

EUHOMY PAC006-12KWG-USZX

EUHOMY 11,000 BTU Portable Air Conditioner User Manual

Model: PAC006-12KWG-USZX

1. INTRODUCTION

Thank you for choosing the EUHOMY 11,000 BTU Portable Air Conditioner. This appliance is designed to provide efficient cooling, heating, dehumidification, and fan functions for your indoor spaces. Please read this manual thoroughly before installation and operation to ensure proper use, maintenance, and safety. Keep this manual for future reference.

2. IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury. This appliance is for indoor use only. Do not operate with a damaged cord or plug. Ensure proper grounding. Keep children and pets away from the unit. Do not block air outlets. Refer to the full safety guidelines in the printed manual for comprehensive details.

3. PRODUCT OVERVIEW

The EUHOMY Portable Air Conditioner is a versatile 4-in-1 unit offering Cooling, Heating, Dehumidifier, and Fan modes. It features a user-friendly control panel, remote control, and a self-evaporation system for convenience.

Key Features:

- **11,000 BTU Cooling Capacity:** Provides stable, fast, and efficient cooling for areas up to 550 sq.ft.
- **4-in-1 Functionality:** Cool, Heat, Dry (Dehumidifier), and Fan modes.
- **Quiet Operation:** Lowest noise level of 46dB in sleep mode.
- **Adjustable Fan Speeds:** Low, Medium, High.
- **Auto Swing Function:** For optimal air distribution.
- **24-Hour Timer:** For energy saving and scheduled operation.
- **Child Lock Function:** Prevents accidental operation.
- **Self-Evaporation System:** Reduces drainage frequency.
- **Washable Filter:** For easy maintenance.

Components:

