Lionelo LO-AMBER 3IN1 BLUE NAVY

LIONELO Amber 3-in-1 Stroller System User Manual

Model: LO-AMBER 3IN1 BLUE NAVY

1. Introduction

Thank you for choosing the Lionelo Amber 3-in-1 Stroller System. This versatile system is designed to provide comfort and safety for your child from birth up to approximately 4 years of age (or 22 kg). It includes a robust chassis, a comfortable carrycot, a reversible stroller seat, and a secure car seat, along with essential accessories.
Please read this manual carefully before assembly and use to ensure proper operation and to maximize the lifespan of your product. Keep this manual for future reference.

2. Safety Warnings

WARNING: This product is not suitable for jogging or skating.
The stroller is designed for children up to 4 years or 22 kg (whichever comes first).
Carrycot: This product is suitable for children who cannot yet sit up, roll over, or push themselves up on their hands and knees. The maximum weight of the child is 9 kg.
WARNING: Never use this product on a stand.

- Always ensure all locking devices are engaged before use.
- Do not leave the child unattended.
- Ensure that all parts are correctly assembled and adjusted before placing a child in the stroller.
- The parking device shall be engaged when placing and removing the child.
- Any load attached to the handle and/or on the back of the backrest and/or on the sides of the product will affect the stability of the product.
- This product is not intended for multiple children.
- Use only replacement parts supplied or approved by the manufacturer.
- Be aware of the risk of open fire and other sources of strong heat in the vicinity of the product.

- Be aware of the risk of strangulation due to loose strings or cords.

3. Setup and Assembly

3.1 Unpacking and Component Check

Carefully remove all components from the packaging. Verify that all parts listed in the introduction are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

3.2 Chassis Assembly

1. Unfold the chassis by releasing the folding latch. Ensure the frame locks securely into place.
2. Attach the front wheels by pushing them into the designated slots until they click.
3. Attach the rear wheels by sliding them onto the axle and securing them with the provided pins or clips.

Figure 3.1: Detail of the inflatable wheels and suspension system, crucial for smooth operation.

3.3 Attaching the Carrycot

Align the carrycot adapters with the slots on the chassis frame. Push down firmly until you hear a click, indicating it is securely locked. To remove, press the release buttons on both sides and lift the carrycot.

Figure 3.2: The Lionelo Amber stroller with the carrycot securely attached, suitable for newborns.

3.4 Attaching the Stroller Seat

The stroller seat can be attached facing forward or backward. Align the seat adapters with the slots on the chassis frame. Push down firmly until you hear a click. To remove, press the release buttons on both sides and lift the seat.

Figure 3.3: The Lionelo Amber stroller in standard forward-facing seat configuration.

3.5 Attaching the Car Seat

The car seat can be attached to the chassis using the included adapters. Align the car seat with the adapters on the chassis and push down until it clicks into place. Ensure it is firmly secured before use. For car installation, refer to the separate car seat manual for detailed instructions.

4. Operating Instructions

4.1 Adjusting the Handlebar

The handlebar height can be adjusted to multiple positions for comfortable pushing. Locate the adjustment buttons on the sides of the handlebar, press them, and move the handlebar up or down to the desired height. Release the buttons to lock it in place.

4.2 Adjusting the Stroller Seat

The stroller seat offers 3 recline positions, from upright to fully reclined. To adjust, locate the recline lever or button on the back of the seat and move the seat to the desired angle. Ensure it locks securely. The seat can also be reversed to face the parent or face forward.

Figure 4.1: Illustration of the adjustable backrest, footrest, and handlebar positions for optimal comfort.

4.3 Braking System

To engage the brake, press down on the brake pedal located near the rear wheels until it clicks. To release, lift the pedal. Always engage the brake when parking the stroller, especially on inclines.

4.4 Folding and Unfolding the Stroller

To fold the stroller, ensure the seat is in the forward-facing position and fully upright. Engage the brake. Locate the folding mechanisms (usually levers or buttons on the handlebar or frame), activate them, and push the handlebar forward until the stroller folds compactly. Secure with the folding latch. Reverse the process to unfold.

4.5 Harness System

The stroller and car seat are equipped with a 5-point safety harness. To secure your child, place the shoulder straps over their shoulders and the waist straps around their hips. Connect the buckles and insert them into the central buckle until they click. Adjust the straps for a snug fit, ensuring two fingers can fit between the strap and your child's body. To release, press the button on the central buckle.

