## JBL Tune 125BT

# JBL Tune 125BT Wireless In-Ear Bluetooth Headphones User Manual

Model: Tune 125BT

## INTRODUCTION

The JBL Tune 125BT headphones provide a high-quality, wireless audio experience with JBL Pure Bass Sound. Designed for everyday use, these in-ear headphones offer hands-free calling, extended battery life, and a comfortable, tangle-free design. This manual provides essential information for setting up, operating, and maintaining your JBL Tune 125BT headphones.

Figure 1: JBL Tune 125BT Headphones Overview

## WHAT'S IN THE BOX

Please check that all the following components are included in your package:

- JBL Tune 125BT Headphone
- 3 sizes of ear tips (Small, Medium, Large)
- Type-C USB Charging Cable
- Warning Card
- Warranty Card
- Safety Sheet
- Quick Start Guide

## SETUP

### 1. Charging the Headphones

Before first use, fully charge your JBL Tune 125BT headphones. The built-in battery provides up to 16 hours of playtime and can be fully recharged in approximately 2 hours using the provided Type-C USB cable. A 15-minute quick charge provides 1 hour of playback.

1. Locate the USB-C charging port on the inline remote control.
2. Connect the Type-C USB charging cable to the headphone's charging port.
3. Connect the other end of the USB cable to a USB power adapter (not included) or a computer's USB port.
4. The LED indicator on the remote will show charging status. It typically turns off or changes color when fully charged.

Figure 2: Charging Port Location

## 2. Bluetooth Pairing

To connect your headphones to a device via Bluetooth 5.0:

1. Ensure the headphones are charged and turned off.
2. Press and hold the power button on the inline remote until the LED indicator flashes blue, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "JBL Tune 125BT" from the list of found devices.
5. Once connected, the LED indicator will turn solid blue.

The headphones support multi-point connection, allowing seamless switching between two paired devices. For example, you can switch from watching a video on your tablet to answering a call on your smartphone.

## 3. Fitting the Earbuds

Proper fit is crucial for optimal sound quality and comfort. The JBL Tune 125BT comes with three sizes of ear tips (S, M, L). Experiment with different sizes to find the best fit for your ears.

1. Gently insert the earbuds into your ear canals.
2. Rotate them slightly to ensure a secure and comfortable seal.
3. Ensure the left (L) and right (R) earbuds are in the correct ears. Markings are typically found on the inside of each earbud.

## OPERATING THE HEADPHONES

---

The inline remote control allows you to manage audio playback and calls.

Figure 4: Inline Remote Control (Top View)

Figure 5: Inline Remote Control (Side View)

### Audio Control

- **Play/Pause:** Press the multi-function button once.
- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.
- **Next Track:** Press and hold the '+' button for 2 seconds.
- **Previous Track:** Press and hold the '-' button for 2 seconds.

### Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.
- **Activate Voice Assistant:** Double-press the multi-function button.

## Magnetic Cable Management

The earbuds feature magnets that allow them to securely connect when not in use, preventing tangles and ensuring they remain comfortably around your neck.

## MAINTENANCE

### Cleaning

To maintain optimal performance and hygiene, regularly clean your headphones:

- Wipe the earbuds and cable with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary. Ensure they are completely dry before reattaching.
- Do not use harsh chemicals or abrasive materials.

### Storage

When not in use, store your headphones in a clean, dry place away from extreme temperatures and direct sunlight. The magnetic earbuds help prevent tangling during storage.

### Water Resistance

The JBL Tune 125BT headphones are **not water resistant**. Avoid exposure to water, rain, sweat, or other liquids to prevent damage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not turn on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; device Bluetooth off; previously paired device interfering.	Ensure headphones are in pairing mode (flashing blue LED). Turn off and on Bluetooth on your device. Forget "JBL Tune 125BT" from your device's Bluetooth list and try pairing again. Ensure no other paired devices are nearby.
No sound or low volume.	Volume too low; headphones not connected; incorrect audio output selected on device.	Increase volume on both headphones and connected device. Re-establish Bluetooth connection. Check audio output settings on your device.
Sound distortion.	Poor Bluetooth signal; interference; source audio quality.	Move closer to the connected device. Avoid strong electromagnetic interference. Try playing different audio sources.

Problem	Possible Cause	Solution
Microphone not working.	Microphone blocked; incorrect input selected on device.	Ensure the microphone hole on the remote is not obstructed. Check microphone input settings on your device during calls.
