SAFETY INFORMATION

- Ensure the power supply voltage matches the lamp's requirements before connecting.

- Do not disassemble or modify the lamp. Refer all servicing to qualified personnel.

- Keep the lamp away from water and high humidity environments.

- Avoid direct eye exposure to the LED light for extended periods.

- This lamp is designed for indoor use only.

- Always unplug the lamp from the power outlet before cleaning or performing any maintenance.

PACKAGE CONTENTS

Please check that all components are present and in good condition:

- LED Lamp Head with Flexible Gooseneck

- Upper Pole Section

- Middle Pole Section

- Lower Pole Section with Power Cord

- Weighted Base

- Remote Control (batteries not included)

- User Manual

SETUP AND ASSEMBLY

Assembly of the Outon LED Floor Lamp is quick and requires no tools. Follow these steps:

1. Carefully unpack all components from the packaging.

2. Screw the lower pole section into the weighted base by turning clockwise until secure. Ensure the power cord passes through the base without being pinched.

3. Connect the middle pole section to the lower pole section by screwing them together clockwise.

4. Connect the upper pole section (with the flexible gooseneck and lamp head) to the middle pole section by screwing them together clockwise.

5. Ensure all connections are tight and stable.

6. Plug the power adapter into a suitable wall outlet.

Power On/Off

- **Touch Control:** Short press the power button (**U**) on the lamp pole.
- **Remote Control:** Press the power button (**U**) on the remote.

Brightness Adjustment (Dimmable 10%-100%)

- **Touch Control:** Use the '+' and '-' buttons on the lamp pole to increase or decrease brightness.
- **Remote Control:** Use the brightness adjustment buttons on the remote.

Color Temperature Adjustment (4 Modes)

The lamp offers four color temperature modes: Warm (3000K), Warm White (4000K), Cool White (5000K), and Daylight (6000K).

- **Touch Control:** Press the 'M' button on the lamp pole to cycle through the color temperatures.
- **Remote Control:** Use the dedicated color temperature buttons on the remote.

FEATURES

- **Flexible Gooseneck:** The 360-degree rotating gooseneck allows you to precisely direct the light to your desired area, making it versatile for various tasks.

- **Stable and Safe Design:** An extra-large, weighted metal base ensures the lamp remains stable and upright, preventing accidental tipping. The slim design allows it to fit into narrow spaces.

- **Eye-Caring LED:** The 12W LED light source provides 1200 lumens of soft, anti-glare, flicker-free illumination, reducing eye strain during prolonged use.

- **Long Lifespan:** The integrated LED has a lifespan of over 50,000 hours, providing long-lasting, energy-efficient lighting.

360°Adjustable Gooseneck

Fully adjustable, directing light to whatever location in the room you please.

Image: A graphic icon indicating the lamp's eye-caring properties, designed to reduce visual fatigue.

Maintenance

- **Cleaning:** Disconnect the lamp from the power supply before cleaning. Use a soft, dry cloth to wipe the lamp's surface. Do not use abrasive cleaners or solvents.
- **LED Care:** The LED light source is integrated and designed for long-term use. It does not require replacement.
- **Remote Control Batteries:** Replace the remote control batteries when its range or responsiveness decreases. Refer to the remote for battery type (typically AAA).

Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply. Loose connection.	Ensure the power cord is securely plugged into a working outlet. Check all pole connections are tight.
Remote control not working.	Batteries are dead or incorrectly inserted. Remote is too far from the lamp. Obstruction between remote and lamp.	Replace batteries with new ones, ensuring correct polarity. Move closer to the lamp (within 15m). Remove any objects blocking the signal.
Light flickers or is unstable.	Unstable power supply. Loose internal wiring.	Try plugging the lamp into a different outlet. Contact customer support if the issue persists.
