3. SETUP

1. **Assembly:** Refer to the included Instruction Sheet for detailed step-by-step assembly instructions. Ensure all pieces are securely connected.
2. **Battery Installation:** The Mighty Lookout Tower requires 3 AAA batteries (not included). Locate the battery compartment, typically on the base or control panel, and insert the batteries according to the polarity indicators (+/-). Secure the compartment cover.
3. **Sticker Application:** Apply the provided stickers to the designated areas on the tower as shown in the Instruction Sheet to enhance the playset's appearance.

4. FEATURES

The Mighty Lookout Tower is packed with interactive features for endless adventure:

- **Impressive Height:** Standing at approximately 33 inches (2 and 3/4 feet) tall, the tower provides a commanding presence for imaginative play.

4 EXCLUSIVE ACTION FIGURES

5. OPERATING INSTRUCTIONS

1. **Elevator Operation:** Place a Mighty Pup figure onto the elevator platform. Gently push the elevator upwards to activate sounds and reveal the tower's side features.
2. **Mission Control Panel:** Press the buttons on the mission control panel at the top of the tower to hear Ryder's commands and activate flashing lights on the pup platform.
3. **Zipline Launch:** Attach the zipline clip to Chase's figure. Position Chase at the top of the zipline track and release him to send him down.
4. **Vehicle Launch:** Place Chase's vehicle into the garage at the base of the tower. Open the trap door and push the lever to launch the vehicle forward.
5. **Pup Placement:** Place other Mighty Pups figures on their designated light-up spots on the platform at the top of the tower.

6. MAINTENANCE

- **Cleaning:** Wipe the playset surfaces with a soft, damp cloth. Do not immerse the toy in water. Avoid using

harsh chemicals or abrasive cleaners.

- **Battery Replacement:** When lights and sounds become faint or stop working, it's time to replace the batteries. Follow the battery installation steps in Section 3. Always use new batteries of the specified type (3 AAA).
- **Storage:** Store the playset in a cool, dry place away from direct sunlight when not in use.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights and sounds not working.	Batteries are dead or incorrectly installed.	Check battery polarity and replace with fresh AAA batteries.
Elevator gets stuck or figures fall.	Obstruction in the elevator shaft or figures not positioned correctly.	Ensure no foreign objects are in the shaft. Place figures firmly on the platform.
Zipline not smooth.	Zipline clip not properly attached or track obstructed.	Ensure the zipline clip is securely attached to Chase. Check the track for any debris.
Vehicle not launching properly.	Vehicle not fully seated in the garage or trap door mechanism obstructed.	Push the vehicle fully into the garage. Clear any obstructions from the trap door area.
