

## FORGING MOUNT FM9388-B-UK

# FORGING MOUNT TV Wall Mount Instruction Manual

Model: FM9388-B-UK

## INTRODUCTION

---

Thank you for choosing the FORGING MOUNT TV Wall Mount with Extra Long Articulated Arm 1090mm. This manual provides detailed instructions for safe installation, operation, and maintenance of your new TV mount. Please read this manual thoroughly before installation and keep it for future reference. Proper installation is crucial for the safety and stability of your television.

### Important Safety Information

- **Weight Capacity:** Do not exceed the maximum load capacity of 50 kg (110 lbs).
- **Wall Type:** This mount is designed for installation on concrete walls, brick walls, or wood studs (12-16 inches). **DO NOT INSTALL ON DRYWALL ONLY.**
- **Professional Installation:** If you are unsure about the installation process, consult a qualified professional.
- **Children:** Keep children away from the installation area during setup.
- **Tools:** Use appropriate tools and wear safety gear during installation.

## COMPATIBILITY

---

This TV wall mount is compatible with most flat or curved LCD/LED/OLED televisions ranging from 37 to 80 inches. Ensure your TV meets the following criteria:

- **TV Size:** 37 - 80 inches
- **Weight Capacity:** Up to 50 kg (110 lbs)
- **VESA Patterns:** Compatible with VESA patterns from 100x100 mm up to 600x400 mm. Common VESA patterns include: 600x400mm, 600x300mm, 600x200mm, 400x400mm, 400x200mm, 300x300mm, 300x200mm, 200x200mm, 200x100mm, 100x100mm.

## Porta il televisore più vicino a te

Si ritrae: **4" (100mm)**

**Wide Compatibility:** This mount supports 3 wall types (concrete, wood studs, brick) and various VESA patterns. Maximum load capacity is 50 kg (110 lbs). **Important: Do not mount on drywall only.**

## Semplificare il processo di perforazione con un modello pratico

1. Montare la piastra a parete 2. Fissare le staffe 3. Appendere il televisore

**Mount Suitability:** Verify your TV's weight (max 50kg), size (37-80"), VESA pattern (100x100mm to 600x400mm), and wall type (16" stud, concrete, brick). Ensure cable outlets are not blocked.

## SETUP AND INSTALLATION INSTRUCTIONS

Follow these steps carefully to install your FORGING MOUNT TV wall mount. It is recommended to have at least two people for installation.

### Tools Required (Not Included):

- Pencil
- Drill
- Stud Finder (for wood stud installation)
- Socket Wrench
- Phillips Head Screwdriver

### Installation Steps:

1. **Prepare the Wall:** Use the provided drilling template to mark the desired mounting height and hole positions on your wall. For wood studs, locate the center of the studs. For concrete or brick walls, ensure you use appropriate anchors (included).

2. **Mount the Wall Plate:** Securely attach the wall plate to the marked positions using the appropriate screws and anchors for your wall type. Ensure the wall plate is level using a spirit level.
3. **Attach TV Brackets:** Attach the vertical TV brackets to the back of your television using the screws and spacers that fit your TV's VESA pattern. Ensure the brackets are centered and securely fastened.
4. **Hang the TV:** Carefully lift the television with the attached brackets and hook them onto the wall plate. Ensure the TV is securely seated on the mount.
5. **Secure the TV:** Use the safety screws or locking mechanisms on the TV brackets to prevent the TV from accidentally lifting off the wall plate.

**Simplified Drilling Process:** Use the template to mark holes, mount the wall plate, attach the TV brackets, and then hang the TV.

## OPERATING INSTRUCTIONS

The FORGING MOUNT TV wall mount offers full motion capabilities for optimal viewing angles.

### Adjusting the TV Position:

- **Extension and Retraction:** The articulated arm allows the TV to extend up to 1090 mm (43 inches) from the wall and retract to a minimum distance of 100 mm (4 inches). Gently pull or push the TV to achieve the desired distance.
- **Swivel:** The mount can swivel up to 180 degrees, allowing you to turn the TV left or right for viewing from different areas of the room.
- **Tilt:** Adjust the vertical viewing angle by tilting the TV +5 degrees upwards or -10 degrees downwards to reduce glare and optimize viewing comfort.
- **Leveling:** After installation, you can fine-tune the horizontal level of the TV by rotating it  $\pm 3$  degrees to ensure a perfectly straight display.

Regola il televisore per ottenere l'angolo di visione migliore

Girevole: **180°**

**Extended Reach:** The mount extends up to 43 inches (109 cm) and retracts to 4 inches (10 cm), with tilt angles of +5° to -10°.

Riduzione dell'abbagliamento

Inclinazione: **+5°/-10°**

**Wide Swivel Range:** The long arm allows for a 180° rotation, providing flexible viewing angles.

Perfetto per il livellamento: **±3°**

**±3°**

**±3°**

**Glare Reduction:** Tilt the TV +5° to -10° to minimize glare and achieve optimal viewing.

## Braccio resistente con dettagli ingegnosi

**Perfect Leveling:** Fine-tune the TV's horizontal position with a  $\pm 3^\circ$  leveling adjustment after installation.

### Cable Management:

Utilize the integrated cable management clips on the arm to route and organize your TV cables, ensuring a neat and tidy appearance.

**Durable Arm with Ingenious Details:** Features include a robust swivel arm, a built-in 3-axis bubble level for easy installation, a smooth tilt design, and convenient cable management.

## MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your TV wall mount.

- **Cleaning:** Wipe the mount with a soft, dry cloth to remove dust. Avoid abrasive cleaners or solvents.
- **Periodic Checks:** Periodically check all screws and bolts to ensure they are tight and secure. Over time, vibrations or adjustments can cause fasteners to loosen.
- **Lubrication:** If the arm movement becomes stiff, a small amount of silicone-based lubricant can be applied to the joints.

## TROUBLESHOOTING

If you encounter any issues with your TV wall mount, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
TV is not level after installation.	Minor misalignment during installation.	Use the post-installation leveling feature ( $\pm 3^\circ$ rotation) to adjust the TV horizontally.
Mount feels loose or unstable.	Screws or bolts are not fully tightened; incorrect wall anchors used.	Immediately remove the TV. Re-check all mounting screws and wall anchors. Ensure correct anchors are used for your wall type. If using wood studs, ensure screws are driven into the center of the studs.

Problem	Possible Cause	Solution
Arm movement is stiff or difficult.	Joints may require lubrication or are overtightened.	Apply a small amount of silicone-based lubricant to the moving joints. Check if any bolts are overtightened and slightly loosen them if necessary, ensuring the mount remains secure.
Missing parts or damaged components.	Packaging error or shipping damage.	Do not proceed with installation. Contact FORGING MOUNT customer service immediately for assistance.

## SPECIFICATIONS

---

Detailed technical specifications for the FORGING MOUNT TV Wall Mount FM9388-B-UK.

Feature	Detail
Model Number	FM9388-B-UK
Compatible TV Sizes	37 - 80 inches
Maximum Load Capacity	50 kg (110 lbs)
VESA Compatibility	100x100 mm to 600x400 mm
Extension Range	100 mm (4 inches) to 1090 mm (43 inches)
