## DOOGEE X95 Pro

# DOOGEE X95 Pro Smartphone User Manual

Model: X95 Pro

## INTRODUCTION

Welcome to the user manual for your new DOOGEE X95 Pro 4G Smartphone. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your device. The DOOGEE X95 Pro is designed to offer a seamless user experience with its 6.52-inch HD+ waterdrop display, powerful 4350mAh battery, and versatile triple camera system, all running on Android 10.

## SETUP

### 1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure the following items are present:

- DOOGEE X95 Pro Mobile Phone
- Charger (5V / 2A)
- USB Cable
- User Manual (this document)

Inspect the device for any physical damage before proceeding.

## 2. Inserting SIM Cards and Micro SD Card

The DOOGEE X95 Pro supports dual SIM cards and an external Micro SD card for expanded storage up to 256GB.

1. Locate the SIM card tray on the side of the phone.
2. Use the provided SIM ejector tool to open the tray.
3. Carefully place your Nano-SIM cards and/or Micro SD card into the designated slots. Ensure the gold contacts are facing down.
4. Gently push the tray back into the phone until it clicks into place.

## 3. Charging the Battery

Before first use, it is recommended to fully charge the phone's 4350mAh battery.

- Connect the USB cable to the phone's Micro USB port.
- Connect the other end of the USB cable to the charger.
- Plug the charger into a power outlet.
- The charging indicator will appear on the screen. The phone supports 5V/2A fast charging.

## 4. Powering On and Initial Setup

Press and hold the Power button until the DOOGEE logo appears. Follow the on-screen prompts to complete the initial setup:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock (PIN, pattern, password, or facial recognition).

## OPERATING YOUR DOOGEE X95 PRO

### Display and Navigation

The DOOGEE X95 Pro features a 6.52-inch HD+ waterdrop display with a 90% screen-to-body ratio, providing an immersive visual experience.

- **Touch Gestures:** Navigate the interface using standard Android touch gestures such as tap, swipe, pinch-to-zoom.
- **Notifications:** Swipe down from the top of the screen to access the notification panel and quick settings.
- **Home Screen:** Customize your home screen with widgets and app shortcuts.

**6.52"HD+ Waterdrop Display**

HD+ waterdrop extreme full screen

Pure, aesthetics, seamless. Give you the true super full view experience.  
With 90+% perfect screen to body ratio and high resolution. The precise coating process creates a stylish glare gradient that reflects the romantic and vibrant colors.

## Performance and Storage

The DOOGEE X95 Pro is powered by a MediaTek Helio A20 quad-core 1.8GHz processor, coupled with 4GB of RAM and 32GB of internal storage.

- **Processor:** The Helio A20 ensures smooth performance for daily tasks and light gaming, with optimized power consumption.
- **Memory:** 4GB RAM allows for efficient multitasking and lag-free operation.
- **Storage:** 32GB ROM provides ample space for apps and media. This can be expanded up to 256GB using a Micro SD card.

## Battery Management

The 4350mAh high-capacity battery is equipped with a power management chip, ensuring more than a day of usage on a single charge.

- **Fast Charging:** The phone supports 5V/2A fast charging, allowing for quick recharges.
- **Power Saving Mode:** Utilize the built-in power saving modes to extend battery life when needed.
- **OTG Support:** The device supports On-The-Go (OTG) functionality, allowing you to connect USB peripherals.

## Software and Features

The DOOGEE X95 Pro runs on the latest Android 10 operating system, offering enhanced features and security.

- **Android 10:** Enjoy system-wide dark theme, improved privacy controls, and gesture navigation.
- **Facial Recognition:** Unlock your phone quickly and securely using facial recognition technology.
- **Connectivity:** Supports 4G network, Bluetooth 5.0, Wi-Fi, and GPS for reliable navigation.

## MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your DOOGEE X95 Pro.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Battery Care:** Avoid extreme temperatures. Do not let the battery completely drain frequently. For long-term storage, charge the battery to about 50%.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest features, security patches, and performance improvements. Go to *Settings > System > System update*
- **Storage Management:** Periodically clear cache, delete unnecessary files, and uninstall unused apps to free up storage space and maintain performance.

## TROUBLESHOOTING

If you encounter issues with your DOOGEE X95 Pro, refer to the following common solutions.

Problem	Possible Solution
<b>Phone does not power on.</b>	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, try holding the Power button for 10-15 seconds for a forced restart.
<b>Apps are crashing or freezing.</b>	Clear the app's cache ( <i>Settings &gt; Apps &amp; notifications &gt; [App Name] &gt; Storage &amp; cache &gt; Clear cache</i> ). Restart the phone. Ensure the app is updated to its latest version.
<b>Poor network signal or no service.</b>	Check if SIM card is properly inserted. Restart the phone. Verify network settings ( <i>Settings &gt; Network &amp; internet &gt; Mobile network</i> ). Contact your service provider if the issue persists.
<b>Battery drains quickly.</b>	Reduce screen brightness. Close background apps. Turn off Wi-Fi, Bluetooth, and GPS when not in use. Enable power saving mode. Check battery usage in settings to identify power-hungry apps.
<b>Phone is slow or unresponsive.</b>	Clear cache and unnecessary files. Uninstall unused apps. Restart the device. If the issue persists, consider a factory reset ( <i>Note: This will erase all data. Back up important information first</i> ).