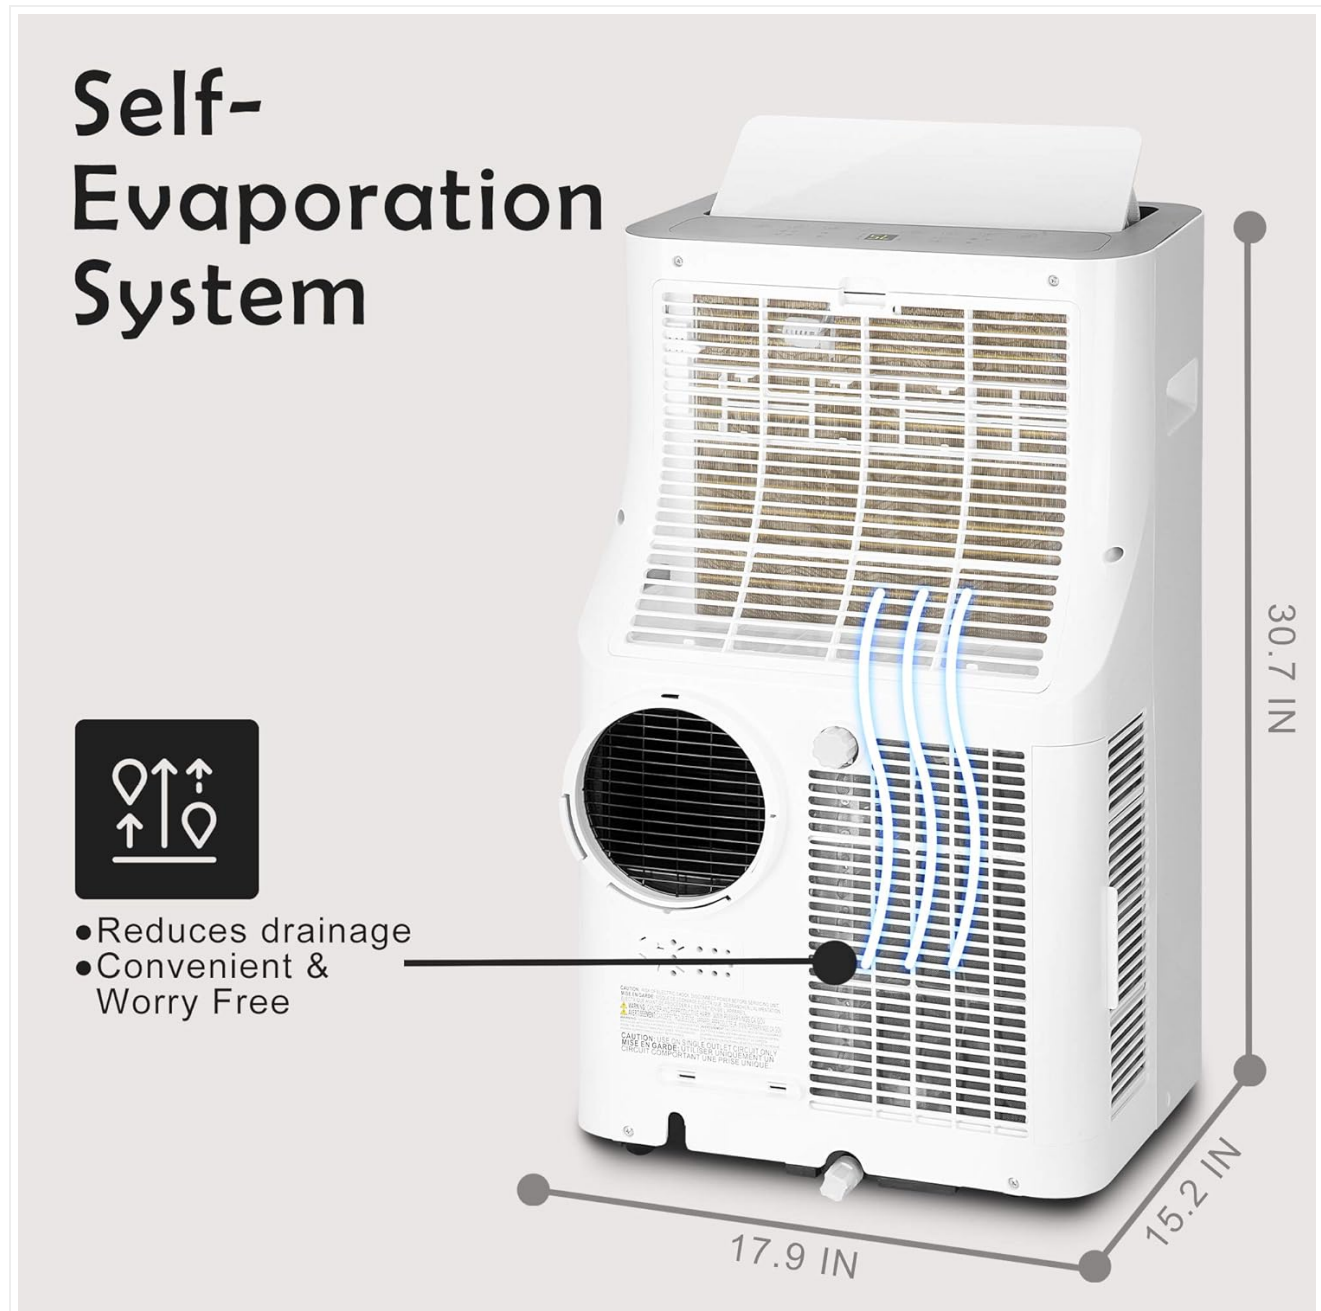

Figure 2: Product Accessories including exhaust hose, window kit, remote control, drainage pipe, and foam seals.

- Control Panel
- Handles (both sides)
- Castors (wheels)
- Deflector

- Remote Control Receiver
- Intake Grille
- Middle Drainage Port
- Air Outlet Grille
- Plug Fixer
- Condenser Drain
- Power Cable
- Exhaust Hose
- Adjustable Window Kit
- Hose Connectors
- Drainage Hose
- Foam Seals
- Screws for Window Kit

4. SETUP & INSTALLATION

Proper installation is crucial for the efficient operation of your portable air conditioner. Follow these steps carefully:

1. **Connect the Exhaust Hose:** Connect one end of the exhaust hose to the window kit adapter and the other end to the hose connector.
2. **Attach to Unit:** Attach the hose connector to the exhaust air outlet unit on the back of the air conditioner.
3. **Prepare Window Kit:** Stick the provided foam sealing strips on both sides of the window kit to fill any gaps.
4. **Install Window Kit:** Extend the adjustable window kit to the length of your window opening. Close the window to secure the kit in place and fasten with screws.
5. **Connect Hose to Window:** Connect the exhaust hose to the exhaust port on the window kit.
6. **Position the Unit:** Place the unit on a flat, stable surface, ensuring there is at least 20 inches (50 cm) of space around the unit for proper airflow.

5. OPERATING INSTRUCTIONS

Your EUHOMY Portable Air Conditioner can be operated using the control panel on the unit or the included remote control.

