## ICO Bath V218

# ICO Bath V218 Volkano Magma Series 24" Towel Bar User Manual

Model: V218 | Brand: ICO Bath

## INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your ICO Bath V218 Volkano Magma Series 24" Towel Bar. The Magma series combines robust construction with traditional design, offering a functional and aesthetically pleasing addition to any bathroom.

## SAFETY INFORMATION

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in product damage or personal injury. Keep this manual for future reference.

- Ensure all mounting hardware is securely fastened to a stable surface.
- Do not overload the towel bar beyond its intended capacity.
- Keep small parts away from children to prevent choking hazards.
- Use appropriate safety gear (e.g., eye protection) during installation.

## PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 1x ICO Bath V218 Volkano Magma Series 24" Towel Bar
- Mounting Hardware (screws, anchors, mounting brackets)
- Installation Template (if included)

## TOOLS REQUIRED FOR INSTALLATION

- Pencil
- Measuring Tape
- Level
- Drill

- Drill Bits (appropriate size for anchors/screws)
- Screwdriver (Phillips head recommended)
- Hammer (for wall anchors, if applicable)

## SETUP AND INSTALLATION

---

Follow these steps for secure installation of your towel bar:

1. **Choose Location:** Select a suitable wall location, ensuring it is free of electrical wires or plumbing. The towel bar is 24 inches center to center.
2. **Mark Mounting Points:** Use the provided installation template (if applicable) or measure and mark the two mounting points on the wall. Ensure the marks are level and 24 inches apart.
3. **Drill Pilot Holes:** Drill pilot holes at the marked locations. The drill bit size should match the wall anchors provided.
4. **Insert Wall Anchors:** Gently tap the wall anchors into the pilot holes until they are flush with the wall surface.
5. **Attach Mounting Brackets:** Secure the mounting brackets to the wall using the screws provided, fastening them into the wall anchors.
6. **Mount Towel Bar:** Align the towel bar with the mounting brackets and secure it in place. Many towel bars use a small set screw on the underside of the base to tighten the bar onto the bracket.

## OPERATING INSTRUCTIONS

---

The ICO Bath V218 Towel Bar is designed for holding towels and other lightweight bathroom textiles. Simply drape your items over the bar. Ensure items are evenly distributed to prevent undue stress on the mounting points.

## MAINTENANCE

---

To maintain the finish and longevity of your towel bar:

- Clean regularly with a soft, damp cloth.
- Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the brushed nickel finish.
- Dry the surface immediately after cleaning to prevent water spots.
- Periodically check the mounting screws for tightness and re-tighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Towel bar feels loose after installation.	Mounting screws are not tight enough or wall anchors are not secure.	Re-tighten mounting screws. If anchors are loose, consider using larger anchors or relocating the bar to a more secure wall stud.
Scratches or discoloration on finish.	Use of abrasive cleaners or sharp objects.	Use only soft cloths and mild cleaners for maintenance. Damage from abrasive materials is typically permanent.