Figure 4.2: Close-up of the adjustable 5-point safety harness, ensuring child security.

4.6 Accessory Use

The Lionelo Amber system comes with several accessories:

- **Footmuff:** Attaches to the stroller seat to provide warmth and comfort in colder weather.
- **Rain Cover:** Drapes over the stroller or carrycot to protect your child from rain and wind.
- **Mosquito Net:** Provides protection from insects, especially useful in warmer climates.
- **Changing Bag:** A convenient bag for carrying baby essentials.

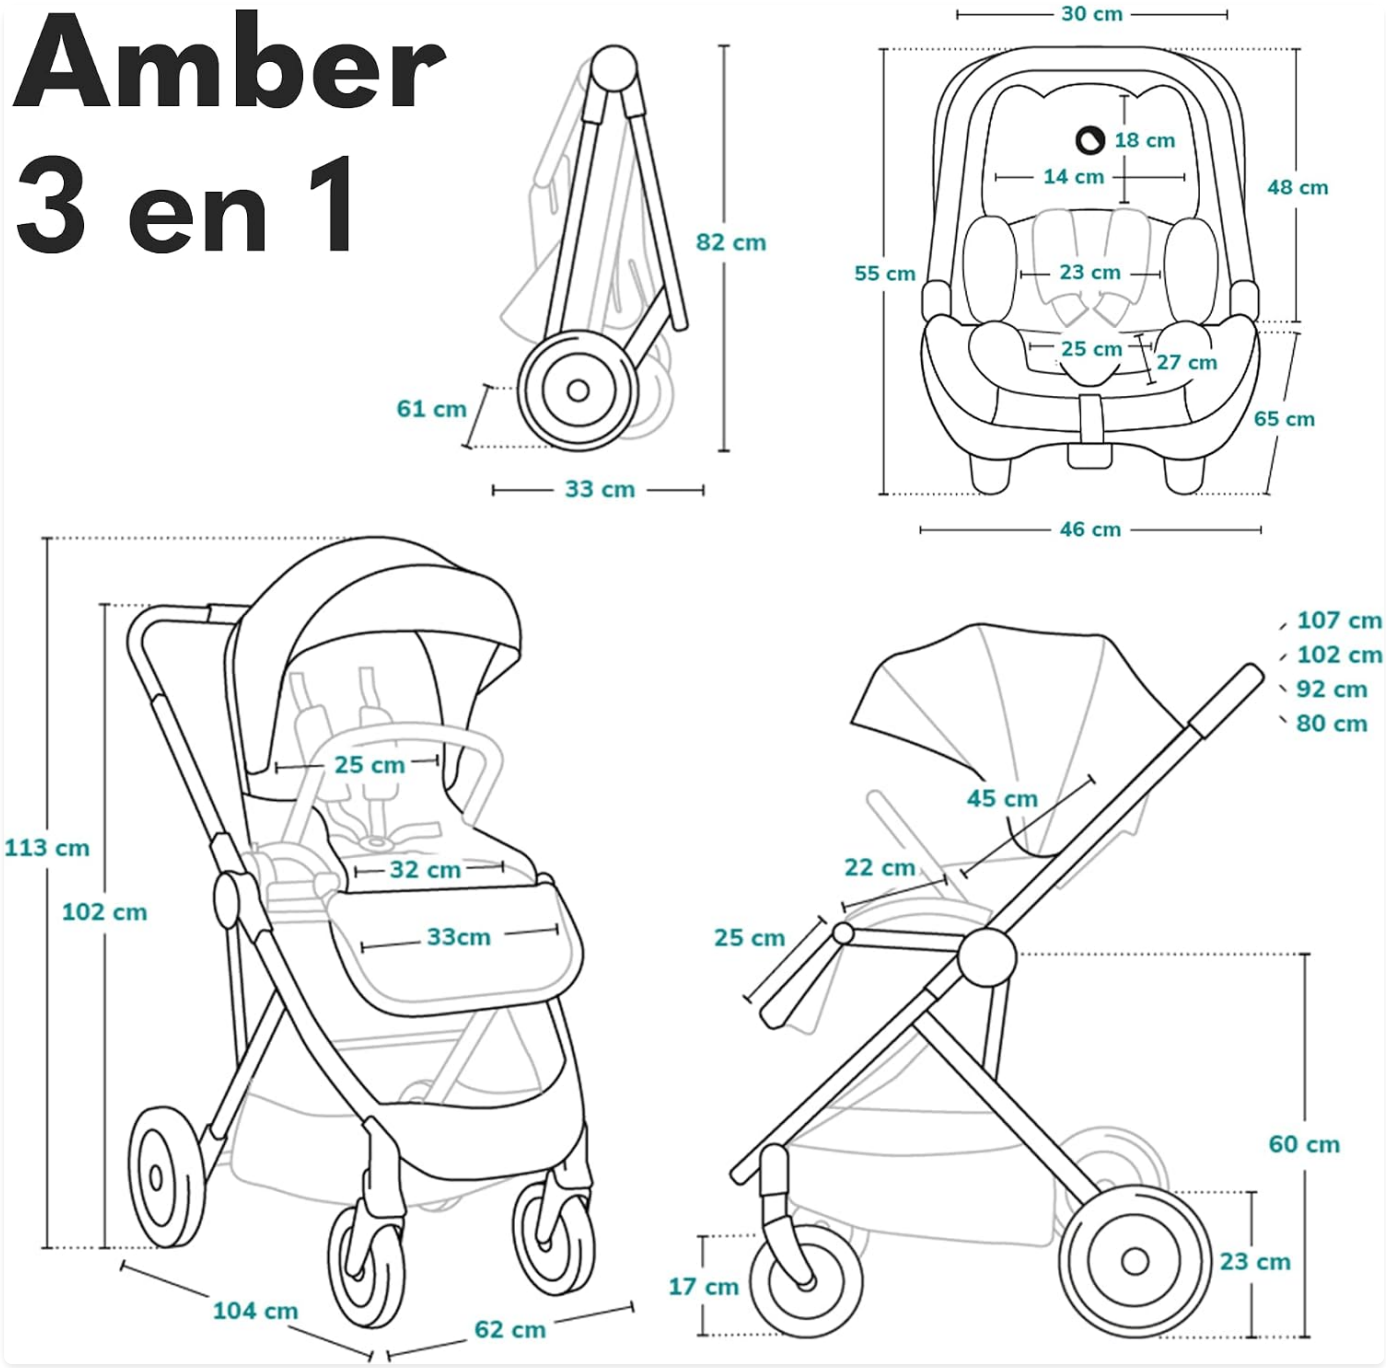

Figure 4.3: Included accessories: changing bag, footmuff, rain cover, mosquito net, and mattress for carrycot.

5. Maintenance

5.1 Cleaning Instructions

- **Fabric Parts:** The fabric covers can be removed for cleaning. Hand wash with mild soap and cold water. Do not bleach, tumble dry, or iron. Allow to air dry completely before reattaching.
- **Frame and Plastic Parts:** Wipe clean with a damp cloth and mild soap. Dry thoroughly. Do not use abrasive cleaners or solvents.

5.2 Wheel Maintenance

