## Cogo 4543

# Cogo 4543 Merry Go Round Building Blocks Instruction Manual

Model: **4543** | Brand: **Cogo**

## INTRODUCTION

---

This instruction manual provides detailed guidance for assembling, operating, and maintaining your Cogo 4543 Merry Go Round Building Blocks set. This set contains 266 pieces designed to construct a fun and interactive merry-go-round toy, complete with mini-figures. Please read all instructions carefully before beginning assembly.

## SAFETY INFORMATION

---

**WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.**

This product contains small parts which may pose a choking hazard to young children. Adult supervision is recommended during assembly and play, especially for children under the recommended age of 6 years. Ensure all pieces are kept away from infants and toddlers.

## PACKAGE CONTENTS

---

Before starting assembly, please verify that all components are present. The Cogo 4543 set includes:

- 266 assorted plastic building block pieces.
- Several mini-figures.
- Instruction booklet (this document).

If any pieces are missing or damaged, please contact Cogo customer support.

## ASSEMBLY INSTRUCTIONS

---

Follow these steps to assemble your Cogo 4543 Merry Go Round. Refer to the image below for a visual representation of the completed model.

Image: The Cogo 4543 Merry Go Round Building Blocks set box, displaying the fully assembled merry-go-round with swinging seats, a small purple convertible car, and various mini-figures. This image provides an overview of the final product and its components.

1. **Step 1: Prepare the Base.** Begin by constructing the main circular base of the merry-go-round using the larger flat pieces. Ensure the base is stable and level.
2. **Step 2: Build the Central Pillar.** Assemble the central pillar that will support the rotating canopy. Connect the pillar securely to the center of the base.
3. **Step 3: Attach the Rotating Mechanism.** Integrate the rotating mechanism (if applicable) and the upper canopy support structure to the top of the central pillar.
4. **Step 4: Construct the Seats.** Assemble the individual swinging seats. Each seat typically consists of a base, backrest, and attachment points.
5. **Step 5: Connect the Seats to the Canopy.** Attach the assembled seats to the rotating canopy structure using the designated connectors, ensuring they can swing freely.
6. **Step 6: Add Decorative Elements.** Place any decorative pieces, such as flags, lights, or patterns, onto the merry-go-round structure.
7. **Step 7: Assemble Mini-Figures and Accessories.** Put together the mini-figures and any additional accessories, such as the small car shown on the box.

- Step 8: Final Check.** Verify that all connections are secure and that the merry-go-round rotates smoothly and the seats swing correctly.

## OPERATING INSTRUCTIONS

---

Once assembled, the Cogo 4543 Merry Go Round is ready for play:

- Place the mini-figures into the swinging seats of the merry-go-round.
- Gently spin the top of the merry-go-round to make it rotate. The seats will swing as it spins.
- Use the mini-figures and the small car to create imaginative play scenarios.

Encourage creative storytelling and role-playing with the assembled set.

## MAINTENANCE

---

To ensure the longevity and cleanliness of your Cogo 4543 Building Blocks set:

- **Cleaning:** Wipe the blocks with a soft, damp cloth. For deeper cleaning, use mild soap and water, then rinse thoroughly and air dry. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the blocks in a clean, dry place away from direct sunlight and extreme temperatures to prevent warping or discoloration.
- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Replace any broken parts to maintain safety and playability.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or play, consider the following:

- **Pieces not fitting:** Ensure you are using the correct pieces as indicated in the instructions. Sometimes, similar-looking pieces have subtle differences. Apply gentle, even pressure when connecting blocks.
- **Structure unstable:** Double-check all connections, especially the base and central pillar. Loose connections can lead to instability.
- **Merry-go-round not spinning smoothly:** Ensure there are no obstructions in the rotating mechanism. Check that all parts are correctly aligned and not rubbing against each other.
- **Missing pieces:** Refer to the package contents list. If a piece is genuinely missing, contact Cogo customer support for assistance.

## SPECIFICATIONS

---

<b>Feature</b>	<b>Detail</b>
Model Number	4543
Brand	Cogo
Number of Pieces	266
Material	Plastic
Recommended Age	6 years and up
Special Features	Non Toxic
Package Dimensions	67.8 x 21 x 7.4 cm