Control Panel & Remote:

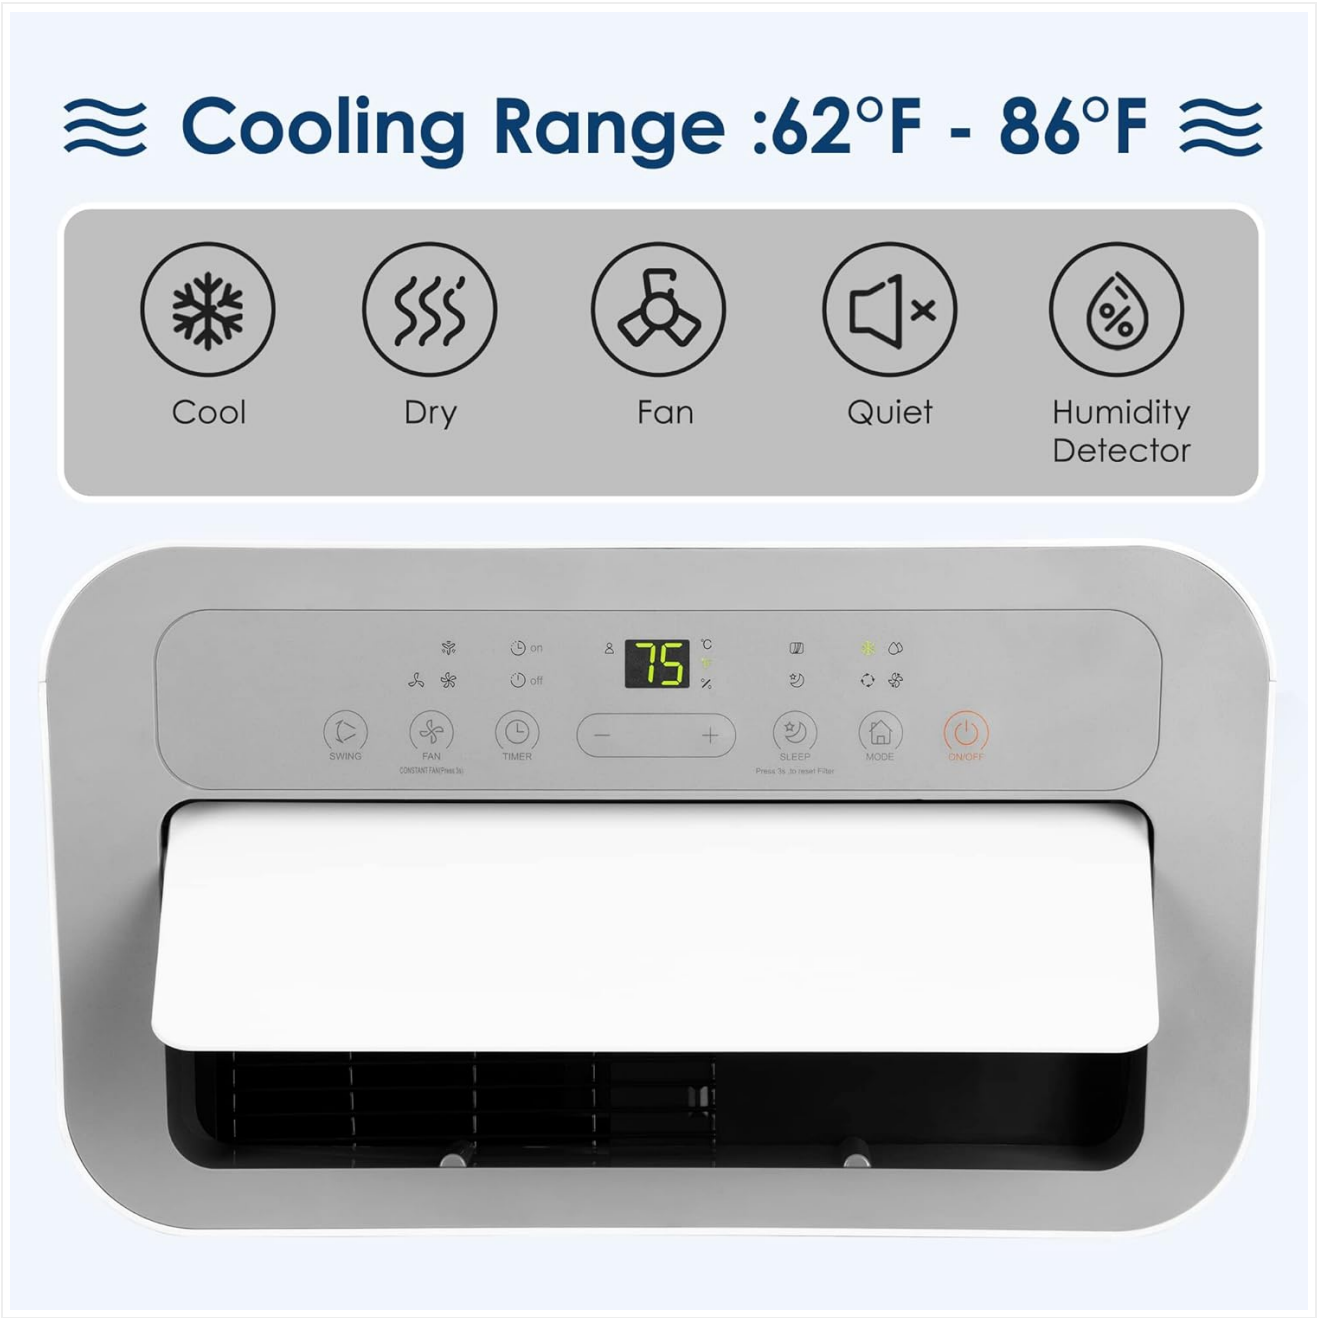

Figure 4: Control panel with temperature display and mode indicators.

Figure 5: Remote control for convenient operation.

Operating Modes:

- **Cool Mode:** Press the 'Mode' button until the snowflake icon appears. Adjust the temperature using the '+' and '-' buttons (61°F-88°F / 16°C-31°C).
- **Heat Mode:** Press the 'Mode' button until the sun icon appears. Adjust the temperature as needed.
- **Fan Mode:** Press the 'Mode' button until the fan icon appears. Select fan speed (Low, Medium, High) using the fan speed button.
- **Dry (Dehumidifier) Mode:** Press the 'Mode' button until the water drop icon appears. The unit will automatically remove up to 76 pints of moisture per day. Connect the drainage hose for continuous drainage.
- **Sleep Mode:** Activates quiet operation (46dB) and dims the display for undisturbed sleep. Press the 'Sleep' button.
- **Timer Function:** Set the unit to automatically turn on or off within a 24-hour period.
- **Auto Swing:** Press the 'Swing' button to activate the automatic louver movement for wider air distribution.
- **Turbo Mode:** For enhanced cooling or heating performance.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your air conditioner.

Cleaning the Air Filter:

The air filter should be cleaned every two weeks or more frequently depending on usage. A dirty filter can reduce efficiency.

1. Turn off and unplug the unit.
2. Remove the filter from the back of the unit.
3. Wash the filter with warm, soapy water. Rinse thoroughly.
4. Allow the filter to air dry completely before reinstalling.

Figure 6: Washable air filter for easy cleaning.

Draining Water:

The unit features a self-evaporation system, but in high humidity conditions or when using dehumidifier mode, manual drainage may be required. The unit has two drainage holes (bottom and middle).

