## PUREBURG LW-04, NY-BG60-HEPA-Filter

# PUREBURG LW-04 Replacement Filter for INTEY NY-BG60 Air Purifier: User Manual

## INTRODUCTION

---

### Product Overview

The PUREBURG LW-04 Replacement Filter is designed for use with the INTEY NY-BG60 Air Purifier. This filter is a combination unit featuring a 3-stage filtration system to improve air quality by capturing various airborne particles and odors.

## Compatibility

This replacement filter is specifically compatible with the INTEY NY-BG60 Air Purifier, identified by part number LW-04. Please verify your air purifier model number to ensure correct fitment.

## Key Features

- **Fine Mesh Pre-filter:** Captures large particles such as pet hair and dander.
- **H13 True HEPA Filter:** Traps up to 99.97% of airborne particles as small as 0.3 microns, including dust, pollen, and smoke.
- **Activated Carbon Filter:** Reduces odors, volatile organic compounds (VOCs), and other common household smells.

## SPECIFICATIONS

---

Feature	Detail
Brand	PUREBURG
Model Info	NY-BG60-HEPA-Filter
Item Weight	15.2 ounces (0.43 Kilograms)
Product Dimensions	6 x 6 x 6 inches
Material Type	True HEPA
MERV Rating	13
Compatible Devices	INTEY NY-BG60 Air Purifier
Number of Items	1 (typically sold in 2-packs)

## INSTALLATION

---

### Filter Replacement Procedure

1. Ensure the INTEY NY-BG60 Air Purifier is turned off and unplugged from the power outlet.
2. Locate the filter compartment on your air purifier. Refer to your air purifier's original manual for specific instructions on opening the compartment.
3. Remove the used filter. Dispose of it according to local regulations.
4. Unpack the new PUREBURG LW-04 replacement filter. **Important: Remove the new filter from its plastic bag before installation.**
5. Insert the new filter into the compartment, ensuring it is seated correctly. Follow the directional indicators if present on the filter or purifier.
6. Close the filter compartment securely.
7. Plug in and turn on your air purifier. Reset the filter indicator light if applicable, following your air purifier's instructions.

Compatible with

## MAINTENANCE

---

### Cleaning the Filter

For optimal performance, it is recommended to clean the pre-filter component of the PUREBURG LW-04 filter once a month. Gently brush off accumulated dust and debris with a soft brush or use a vacuum cleaner with a brush attachment. Do not wash the HEPA or activated carbon layers with water, as this can damage the filter's effectiveness.

## Filter Replacement Schedule

The PUREBURG LW-04 filter should be replaced regularly to maintain air purifier efficiency. The replacement interval depends on usage and air quality conditions, typically every 6-12 months. Refer to your air purifier's indicator or manufacturer guidelines for specific replacement recommendations.

## TROUBLESHOOTING

---

### Common Issues

- **Air Purifier Not Turning On:** Ensure the filter compartment is closed securely and the unit is properly plugged in. Some air purifiers have safety switches that prevent operation if the filter is not installed correctly.
- **Reduced Airflow or Persistent Odor:** This may indicate a heavily soiled filter. Clean the pre-filter or replace the entire filter if it has reached its recommended end-of-life.
- **Filter Indicator Light Remains On After Replacement:** Consult your air purifier's manual for instructions on

how to reset the filter life indicator.

## WARRANTY AND SUPPORT

---

### Manufacturer Support

For any questions or issues regarding your PUREBURG LW-04 Replacement Filter, please contact PUREBURG customer support. Your satisfaction is important to us.
