Marea B61001/2

Marea Smart Watch B61001/2 User Manual

Model: B61001/2 | Brand: Marea

PRODUCT OVERVIEW

The Marea Smart Watch B61001/2 is a versatile wearable device designed to integrate seamlessly into your daily life, offering features such as activity tracking, heart rate monitoring, and smart notifications. This manual provides essential information for setting up, operating, and maintaining your device.

SETUP GUIDE

1. Initial Charging

Before first use, fully charge your Marea Smart Watch. Connect the charging cable to the watch's charging port and a compatible USB power source. A full charge typically takes approximately 2 hours. The battery icon on the watch display will indicate charging status.

2. App Installation

To unlock the full functionality of your smart watch, download and install the official Marea companion application on your smartphone. The app is compatible with devices running Android 5.0 or higher, or iOS 9.0 or higher.

- Search for "Marea Smart" or similar in your device's app store (Google Play Store for Android, Apple App Store for iOS).
- Download and install the application.
- Follow the on-screen prompts to create an account or log in.

3. Device Pairing

Once the app is installed and your watch is charged, proceed with pairing:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Marea companion app.
3. Navigate to the "Add Device" or "Pair Device" section within the app.
4. The app will search for nearby Marea smart watches. Select "B61001/2" from the list of discovered devices.
5. Confirm the pairing request on both your watch and smartphone if prompted.
6. Once successfully paired, the watch's time and date will synchronize with your phone, and you can begin customizing settings.

OPERATING INSTRUCTIONS

Basic Navigation

The Marea Smart Watch B61001/2 features a digital touchscreen display for interaction. Swipe left, right, up, or down to navigate through different menus and functions. Tap to select an option or confirm an action. The physical button on the side typically serves as a power button or a 'back' function, depending on the context.

Key Features and Functions

- **Customizable Home Screen:** Personalize your watch face directly from the companion app. Choose from various pre-set designs or upload your own images to create a unique display.
- **Activity Tracking:** The watch tracks daily steps, distance, and calories burned. Access these metrics on the watch display or view detailed historical data within the app.
- **Heart Rate Monitoring:** Monitor your heart rate throughout the day. The watch provides real-time heart rate readings and can record data for health insights.
- **Smart Notifications:** Receive alerts for incoming calls, text messages, and app notifications directly on your wrist. Configure which app notifications you wish to receive via the companion app.
- **Chronograph and Alarm:** Utilize the built-in chronograph for timing activities and set multiple alarms to manage your schedule.
- **IP68 Protection:** The device is rated IP68, meaning it is dust-tight and protected against immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use and light water exposure, but not recommended for swimming or diving.

MAINTENANCE

Cleaning Your Smart Watch

To ensure longevity and hygiene, regularly clean your Marea Smart Watch:

- Wipe the screen and watch body with a soft, lint-free cloth.
- For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or solvents.

- Clean the charging contacts periodically with a dry cloth to ensure proper connection.

Battery Care

The watch is equipped with a 280 mAh battery. To maximize battery life:

- Avoid extreme temperatures, both hot and cold, as they can degrade battery performance.
- Charge the watch fully before long periods of inactivity.
- If storing the watch for an extended time, charge it to about 50% to prevent deep discharge.

Water Resistance (IP68)

The IP68 rating indicates that the watch is resistant to dust and can withstand immersion in fresh water up to 1.5 meters for a maximum of 30 minutes. This protection is not permanent and may decrease over time with normal wear. Avoid exposing the watch to hot water, steam, or high-pressure water jets. Do not press buttons underwater.

TROUBLESHOOTING

If you encounter issues with your Marea Smart Watch B61001/2, refer to the following common solutions:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on again.
- **Cannot Pair with Phone:**
 - Verify Bluetooth is enabled on your phone and the watch is within range.
 - Restart both your phone and the watch.
 - Forget the device in your phone's Bluetooth settings and attempt to pair again through the Marea app.
 - Ensure the Marea app has necessary permissions enabled on your phone.
- **Inaccurate Activity Tracking (e.g., Pedometer):**
 - Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone.
 - Verify your personal information (height, weight, age) is accurately entered in the Marea app, as these factors influence tracking algorithms.
 - If discrepancies persist, a factory reset of the watch (via the app settings) might help, followed by re-pairing.
- **Notifications Not Appearing:**
 - Check notification settings within the Marea app to ensure desired apps are enabled.
 - Verify that your phone's notification settings allow the Marea app to display alerts.
 - Ensure the watch is connected via Bluetooth.
- **Short Battery Life:**
 - Reduce screen brightness.
 - Limit the number of apps sending notifications to the watch.
 - Disable continuous heart rate monitoring if not needed constantly.
 - Ensure the watch is fully charged each time.

If these steps do not resolve your issue, please refer to the Warranty and Support section for further assistance.

SPECIFICATIONS

Feature	Detail
Model Name	B61001/2
Brand	Marea
