Dexnor Samsung Galaxy S21 5G

Dexnor Samsung Galaxy S21 5G Protective Case Instruction Manual

Model: Samsung Galaxy S21 5G

INTRODUCTION

This instruction manual provides comprehensive guidance for the installation, operation, and maintenance of your Dexnor Protective Case for the Samsung Galaxy S21 5G. This case is designed to offer robust protection for your device, featuring a built-in screen protector and a convenient kickstand.

COMPATIBILITY

This case is specifically designed for the **Samsung Galaxy S21 5G (6.2 inches)**. It is **not compatible** with the Samsung Galaxy S21 Ultra (6.8 inches) or the Samsung Galaxy S21 Plus (6.7 inches). Please verify your phone model before installation.

Step-by-Step Guide:

1. **Separate the Case:** Carefully open the case from the lower right corner to separate the front and back pieces.

Image: Separating the two parts of the protective case.

2. **Remove Protective Films:** Peel off any protective films from both the inside and outside of the built-in screen protector on the front piece. Also, remove any foam inserts from the back piece.

OPERATING INSTRUCTIONS

Using the Kickstand

The integrated kickstand allows for hands-free viewing in both portrait and landscape orientations. To deploy, gently pull out the kickstand from the back of the case until it locks into position. To retract, push the kickstand back into its slot until it is flush with the case.

▼ STEADY SUPPORT

Wireless Charging

The Dexnor case is designed to be compatible with wireless charging. You can charge your Samsung Galaxy S21 5G wirelessly without removing the case.

COMPATIBLE WITH WIRELESS CHARGING

Fingerprint Sensor

The built-in screen protector includes a dedicated area for the ultrasonic fingerprint sensor. For optimal performance, it is recommended to re-register your fingerprints after installing the case. Ensure the fingerprint area on the screen protector is clean and free of dust or moisture when registering and using your fingerprint.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the case and screen protector. For stubborn smudges, a small amount of water or a mild screen cleaner can be applied to the cloth, not directly to the case.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals as these can damage the case material and screen protector.
- **Regular Inspection:** Periodically inspect the case for any signs of wear or damage. If the case is significantly damaged, consider replacing it to maintain optimal protection.

TROUBLESHOOTING

- Fingerprint Sensor Issues:** If the fingerprint sensor is not responding or is inconsistent, try the following:
 - Ensure the fingerprint area on the screen protector is clean and dry.
 - Re-register your fingerprints with the case installed. This helps the phone recognize your print through the screen protector.
 - Apply slight pressure when scanning your fingerprint.
- Case Not Closing Properly:** Ensure your phone is correctly seated within the front frame and that no debris is preventing the front and back pieces from snapping together.
- Reduced Touch Sensitivity:** If you experience reduced touch sensitivity, ensure the screen protector is clean and free of air bubbles. Re-registering your touch sensitivity settings in your phone's display options may also help.

SPECIFICATIONS

Product Dimensions	5.98 x 2.83 x 0.39 inches
Item Weight	0.704 ounces
Material	Polycarbonate, Thermoplastic Polyurethane
Compatible Devices	Samsung Galaxy S21 5G (6.2 inch)
