iHip 3ft PVC Micro USB High-Speed Data and Charging Cable

Model: WLG-PP27

INTRODUCTION

This manual provides essential information for the proper use, setup, maintenance, and troubleshooting of your iHip 3ft PVC Micro USB High-Speed Data and Charging Cable. Please read this manual thoroughly before using the product.

The iHip Micro USB cable is designed for fast charging and high-speed data transfer, compatible with a wide range of devices including Android phones, tablets, gaming consoles, and other devices with a Micro USB interface. It features a durable rubber finish and a metal tip, engineered for longevity with a 10,000 bend test certification.

PACKAGE CONTENTS

- 1 x iHip 3ft PVC Micro USB High-Speed Data and Charging Cable

SETUP

The iHip Micro USB cable is designed for plug-and-play functionality. Follow these steps to connect your device:

1. **Identify Ports:** Locate the Micro USB port on your device (e.g., smartphone, tablet, game controller) and a standard USB-A port on your power adapter, computer, or other charging/data source.
2. **Connect to Device:** Gently insert the Micro USB connector (the smaller, trapezoidal end) into the Micro USB port on your device. Ensure it is inserted horizontally and correctly to avoid damage.
3. **Connect to Power/Data Source:** Insert the standard USB-A connector (the larger, rectangular end) into a compatible USB-A port on your power adapter, computer, or other charging/data source.

OPERATING INSTRUCTIONS

Charging Your Device

To charge your device using the iHip Micro USB cable:

- Connect the cable as described in the "Setup" section.
- Ensure your power adapter or USB port provides sufficient power. For fast charging, use a Quick Charge compatible power adapter (e.g., 9V/2A output) or a standard power adapter with 5V/2.4A output.
- The device's charging indicator should activate, confirming that charging has begun.

Data Transfer

To transfer data between your device and a computer:

- Connect the Micro USB end to your device and the USB-A end to a USB port on your computer.
- Your computer should recognize the connected device. You may need to select "File Transfer" or "MTP" mode on your device's screen if prompted.
- You can now access your device's storage to transfer files at speeds up to 480Mb/s.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your iHip Micro USB cable, follow these maintenance guidelines:

- **Proper Handling:** Always grasp the connector head when plugging or unplugging the cable. Avoid pulling directly on the cable itself, as this can damage the internal wires.
- **Storage:** Store the cable in a clean, dry place away from extreme temperatures and direct sunlight. Avoid tightly coiling or bending the cable at sharp angles.
- **Cleaning:** If the connectors become dirty, gently wipe them with a dry, lint-free cloth. Do not use liquids or abrasive cleaners.
- **Avoid Stress:** Do not place heavy objects on the cable or allow it to be pinched, which can lead to internal damage.

TROUBLESHOOTING

If you encounter issues with your iHip Micro USB cable, try the following troubleshooting steps:

- **Device Not Charging:**
 - Ensure both ends of the cable are securely connected.
 - Try using a different power adapter or USB port.
 - Test the cable with a different compatible device to rule out a device issue.
 - Check the Micro USB port on your device for any debris or damage.
- **Slow Charging:**
 - Ensure you are using a power adapter with adequate output (e.g., 5V/2.4A or Quick Charge compatible).

- Avoid charging from low-power USB ports (e.g., some laptop USB 2.0 ports).

- **Data Transfer Issues:**

- Verify that your device is set to "File Transfer" or "MTP" mode when connected to a computer.
- Try a different USB port on your computer.
- Restart both your device and computer.

SPECIFICATIONS

Feature	Detail
Model Number	WLG-PP27
Cable Length	3 feet (approx. 0.91 meters)
Connector Type	USB-A to Micro USB
Material	PVC with Rubber Finish, Metal Tip
Data Transfer Speed	Up to 480 Mb/s
Durability	10,000+ bend lifespan certified
Compatibility	Android Cell Phones, Tablets, Windows Phones (Samsung Note/Galaxy, Nokia Lumia, LG, HTC), MP4, hard drives, PlayStation 4, Xbox One controller, and other Micro USB devices.
Product Dimensions	6.5 x 3 x 1 inches; 1.76 ounces
