### i-tec C31METAL25LAN

# i-tec USB-C Metal 2.5Gbps Ethernet Adapter User Manual

MODEL: C31METAL25LAN

Brand: i-tec

## 1. INTRODUCTION

This manual provides instructions for the i-tec USB-C Metal 2.5Gbps Ethernet Adapter, model C31METAL25LAN. This device allows you to connect your USB-C enabled computer or tablet to a wired network, providing high-speed Ethernet connectivity up to 2.5 Gigabit per second (2.5Gbps).

The adapter is designed for reliable and stable network performance, offering a robust solution for devices without a built-in Ethernet port or for upgrading existing network speeds.

A silver i-tec USB-C to 2.5Gbps Ethernet Adapter with a black cable and USB-C connector.

## 2. SYSTEM REQUIREMENTS

- Device with an available USB-C port.
- Operating System: Compatible with Windows, macOS, Linux, and Chrome OS.
- Ethernet cable (RJ-45) for network connection.

mit USB-C port

An image showing the i-tec USB-C Ethernet Adapter is compatible with various notebooks and tablets featuring a USB-C port, including Windows, macOS, Linux, and Chrome OS devices.

## 3. SETUP AND INSTALLATION

The i-tec USB-C 2.5Gbps Ethernet Adapter is designed for plug-and-play functionality, requiring no additional driver installation on most modern operating systems.

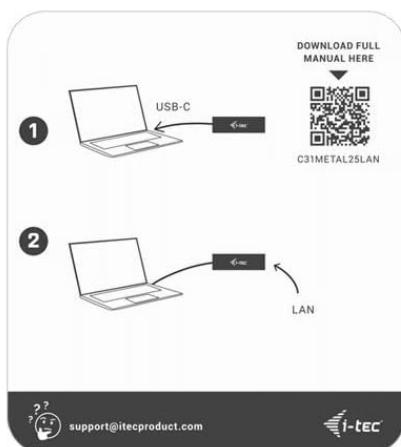

### Installation Steps:

1. Connect the USB-C connector of the adapter to an available USB-C port on your computer or tablet.
2. Connect an Ethernet cable (RJ-45) from your router, modem, or network switch to the RJ-45 port on the i-tec adapter.
3. The operating system should automatically detect and install the necessary drivers. A network connection should be established shortly.

**STABIL UND  
ROBUST**

A laptop with the i-tec USB-C Ethernet Adapter connected, highlighting its simple plug-and-play installation.

A diagram illustrating the connection of the i-tec USB-C 3.1 adapter to a router and a laptop, showing its RJ-45 Ethernet port and supported speeds (10/100/1000/2500 Mbps).

## 4. OPERATION

Once connected, the adapter provides a stable wired network connection. The LED indicators on the adapter typically show network activity and connection status.

- **Link/Activity LED:** Indicates a successful network link and flashes during data transfer.
- **Speed LED:** May indicate the current connection speed (e.g., different colors for 1Gbps vs. 2.5Gbps, refer to specific product documentation if available).

The adapter supports speeds of 10/100/1000/2500 Mbps, automatically negotiating the highest possible speed with your network equipment.

## 5. CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your i-tec USB-C Ethernet Adapter, follow these guidelines:

- Keep the adapter clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the adapter to extreme temperatures, humidity, or direct sunlight.
- Do not attempt to disassemble or repair the adapter yourself. This may void the warranty.
- Handle the adapter and its cable gently to prevent damage to the connectors.

The metal casing provides enhanced durability and protection for the internal components.

## 6. TROUBLESHOOTING

If you encounter issues with your i-tec USB-C Ethernet Adapter, please refer to the following common solutions:

- **No Network Connection:**

- Ensure the USB-C connector is fully inserted into your device.
- Verify that the Ethernet cable is securely connected to both the adapter and your network device (router/modem).
- Check if your network router/modem is powered on and functioning correctly.
- Try connecting the adapter to a different USB-C port on your device.
- Restart your computer and network equipment.

- **Slow Network Speed:**

- Ensure your Ethernet cable is rated for Gigabit or 2.5 Gigabit speeds (e.g., Cat5e or Cat6).
- Verify that your network router/switch supports 2.5Gbps or Gigabit Ethernet.
- Check for any background applications consuming significant bandwidth.
- Update your operating system and USB-C port drivers.

- **Adapter Not Recognized:**

- Ensure your device's USB-C port is fully functional.
- Try connecting the adapter to another computer to determine if the issue is with the adapter or the host device.
- Check your device's Device Manager (Windows) or System Information (macOS) to see if the adapter is listed.

## 7. SPECIFICATIONS

Feature	Detail
Product Dimensions	2.4 x 0.91 x 0.67 inches
Item Weight	1.23 ounces
Model Number	C31METAL25LAN
Connector Type	RJ45, USB Type C
Ethernet Speeds	10/100/1000/2500 Mbps
Compatible Devices	Desktop, Notebooks, Tablets with USB-C port
Manufacturer	I-TEC
ASIN	B08XW9PDXP

## 8. WARRANTY AND SUPPORT

i-tec products are covered by a manufacturer's warranty. Please refer to the specific warranty terms provided with your purchase or on the official i-tec website for details regarding coverage and duration.

For technical support, driver downloads, or further assistance, please contact i-tec support:

- **Email:** [support@itecproduct.com](mailto:support@itecproduct.com)
- **Website:** Visit the official i-tec website for product information and support resources.
