3.5 Braking System and Wheels

Engage the one-touch ShoeSaver braking system by pressing down on the brake pedal located near the rear wheels. This ensures quick and secure stops without scuffing your shoes. The front swivel wheels can be locked for stability on uneven terrain, and all-wheel suspension provides a smooth ride.

3.6 Storage and Convenience

- **Spacious Storage Basket:** A large basket beneath the seat provides ample space for essentials. Do not place more than 4.5kg in the storage basket to prevent hazardous, unstable conditions.
- **Parent Tray:** A convenient parent tray with a cupholder keeps your personal items and drinks within easy reach.
- **Viewing Window:** The sun canopy includes a viewing window, allowing you to check on your child without disturbing them.

4. MAINTENANCE

4.1 Cleaning

- **Fabric Parts:** Wipe clean with a damp cloth and mild soap. Do not use bleach. Air dry thoroughly. Refer to the care label for specific washing instructions.
- **Plastic and Metal Parts:** Clean with a soft, damp cloth. Do not use abrasive cleaners or solvents.

4.2 Storage

When not in use, store the stroller in a dry, well-ventilated area away from direct sunlight and extreme temperatures. Ensure the stroller is clean and dry before storing. The compact, freestanding fold makes storage convenient.

5. TROUBLESHOOTING

- **Stroller does not fold/unfold smoothly:** Check for any obstructions in the folding mechanism. Ensure all parts are aligned correctly.
- **Wheels are stiff or squeaky:** Clean the wheels and axles to remove dirt or debris. Apply a silicone-based lubricant if necessary.