Regularly check the wheels for wear and tear. Keep the wheels and axles free of dirt and debris. The inflatable rubber wheels may require occasional inflation; use a standard bicycle pump and ensure they are inflated to the recommended pressure (check tire sidewall if indicated). Lubricate moving parts, such as wheel axles, with a silicone-based lubricant

periodically.

5.3 Storage

When not in use, store the stroller system in a clean, dry place away from direct sunlight and extreme temperatures. Ensure the stroller is clean and dry before storing to prevent mold or mildew growth.

6. Troubleshooting

Problem	Possible Cause	Solution
Stroller difficult to fold/unfold	Folding mechanisms are stiff or dirty; seat not in correct position.	Clean and lubricate folding mechanisms. Ensure seat is fully upright and forward-facing before folding.
Wheels not turning smoothly	Debris in wheel axles; low tire pressure (for inflatable wheels).	Remove wheels and clean axles. Inflate tires to recommended pressure. Lubricate axles.
Brake not engaging/disengaging	Brake mechanism is dirty or misaligned.	Clean the brake mechanism. Check for any obstructions. If issue persists, contact support.
Harness difficult to buckle/unbuckle	Buckle is dirty or jammed.	Clean the buckle with a damp cloth. Ensure no fabric is caught in the mechanism.

7. Specifications

Feature	Detail
