## 2. SAFETY INSTRUCTIONS

---

To ensure safe operation and prolong the lifespan of your power bank, please observe the following safety guidelines:

- Do not expose the power bank to extreme temperatures (above 45°C or below 0°C), direct sunlight, or high humidity.
- Avoid dropping, disassembling, or attempting to repair the device yourself. Unauthorized repairs can void the warranty and pose safety risks.
- Keep the power bank away from water and other liquids.
- Do not use the power bank if it is visibly damaged, swollen, or leaking.
- Use only certified charging cables and adapters.
- Keep out of reach of children.
- Dispose of the power bank responsibly according to local regulations. Do not dispose of it in household waste.

## 6. MAINTENANCE

- **Cleaning:** Wipe the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place when not in use. Avoid storing it in direct sunlight or extreme temperatures.
- **Battery Care:** For optimal battery health, fully charge the power bank at least once every three months, even if not in regular use.

## 7. TROUBLESHOOTING

- **Power bank not charging:** Ensure the charging cable is securely connected to both the power bank and the wall adapter. Try a different cable or adapter.
- **Device not charging from power bank:** Ensure the power bank has sufficient charge. Check if the charging cable is properly connected to both the power bank and your device. Try a different cable or output port.
- **Slow charging:** Ensure your device and cable support fast charging if you expect accelerated speeds.

Some devices may limit charging speed to protect battery health.

- **LED display not working:** If the power bank is charging or discharging, the display should be active. If it remains off, try charging the power bank or connecting a device to charge. If the issue persists, contact customer support.
