Setup

1. **Unboxing:** Carefully remove the doll and all accessories from the packaging. Retain the packaging for future reference or disposal instructions.
2. **Initial Inspection:** Check the doll and accessories for any signs of damage.
3. **Hair Preparation:** The doll's blonde hair may be styled for packaging. Gently brush the hair with the included hairbrush to prepare it for styling.
4. **Accessory Familiarization:** Identify the bottle, hairbrush, elastic bands, hair clips, and hair strands.

Operating Instructions

The BABY born Big Sister Doll features 6 lifelike functions that operate without batteries.

1. Drinking Function

To allow the doll to drink, fill the included bottle with clean water. Insert the bottle into the doll's mouth and gently squeeze. The doll will consume the water.

2. Crying Real Tears

After the doll has consumed water, gently squeeze her upper body or head to make her cry real tears. Ensure the doll is in an upright position for best results.

3. Standing Independently

The doll's movable knees allow her to stand on her own. Adjust her legs and feet to a stable position on a flat surface.

6. Flexible Knees and Body

The doll's vinyl body and flexible knees allow for various poses and movements, enhancing interactive play. Her limbs can be adjusted to sit, stand, or pose in different ways.

Maintenance

- **Cleaning the Doll:** Wipe the doll's vinyl body with a damp cloth and mild soap if necessary. Rinse thoroughly and air dry.
- **Hair Care:** Regularly brush the doll's hair to prevent tangles. For stubborn tangles, use a small amount of water or a doll-specific detangling spray.
- **Draining Water:** After drinking or bathing, ensure all water is drained from the doll to prevent mold or mildew.
- **Storage:** Store the doll in a clean, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **Doll Not Drinking/Crying:** Ensure the bottle is properly inserted and squeezed. If the doll has not consumed enough water, she may not be able to cry tears.
- **Hair Tangles:** Gently detangle hair using the provided brush, starting from the ends and working upwards. A small amount of water can assist.
- **Stiffness in Joints:** The doll's joints are designed for flexibility. If they feel stiff, gently manipulate them to restore movement.
