

## ABCCANOPY JS-04-10B straight with netting white

# ABCCANOPY Pop-Up Canopy Tent User Manual

Model: JS-04-10B straight with netting white

## 1. INTRODUCTION

Thank you for choosing the ABCCANOPY Outdoor Easy Pop-Up Canopy Tent with Netting Wall. This manual provides essential information for the safe and effective use, setup, and maintenance of your canopy tent. Designed for convenience and durability, this 10x10 canopy offers ample shade and protection for various outdoor activities.

## 2. SAFETY INFORMATION

---

### **Important Safety Warning:**

This product should not be left outside in wild weather, especially stormy weather. Remove the top from the frame and store it in the storage bag after drying. Note that this canopy is not water-resistant. Users should also take precautions against UV exposure, as the top has UPF 50+ protection.

Always ensure the canopy is properly secured with sandbags and fixed ropes, especially in windy conditions, to prevent shaking or collapse.

## 3. PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly:

- 1x Wheeled Carrying Bag & Frame
- 1x Canopy Top
- 4x Sand Bags
- 4x Ropes
- 8x Stakes

## 4. SETUP INSTRUCTIONS

The ABCCANOPY pop-up canopy is designed for easy setup, often achievable by one person in under a minute. Follow these steps for quick assembly:

1. **Unpack the Frame:** Remove the wheeled carrying bag and frame from the packaging. Place the frame in the desired setup location.
2. **Expand the Frame:** With a partner or by yourself, gently pull the outer legs of the frame outwards until it begins to expand.
3. **Attach the Canopy Top:** Drape the canopy top over the expanded frame. Ensure the corners align with the frame's legs. Secure the canopy top to the frame using the multiple Velcro straps designed inside the top cloth for effective fixing.
4. **Extend the Legs:** Press the red button on each leg to unlock and extend the legs to your desired height. Ensure all legs are fully extended and locked into place for stability.

5. **Attach Mesh Sidewalls (Optional):** If using the mesh sidewalls, attach them to the canopy frame using the integrated zippers. These provide privacy and protection from insects.
6. **Secure the Canopy:** Fill the provided sandbags with sand or other suitable material and attach them to the canopy legs. Use the ropes and stakes to further secure the canopy to the ground, especially in windy conditions. This is crucial for stability and safety.

## 5. OPERATING YOUR CANOPY TENT

---

Your ABCCANOPY tent is designed for versatile use in various outdoor settings:

- **Shade and Protection:** The 10x10 instant canopy provides 100 square feet of shade, comfortably accommodating 6-8 people. The top features an upgraded silver coating inside, blocking 99.99% of the sun's harmful UV rays.
- **Private & Comfortable Space:** The four removable zippered mesh sidewalls offer protection from sun and rain, enhance privacy, and allow for fresh airflow while keeping out insects.
- **Portability:** When not in use, the canopy can be easily folded and stored in its 600x300D wheeled carrying bag, fitting into most car trunks for convenient transport.

# Features

## Uniqueness And Specific Details

Zipper for easy opening and closing the netting wall, enclosing the netting walls for keeping out the bugs, flyings.

**1.** Strength and Thicken Rust-proof Leg

**2.** Silver Coating for UV Protection

**2.** Durable Water Resistance Fabric

## 6. MAINTENANCE

Proper maintenance will extend the life of your canopy tent:

- **Cleaning:** Clean the canopy fabric with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry completely before storage.
- **Drying Before Storage:** Always ensure the canopy top and frame are completely dry before folding and storing them in the carrying bag. This prevents mold, mildew, and rust.
- **Frame Care:** The high-grade steel frame is powder-coated to prevent chipping, peeling, rust, and corrosion. Periodically inspect the frame for any signs of damage or wear.
- **Storage:** Store the canopy in its wheeled carrying bag in a cool, dry place away from direct sunlight when not in use.

## 7. TROUBLESHOOTING

If you encounter issues with your canopy tent, refer to the following common solutions:

Problem	Possible Cause	Solution
Canopy shaking in wind	Insufficient anchoring.	Ensure sandbags are filled and attached, and ropes are securely staked to the ground. Do not use in strong winds without proper anchoring.
Water leakage from top	Canopy is not fully waterproof; heavy rain.	The canopy is designed to prevent leakage in rainy days due to its sloped surface, but it is not fully water-resistant. Avoid leaving it out in heavy or prolonged rain.
Difficulty expanding/collapsing frame	Legs not properly aligned or locked.	Ensure all locking mechanisms are disengaged before collapsing and fully engaged when expanding. Apply even pressure.

## 8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	ABCCANOPY
Model Number	JS-04-10B straight with netting white
Product Dimensions	120 x 120 x 111.6 inches (10x10 ft base)
