TIGI Bed Head Hard Head Hairspray

Product Instruction Manual

Product Overview

The TIGI Bed Head Hard Head Hairspray is an extreme hold formulation designed to fix hairstyles in place for long-lasting hold and control. Developed by salon professionals, this hairspray delivers salon-quality results at home. It provides a 5 out of 5 strength hold, dries instantly, and leaves a natural shine finish. It is suitable for styling all hair types, for both women and men.

Setup and First Use

The TIGI Bed Head Hard Head Hairspray is ready to use directly from the can. No complex setup is required. Ensure the product is at room temperature for optimal spray consistency.

Operating Instructions

For best results, follow these application guidelines:

1. Ensure your hair is dry and styled as desired before application.
2. Hold the hairspray can approximately 10-12 inches (25-30 cm) away from your dry, finished hairstyle.
3. Spray evenly over the entire style for overall control, or spot spray specific areas as needed for targeted hold.
4. To increase firmness and achieve an even stronger hold, apply the hairspray in multiple thin layers rather than one thick layer.

Maintenance

No specific maintenance is required for the hairspray itself. Store the can in a cool, dry place away from direct sunlight and heat. Ensure the cap is securely placed after each use to prevent clogging of the nozzle.

Troubleshooting

If you encounter any issues with the product, consider the following:

- **Clogged Nozzle:** If the spray nozzle becomes clogged, remove it and rinse thoroughly under warm water. Dry completely before reattaching.
- **Insufficient Hold:** Ensure hair is completely dry before application. For stronger hold, apply in multiple thin layers rather than one thick layer.
- **Sticky Feeling:** This product is designed for extreme hold. If hair feels too sticky, you may be applying too much. Try reducing the amount or spraying from a greater distance.
