1 Hora GAR148N

1 Hora Power Bank 10000mAh User Manual

Model: GAR148N

1. INTRODUCTION

Thank you for choosing the 1 Hora 10000mAh Power Bank. This portable charger is designed for convenience and efficiency, featuring four built-in cables (USB input, Micro USB, IP, and Type C output) for universal compatibility. Its compact design, integrated LED flashlight, and digital display make it an ideal companion for charging your devices on the go. This manual provides essential information for safe and effective use of your power bank.

3. PACKAGE CONTENTS

The product package includes the following items:

- 1 x 10000 mAh Power Bank
- 1 x User Manual

4. SETUP

4.1 Initial Charging of the Power Bank

Before first use, fully charge your 1 Hora Power Bank. Connect the integrated USB input cable to a compatible USB wall adapter (not included) or a computer's USB port. The digital display will show the charging progress. A full charge may take several hours.

5. OPERATING INSTRUCTIONS

5.1 Charging Your Devices

To charge your device, pull out the appropriate built-in output cable (Micro USB, IP, or Type C) and

connect it to your device's charging port. The power bank will automatically begin charging. The digital display will show the remaining battery percentage of the power bank.

4 Salidas & 2 Entradas

Image: A detailed diagram showing the power bank's 4 outputs (USB-AF, Type C, Micro, IP) and 2 inputs (Type C, USB-AM), along with the flashlight button.

5.2 Using the LED Flashlight

The power bank is equipped with a dual-light LED flashlight. To turn on the flashlight, press and hold the power button located on the side of the power bank for a few seconds. Repeat the action to turn it off.

6. MAINTENANCE

- Keep the power bank away from water, moisture, and extreme temperatures.
- Avoid dropping or subjecting the power bank to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store in a cool, dry place when not in use. For prolonged storage, charge the power bank at least once every three months to maintain battery health.

7. TROUBLESHOOTING

7.1 Power Bank Not Charging

- Ensure the charging cable is securely connected to both the power bank's USB input and the power source.
- Verify that the wall adapter or USB port is functional. Try a different power source.
- Check if the power bank's digital display shows any error codes or indicators.

7.2 Device Not Charging from Power Bank

- Ensure the correct built-in output cable is used for your device and it is securely connected.
- Check the power bank's digital display to ensure it has sufficient charge.
- Try charging a different device to rule out an issue with your specific device.
- Restart the power bank by briefly pressing the power button.

7.3 Slow Charging

- Ensure you are using a high-quality wall adapter for charging the power bank.
- Charging speed can vary depending on the device being charged and its battery level.
- Avoid using the power bank in extremely hot or cold environments, as this can affect charging efficiency.

8. SPECIFICATIONS

Feature	Detail
Model Number	GAR148N
