## Maintenance

Proper care and maintenance will extend the life and appearance of your Devoko patio furniture set.

- **Cleaning the Frame:** Wipe the PE rattan and steel frame with a dry cloth. For more thorough cleaning, use a damp cloth with mild soap and water. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushions feature an easy-to-clean zipper design. Remove covers for spot cleaning or hand washing with mild detergent. Allow to air dry completely. Do not machine wash or tumble dry.
- **Weather Protection:** While the PE rattan is weather-resistant, covering the furniture during prolonged periods of harsh weather (heavy rain, snow, intense sun) or when not in use will help preserve its condition.
- **Glass Top Care:** Clean the tempered glass top with a glass cleaner and a soft cloth. Avoid placing extremely hot items directly on the glass without a coaster.

**All-weather Rattan**

**Thickened Cushion**

**Ergonomic Arm**

**Tempered Glass**

## Troubleshooting

If you encounter any issues during assembly or use, please refer to the following common solutions:

- **Difficulty Aligning Holes:** If screw holes do not align perfectly during assembly, try loosening all previously installed screws slightly. This provides more flexibility to adjust components. Once all screws are started, then tighten them fully.
- **Unstable Furniture:** Ensure all screws are tightened securely. Check that the furniture is placed on a level surface. Adjust leg levelers if available (not specified for this model, but a general tip).
- **Cushions Sliding:** If cushions tend to slide, consider adding non-slip pads underneath them (not included).

For persistent issues or concerns not addressed here, please contact Devoko customer support.
