AEG AX71-304GY

AEG AX71-304GY Air Purifier User Manual

Model: AX71-304GY

INTRODUCTION

This manual provides essential instructions for the safe and efficient operation, setup, and maintenance of your AEG AX71-304GY Air Purifier. This device is designed to improve indoor air quality by filtering out various airborne pollutants, including bacteria, allergens, and fine particles, creating a healthier living environment.

SAFETY INFORMATION

Please read all safety instructions before using the appliance. Keep this manual for future reference.

- Ensure the appliance is placed on a stable, level surface.
- Do not block air inlets or outlets. Maintain at least 30 cm clearance from walls or furniture.

- Do not operate the appliance near water or in excessively humid environments.
- Unplug the appliance before cleaning or performing any maintenance.
- Keep out of reach of children and pets.
- Use only original AEG replacement filters.

SETUP

1. Unpacking

Carefully remove the air purifier and all packaging materials from the box. Retain packaging for future transport if needed.

2. Filter Installation

The air purifier comes with a multi-layer filter system. Ensure all filters are correctly installed before first use. Refer to the diagram below for component identification.

An exploded diagram illustrating the internal components of the air purifier, including the multi-layer filter system, fan, and outer casing, demonstrating how the unit is assembled.

1. Open the filter compartment cover.
2. Remove any protective plastic from the filters.
3. Insert the filters in the correct order as indicated by markings inside the unit.
4. Close the filter compartment cover securely.

3. Placement

Place the air purifier in a central location within the room for optimal air circulation. The unit is effective for rooms up to 62 square meters. Ensure there is adequate space around the unit for air intake and output.

The AEG AX71-304GY Air Purifier, illustrating its capacity to effectively purify air in rooms up to 60 square meters.

4. Power Connection

Plug the power cord into a suitable electrical outlet. The unit will enter standby mode.

5. Connecting to the AEG Wellbeing App (WiFi)

For full control and monitoring features, connect your air purifier to the AEG Wellbeing app.

The AEG AX71-304GY Air Purifier, highlighting its capability for smart control and monitoring via a WiFi connection and the AEG Wellbeing app.

1. Download the AEG Wellbeing app from your device's app store.
2. Follow the in-app instructions to create an account and add your AX71-304GY air purifier.
3. Ensure your home WiFi network is active and within range during the pairing process.

OPERATING INSTRUCTIONS

1. Control Panel Overview

The control panel is located on the top of the unit and features touch controls and an LED air quality indicator.

A top-down view of the air purifier's control panel, featuring touch buttons for various functions and an LED strip that displays real-time air quality through a color-coded system.

2. Air Quality Indicator

The LED strip on the control panel provides a visual indication of the current air quality:

- **Green:** Excellent air quality
- **Yellow:** Good air quality
- **Orange:** Moderate air quality
- **Red:** Poor air quality
- **Purple:** Very poor air quality
- **Brown:** Extremely poor air quality

3. Automatic Mode

In Automatic Mode, the air purifier continuously monitors air quality using its integrated sensors (particles, gas, temperature, humidity, light). It automatically adjusts the fan speed to maintain optimal air quality. This mode is recommended for daily use.

4. Manual Mode

You can manually select one of 5 fan speeds. This mode allows you to set a preferred purification intensity, independent of the current air quality. Use the touch controls on the panel or the AEG Wellbeing app to adjust the speed.

5. Ionizer Function

The ionizer function can be activated via the AEG Wellbeing app. It releases negative ions into the air to help capture airborne particles. Consult the app for activation and settings.

6. Timer Function

A timer can be set via the AEG Wellbeing app to schedule operation times, allowing the unit to turn on or off automatically.

7. AirSurround Technology

The AirSurround technology creates a gentle, spiral air movement to effectively circulate purified air throughout the room, reaching all corners and cleaning the air up to three times faster than previous generations.

The AEG AX71-304GY Air Purifier, emphasizing its quiet operation, with a visual indicator showing a noise level as

low as 24 dB(A) in its lowest setting.

MAINTENANCE

1. Filter Replacement

The air purifier features a filter change indicator. When the indicator illuminates, it is time to replace the filter. The estimated filter lifespan is 2 years, based on 12 hours of daily use under varying air quality conditions. Using non-original filters may affect performance and void your warranty.

Recommended filter types include:

- CARE360 AFD CAR6
- BREATHEE 360 AFDBTH6
- FRESH360 AFDFRH6

To replace the filter:

1. Unplug the air purifier from the power outlet.
2. Open the filter compartment cover.
3. Remove the used filter(s) and dispose of them according to local regulations.
4. Insert new, genuine AEG filters, ensuring correct orientation.
5. Close the filter compartment cover.
6. Plug in the air purifier and reset the filter indicator (refer to app or manual for specific reset instructions).

2. Cleaning the Unit

Regular cleaning helps maintain optimal performance.

- Wipe the exterior of the unit with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals.
- Gently vacuum the air intake and outlet grilles to remove dust accumulation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on	No power supply	Check if the power cord is securely plugged into the outlet and the unit.
Poor air purification	Clogged or incorrectly installed filter	Check filter installation. Replace filter if the indicator is on or if it appears heavily soiled.
Unusual noise	Obstruction in fan or loose part	Unplug the unit and inspect for any foreign objects. If noise persists, contact customer support.
App connection issues	WiFi signal weak or incorrect setup	Ensure your WiFi is active and the unit is within range. Re-attempt pairing through the AEG Wellbeing app.

SPECIFICATIONS

Feature	Detail
Model Number	AX71-304GY
Brand	AEG
Dimensions (L x W x H)	57.9 x 48 x 21.3 cm
Weight	6.5 Kilograms
Color	Light Grey
Room Coverage	Up to 62 m²
Noise Level	26 dB(A) (min) - 49 dB(A) (max)
Number of Speeds	5
Control Method	Touch, WiFi App
Filter Type	HEPA (4-layer antibacterial filter)
Sensors	Particles (PM1, PM2.5, PM10), Gas (TVOC), Temperature, Humidity, Light, RFID
Special Features	AirSurround Technology, Ionizer, Automatic Mode, Timer, LED Air Quality Indicator
