Portal WF-8859

PORTAL POP Up Beach Tent Instruction Manual

Model: WF-8859
Brand: Portal

PRODUCT OVERVIEW

The Portal Instant Setup Sun Shelter is designed for quick and easy deployment, providing reliable protection from the sun and elements. It features a UV Guard of SPF 50+ for high UV protection and a ventilated design for comfort. This shelter is ideal for various outdoor activities, offering a spacious and protected area.

Figure 1: Fully assembled Portal POP Up Beach Tent.

KEY FEATURES

- **Instant Setup:** Umbrella-style mechanism for quick and effortless assembly.

- **UV Protection:** SPF 50+ UV Guard with 90% shading rate and 95% protection against UV rays.

- **Ventilation:** Mesh windows and a ventilated roof ensure airflow and comfort.

- **Portability:** Lightweight design and included carry bag with shoulder straps for easy transport and storage.
- **Versatile Use:** Suitable for beaches, camping, fishing, and other outdoor gatherings.
- **Durable Construction:** Made from sturdy polyester material with a fiberglass frame.

Setup Instructions

The Portal POP Up Beach Tent features an umbrella-style setup for rapid deployment.

1. **Unpack:** Remove the tent from its carry bag and lay it flat on a clear, open surface.
2. **Extend Legs:** Gently extend the folding legs outwards.
3. **Pop Up Mechanism:** Locate the central hub mechanism. Push down on the central hub until it locks into place, similar to opening an umbrella. This will raise the tent canopy.
4. **Secure:** Use the included tent stakes to secure the tent to the ground through the designated loops at the base. For

added stability, especially in windy conditions, utilize the guylines and stakes provided.

5. **Attach Walls (Optional):** If desired, attach the two removable polyester walls to the tent for additional shade or privacy.

OPERATING THE TENT

Once set up, the tent provides a comfortable and protected space for various activities.

- **Sun Protection:** Position the tent to maximize shade, utilizing the UPF 50+ canopy and optional side walls to block direct sunlight.
- **Ventilation:** The mesh windows and roof vent are designed to promote airflow. Ensure they are unobstructed for optimal cooling.
- **Storage:** Utilize the attachment hooks lining the center pole to hang lightweight items, keeping your space organized.

Figure 4: The tent provides a comfortable shaded area for outdoor activities.

MAINTENANCE

Proper maintenance will extend the life of your sun shelter.

- **Cleaning:** Clean the tent with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry completely before packing.
- **Drying:** Always ensure the tent is completely dry before storing to prevent mold and mildew.
- **Storage:** Store the tent in its original carry bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the fabric, poles, and stakes for any signs of wear or damage. Repair as needed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Tent not opening fully.	Central hub not locked into place.	Ensure the central hub is pushed down firmly until it clicks and locks.
Tent unstable in wind.	Not properly staked or guylines not used.	Always use all provided stakes and guylines. Re-position the tent to face less wind directly if possible.
Water pooling on roof.	Improper setup or heavy rain.	Ensure the tent is fully extended and taut. While water-resistant, this is a sun shelter, not a heavy-duty rain shelter. Seek alternative shelter in heavy rain.

SPECIFICATIONS

Attribute	Detail
Brand	Portal
Model Name	2-4 Person UPF50+ Beach Tent Sun Shelter
Model Number	WF-8859
Material	Polyester (Fabric), Fiberglass (Frame)
Color	Red/Grey