1. Turn off and unplug the unit.
2. Place a shallow pan or bucket under the drainage port.
3. Remove the drain plug.
4. Allow all water to drain completely.
5. Replace the drain plug securely.

7. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions before contacting customer service.

Problem	Possible Cause	Solution
Unit does not turn on	No power; Power cord not plugged in; Circuit breaker tripped.	Ensure unit is plugged in; Check power outlet; Reset circuit breaker.
Unit does not cool/heat effectively	Dirty air filter; Room too large; Doors/windows open; Exhaust hose not properly installed.	Clean air filter; Ensure room size is within specifications; Close all doors/windows; Check exhaust hose installation.
Water leakage	Drain plug loose; Unit not level; Excessive humidity.	Secure drain plug; Place unit on a level surface; Drain water manually if necessary.

Problem	Possible Cause	Solution
Unit is noisy	Unit not on a level surface; Obstruction in fan.	Place unit on a level surface; Check for and remove any obstructions.

8. SPECIFICATIONS

Feature	Detail
Model Number	PAC006-12KWG-USZX
Cooling Power	11,000 BTU
Heating Power	10,500 BTU (from A+ content image)
Coverage Area	Up to 550 sq.ft
Voltage	115 Volts
Noise Level (Sleep Mode)	46 dB
Dehumidification Capacity	76 Pints/Day
Product Dimensions (D x W x H)	14.05" x 16.5" x 27.09"
Item Weight	56.8 pounds
Installation Method	Window

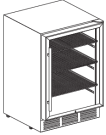

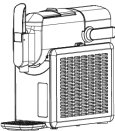

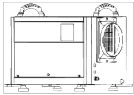

9. WARRANTY AND SUPPORT

This EUHOMY Portable Air Conditioner comes with a **one-year manufacturer's warranty**. For any product inquiries, technical assistance, or warranty claims, please contact EUHOMY customer service. They offer 24-hour customer service to assist you.
