Bajaj HB-20

Bajaj HB-20 Silent 300W Hand Blender User Manual

Model: HB-20

1. Important Safety Instructions

Please read all instructions carefully before using your Bajaj HB-20 Hand Blender. Retain this manual for future reference.

- Always unplug the appliance from the power supply before assembly, disassembly, or cleaning.
- Do not immerse the motor unit in water or any other liquid. Clean only with a damp cloth.
- Keep hands, hair, clothing, and utensils away from the moving blades during operation to prevent injury.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Do not operate the blender with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- Avoid processing extremely hot liquids to prevent scalding.
- Do not operate the appliance empty.
- Ensure the blender stem is securely locked into the motor unit before use.

2. Product Overview and Components

The Bajaj HB-20 Silent 300W Hand Blender is designed for efficient blending, pureeing, and mixing tasks in your kitchen.

The Bajaj HB-20 Silent 300W Hand Blender in green, featuring its ergonomic design and control button.

Included Components:

- Motor Unit (1N)
- Detachable Blender Stem (1N)
- Instruction Manual
- Warranty Card

3. Setup and Assembly

1. **Unpack:** Carefully remove all components from the packaging. Dispose of packaging materials responsibly.
2. **Clean Before First Use:** Before using the appliance for the first time, clean the detachable blender stem and blade thoroughly with warm soapy water. Wipe the motor unit with a damp cloth. Ensure all parts are dry before assembly.
3. **Assemble the Blender Stem:** Align the detachable blender stem with the motor unit. Push and twist gently until you hear a 'click' sound, indicating the Easy Click Fit Locking System is engaged and the stem is securely attached.

4. Operating Instructions

The Bajaj HB-20 Hand Blender is designed for ease of use with its powerful 300W DC motor and ergonomic design.

1. **Prepare Ingredients:** Cut solid ingredients into small pieces (approximately 2-3 cm) for optimal blending. For best results, ensure there is sufficient liquid in your mixture.
2. **Immerse the Blender:** Place the assembled blender stem into the container with the ingredients. Ensure the blade is fully submerged to prevent splashing.
3. **Connect to Power:** Plug the appliance into a suitable power outlet (230 Volts).
4. **Start Blending:** Press and hold the ergonomically designed push button switch on the motor unit to activate the blender. The 300W DC motor provides silent operation.
5. **Blending Technique:** Move the blender gently up and down and in circular motions to ensure all ingredients are processed evenly. The Penta Flow breaker system assists in efficient blending.

6. **Stop Blending:** Release the push button switch to stop the blender.
7. **Unplug:** Always unplug the appliance from the power outlet after use.

5. Maintenance and Cleaning

Regular cleaning ensures the longevity and hygienic operation of your hand blender.

1. **Unplug:** Always ensure the blender is unplugged from the power supply before cleaning.
2. **Detach Stem:** Twist and pull the detachable blender stem from the motor unit.
3. **Clean Blender Stem and Blade:** Rinse the detachable blender stem and blade under running water immediately after use. For thorough cleaning, use warm soapy water and a brush if necessary. Be cautious as the blades are sharp.
4. **Clean Motor Unit:** Wipe the motor unit with a soft, damp cloth. Do not immerse the motor unit in water or any other liquid.

5. **Dry Thoroughly:** Ensure all parts are completely dry before reassembling or storing.
6. **Storage:** The blender features an inbuilt unit hanger for convenient storage. Store the appliance in a dry place, out of reach of children.

6. Troubleshooting

If you encounter any issues with your Bajaj HB-20 Hand Blender, please refer to the following common problems and solutions:

- **Blender does not turn on:**
  - Ensure the appliance is securely plugged into a working power outlet.
  - Check if the detachable blender stem is correctly and securely attached to the motor unit.
  - Verify that the push button switch is being pressed firmly.
- **Poor blending performance:**
  - Ensure ingredients are cut into small enough pieces.
  - Add sufficient liquid to the mixture to facilitate blending.
  - Do not overfill the blending container.
- **Excessive noise or vibration:**
  - While the HB-20 is designed for silent operation, some motor noise is normal.
  - Ensure the blender stem is properly attached.
  - Check for any foreign objects obstructing the blade.

If the problem persists after checking these points, please contact Bajaj customer support.

7. Specifications
