MAINTENANCE AND CARE

To ensure the longevity and appearance of your Tribesigns Console Table, follow these simple care instructions:

- **Cleaning:** Wipe the tabletop and shelves with a damp cloth to remove dust or spills. For a streak-free finish, follow with a dry cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or strong chemical solutions, as these can damage the

finish.

- **Protect from Moisture:** Promptly wipe up any liquid spills to prevent water damage to the engineered wood.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading or discoloration of the wood finish.
- **Weight Distribution:** Distribute weight evenly across the shelves to maintain stability and prevent strain on the structure.

TROUBLESHOOTING

If you encounter any issues with your console table, consider the following common solutions:

Wobbling or Instability:

- **Check Connections:** Ensure all screws and bolts are fully tightened. Loose connections can lead to instability.
- **Adjustable Leg Pads:** The table is equipped with adjustable leg pads. Rotate these pads at the bottom of the legs to level the table on uneven floors.
- **Even Surface:** Ensure the table is placed on a flat, even surface.

Scratches or Minor Damage:

- For minor scratches on the wood finish, a wood repair marker or furniture polish designed for rustic finishes may help conceal them.
