4. SETUP

4.1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Inspect all pieces for any damage or manufacturing defects. If any parts are missing or damaged, please contact LEGO Customer Service.

4.2. Inserting Batteries into LEGO Luigi

The LEGO Luigi figure requires 2x AAA batteries (not included) for interactive functions. Follow these steps to install them:

1. Locate the battery compartment on the back of the LEGO Luigi figure.
2. Use a small Phillips-head screwdriver to open the compartment cover.
3. Insert 2x AAA batteries, ensuring correct polarity (+ and - terminals).
4. Securely close the battery compartment cover and tighten the screw.

4.3. Downloading the LEGO Super Mario App

For the full interactive experience and digital building instructions, download the free LEGO Super Mario app on your smart device (smartphone or tablet). The app provides 3D building guides, creative ideas, and a safe platform to share creations with the LEGO Super Mario community.

This image shows the LEGO Super Mario app icon, indicating where to download the companion application for enhanced play.

4.4. Connecting LEGO Luigi via Bluetooth

To enable interactive features and two-player mode (with another LEGO Mario or Luigi figure, sold separately), connect your LEGO Luigi figure to the app via Bluetooth:

1. Turn on your LEGO Luigi figure by pressing the power button located on its back.
2. Open the LEGO Super Mario app on your smart device.
3. Follow the in-app instructions to pair your LEGO Luigi figure. The app will guide you through the connection process.

5. OPERATING INSTRUCTIONS

5.1. Building Your Course

Use the included LEGO bricks and the digital building instructions in the LEGO Super Mario app to construct your custom Super Mario course. The app provides step-by-step 3D guides, making assembly easy and fun. You can design endless unique levels using the Start Pipe, Goal Pole, and various interactive elements.

5.2. Interactive Play with LEGO Luigi

The LEGO Luigi figure is equipped with a color sensor, LCD screens in its eyes, mouth, and chest, and a speaker to provide instant reactions, sounds, and music from the Super Mario universe. Engage in interactive play by:

- **Movement:** Move Luigi around your custom-built course. He reacts to different colors and action bricks with unique sounds and animations.
- **Collecting Coins:** Guide Luigi to collect virtual coins by stomping on enemies and interacting with special blocks. The LCD screen on his chest will display his coin count.
- **Interacting with Characters:** Encounter included figures like Pink Yoshi, Boom Boom, and Bone Goomba. Luigi will react with unique sounds and expressions when interacting with them.
- **Special Blocks:** Stomp on the '?' Block to gain power-ups or additional coins. The brown blocks trigger special log-riding reactions from Luigi.
- **Challenges:** Navigate the spinning seesaw and flying challenges to earn extra coins and complete your level.

6. MAINTENANCE

6.1. Cleaning

To clean your LEGO bricks and figures, wipe them with a damp cloth. Do not submerge interactive figures (like LEGO Luigi) in water, as this can damage the electronic components. Avoid using harsh chemicals or abrasive cleaners.

6.2. Storage

Store LEGO bricks and figures in a clean, dry place away from direct sunlight to prevent discoloration and damage. Keep them organized to ensure all pieces are available for future building and play.

6.3. Battery Replacement

Replace batteries in the LEGO Luigi figure when performance decreases, sounds become distorted, or the figure stops responding. Refer to the "Inserting Batteries into LEGO Luigi" section (4.2) for detailed instructions on how to safely replace the batteries.

7. TROUBLESHOOTING

7.1. LEGO Luigi Not Responding

- Check Battery Levels:** Ensure the batteries are not depleted. Replace them if necessary (refer to section 4.2).
- Power On:** Verify that the power button on Luigi's back has been pressed to turn the figure on.
- Bluetooth Connection:** Confirm that Luigi is properly connected to the LEGO Super Mario app via Bluetooth.
- Clean Sensor:** Gently clean the color sensor located on Luigi's feet to ensure it can accurately read colors on the action bricks.

7.2. App Connectivity Issues

- Enable Bluetooth:** Ensure Bluetooth is enabled on your smart device.
- Restart App:** Close and restart the LEGO Super Mario app.
- Restart Device:** Try restarting your smart device.
- Update App:** Ensure your LEGO Super Mario app is updated to the latest version from your device's app store.

7.3. Missing Pieces

If you find any pieces missing from your set upon opening, please contact LEGO Customer Service directly for assistance with replacement parts.
