clean with mild soap and warm water. Allow to air dry completely.
- **Frame Cleaning:** Wipe down the plastic and metal frame components with a damp cloth and mild soap. Dry thoroughly to prevent rust or damage.
- **Wheel Maintenance:** Regularly check the wheels for debris and ensure they spin freely. Clean as needed.
- **General Care:** Store the travel system in a clean, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter any issues with your Chicco Bravo LE Trio Travel System, please refer to the following common solutions:

- **Stroller Not Folding/Unfolding Smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding mechanism. Lubricate moving parts if necessary.
- **Car Seat Not Clicking Securely:** Verify that the car seat is correctly aligned with the attachment points on the stroller tray or car seat base. Apply firm, even pressure until an audible click is heard. Check for any debris in the locking mechanism.
- **Wobbly Wheels:** Inspect wheels for loose connections or damage. Ensure wheels are properly attached and tightened. Clean any accumulated dirt or debris from the wheel axles.
- **Harness Adjustment Issues:** Ensure the harness straps are not twisted. Refer to the car seat manual for detailed instructions on adjusting the harness height and tightness for your child's safety and comfort.
