## PACKAGE CONTENTS

Please check the package for the following items:

- 1 x iHip Mini Bluetooth Wireless Speaker (Panda Model)
- 1 x Micro USB Charging Cable
- 1 x Instruction Manual
- 1 x Black Lanyard

## PRODUCT OVERVIEW

The iHip Mini Bluetooth Wireless Speaker is designed for portability and ease of use. Key features include:

- **Compact Design:** Small and lightweight, ideal for travel.
- **Wireless Connectivity:** Bluetooth 4.2+EDR for stable connection up to 33 feet.
- **Audio Output:** 2W speaker output with a 3W audio driver for robust sound.

- **Rechargeable Battery:** Built-in 250mAh battery provides approximately 1 hour of playtime.
- **Remote Shutter Function:** Use the speaker button to remotely trigger your smartphone camera.

Image: A person holding a small speaker in their hand, demonstrating the compact and portable nature of the device.

## SETUP

### 1. Initial Charging

1. Locate the Micro USB charging port on your speaker.
2. Connect the provided Micro USB cable to the speaker's charging port.
3. Connect the other end of the USB cable to a USB power source (e.g., computer USB port, USB wall adapter).
4. The charging indicator light will illuminate (color may vary, refer to speaker for specific indication).
5. Allow 1-2 hours for a full charge. The indicator light will typically change or turn off once charging is complete.

**Note:** For optimal battery life, fully charge the speaker before first use.

## OPERATING INSTRUCTIONS

## 1. Powering On/Off

- **To Power On:** Press and hold the power button (usually located on the bottom or back of the speaker) for a few seconds until you hear an audible "Power On" prompt and the LED indicator light flashes.
- **To Power Off:** Press and hold the power button again for a few seconds until you hear an audible "Power Off" prompt and the LED indicator light turns off.

## 2. Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (the LED indicator light will typically flash rapidly).
2. On your smartphone, tablet, or laptop, go to the Bluetooth settings.
3. Enable Bluetooth and search for available devices.
4. Select "iHip Speaker" or a similar name from the list of devices.
5. Once paired, you will hear a confirmation tone or voice prompt, and the LED indicator light will typically stop flashing and remain solid.
6. Your speaker is now ready to play audio wirelessly.

*Note: The speaker will automatically attempt to reconnect to the last paired device when powered on.*

## 3. Remote Shutter Function

After successfully pairing your speaker with your smartphone:

- Open your smartphone's camera application.
- Press the main button on the iHip Mini Bluetooth Speaker once to remotely trigger your phone's camera shutter.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the speaker. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The speaker is water resistant, meaning it can withstand splashes or light rain. Do not submerge the speaker in water or expose it to heavy rain. Ensure the charging port cover (if present) is securely closed.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the speaker regularly, even if not in use for extended periods.

## TROUBLESHOOTING

Problem	Possible Solution
Speaker does not power on.	Ensure the speaker is fully charged. Connect it to a power source using the Micro USB cable.
Cannot pair with Bluetooth device.	<ul style="list-style-type: none"><li>◦ Ensure the speaker is in pairing mode (flashing LED).</li><li>◦ Make sure Bluetooth is enabled on your device.</li><li>◦ Move the speaker closer to your device (within 33 feet).</li><li>◦ Turn off and on both the speaker and your device's Bluetooth.</li><li>◦ Forget the device from your phone's Bluetooth list and try pairing again.</li></ul>

Problem	Possible Solution
No sound or low volume.	<ul style="list-style-type: none"> <li>Increase the volume on both the speaker and your connected device.</li> <li>Ensure the speaker is properly paired and connected.</li> <li>Check if the audio source on your device is playing.</li> </ul>
Remote shutter function not working.	<ul style="list-style-type: none"> <li>Ensure the speaker is paired with your smartphone.</li> <li>Open your phone's native camera app before pressing the speaker button.</li> <li>Some third-party camera apps may not support this feature.</li> </ul>
