Giantex GT-65978BK

Giantex 5-Drawer Mobile Storage Cabinet (Model GT-65978BK) User Manual

Model: GT-65978BK

PRODUCT OVERVIEW

The Giantex 5-Drawer Mobile Storage Cabinet is designed to provide efficient and organized storage for various items in your home or office. Featuring five smooth-gliding drawers and mobile casters, this cabinet offers both functionality and flexibility. Its robust construction ensures durability and stability for your belongings.

FEATURES

- **Five Pull-Out Drawers:** Provides ample storage space for documents, office supplies, and personal items.
- **Spacious Cabinet Top:** Offers additional surface area for display or frequently accessed items.
- **Mobile Casters:** Equipped with four universal casters, two of which are lockable, for easy movement and secure positioning.
- **Durable Construction:** Crafted with thickened engineered wood boards and a reinforced support bar for enhanced stability and longevity.
- **User-Friendly Design:** Features cut-out handles for comfortable grip and smooth metal slides for effortless drawer operation.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly.

- 1 x Giantex 5-Drawer Storage Cabinet
- 1 x User Guide (this document)
- All necessary assembly hardware (screws, dowels, drawer slides, casters)

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully. It is recommended to have a power drill with adjustable torque settings for easier assembly, especially for screws.

1. **Unpack and Identify Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to

prevent scratches. Refer to the included parts list to identify each component.

- 2. Attach Drawer Slides to Side Panels:** Secure the metal drawer slides to the cabinet's side panels using the provided screws. Ensure the slides are oriented correctly for smooth drawer operation. *Note: Some users have reported issues with provided screws for drawer slides. If drawers do not slide smoothly, consider using #4 x 1/2" wood screws for better fit and stability.*
- 3. Assemble Cabinet Frame:** Connect the top, bottom, and side panels of the cabinet using the provided hardware (dowels, cam locks, screws). Ensure all connections are tight and secure.
- 4. Assemble Drawers:** For each of the five drawers, assemble the front, back, and side panels. Insert the drawer bottom into the grooves. Attach the remaining parts of the metal drawer slides to the sides of each drawer.
- 5. Install Casters:** Attach the four universal casters to the bottom panel of the cabinet. Ensure the two lockable casters are positioned at the front for easy access.
- 6. Insert Drawers:** Carefully slide each assembled drawer into its corresponding slot in the cabinet frame. Test each drawer for smooth operation.

OPERATING INSTRUCTIONS

- **Opening/Closing Drawers:** Use the cut-out handles to gently pull or push the drawers. The metal slides are designed for smooth operation. Avoid forcing drawers if resistance is met.
- **Moving the Cabinet:** To move the cabinet, unlock the two front casters by flipping their levers. Gently push the cabinet to its desired location.
- **Securing the Cabinet:** Once the cabinet is in position, lock the two front casters by flipping their levers back. This will prevent unintended movement.

4 Universal Casters (2 with Brakes)

MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Stability:** Ensure the cabinet remains stable, especially when loaded. Distribute weight evenly across drawers.

- **Movement:** Be cautious when moving the cabinet, especially over uneven surfaces, to prevent damage or tipping.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

TROUBLESHOOTING

- **Drawers Not Sliding Smoothly:**
 - Check that the drawer slides are correctly aligned and securely attached to both the cabinet frame and the drawers.
 - Ensure no debris is obstructing the slide mechanism.
 - Verify that all screws holding the slides are flush and not protruding, which can cause friction.
- **Cabinet Wobbles:**
 - Confirm all assembly hardware is fully tightened.
 - Ensure the cabinet is placed on a level surface.
- **Casters Not Rolling/Locking:**
 - Check for any obstructions around the caster wheels.
 - Ensure the locking mechanism is fully engaged or disengaged as intended.

SPECIFICATIONS

Brand	Giantex
Model Number	GT-65978BK
Product Dimensions (L x W x H)	19.5" x 16" x 25.5"
Interior Drawer Size (L x W x H)	16.5" x 13.5" x 3"
