

## STARLEAD SLD017M6080

# STARLEAD 24"x32" LED Bathroom Mirror Instruction Manual

Model: SLD017M6080

Brand: STARLEAD

## 1. INTRODUCTION

Thank you for choosing the STARLEAD 24"x32" LED Bathroom Mirror. This wall-mounted mirror is designed to enhance your bathroom experience with its advanced features, including integrated LED lighting, Bluetooth speakers, anti-fog technology, and adjustable color temperature and brightness. This manual provides essential information for safe installation, operation, and maintenance of your new mirror.

## 2. SAFETY INFORMATION

This product is made from shatterproof reinforced glass for safety. It is strongly recommended that installation be performed by a professional electrician, with a minimum of two people. Please refer to the protective film on the mirror surface upon receipt.

- Always disconnect power before installation or maintenance.
- Handle the mirror with care to prevent damage.
- Ensure the mounting surface is structurally sound and can support the mirror's weight.
- Keep electrical connections dry and protected from moisture.

## 3. PRODUCT FEATURES

- **Safety Shatterproof Design:** This illuminated bathroom mirror is crafted from reinforced glass, ensuring durability and shatterproof performance. In the event of an impact, broken pieces will not scatter, enhancing safety.

Figure 3.1: Shatterproof Tempered Glass Design

- **Built-In Bluetooth Speakers:** Enhance your bathroom experience with dual Bluetooth speakers that offer 360-degree surround sound. Easily connect your phone to enjoy music or podcasts.

Figure 3.2: Integrated Bluetooth Speakers

- **Fog-Resistant Technology:** Activate the anti-fog feature with a simple button press to keep your lighted mirror clear and your reflection visible, even after a hot shower.

# Fast & Safe Defogging

3-5 Minutes Fast Defogging

Figure 3.3: Anti-Fog Functionality

- **Variable Color Temperature:** Double-tap the touch sensor to control three color temperatures: 3000K warm light, 4000K natural light, and 6500K cool light. Perfect for various grooming needs.

## 50,000+ hours lifespan light strip

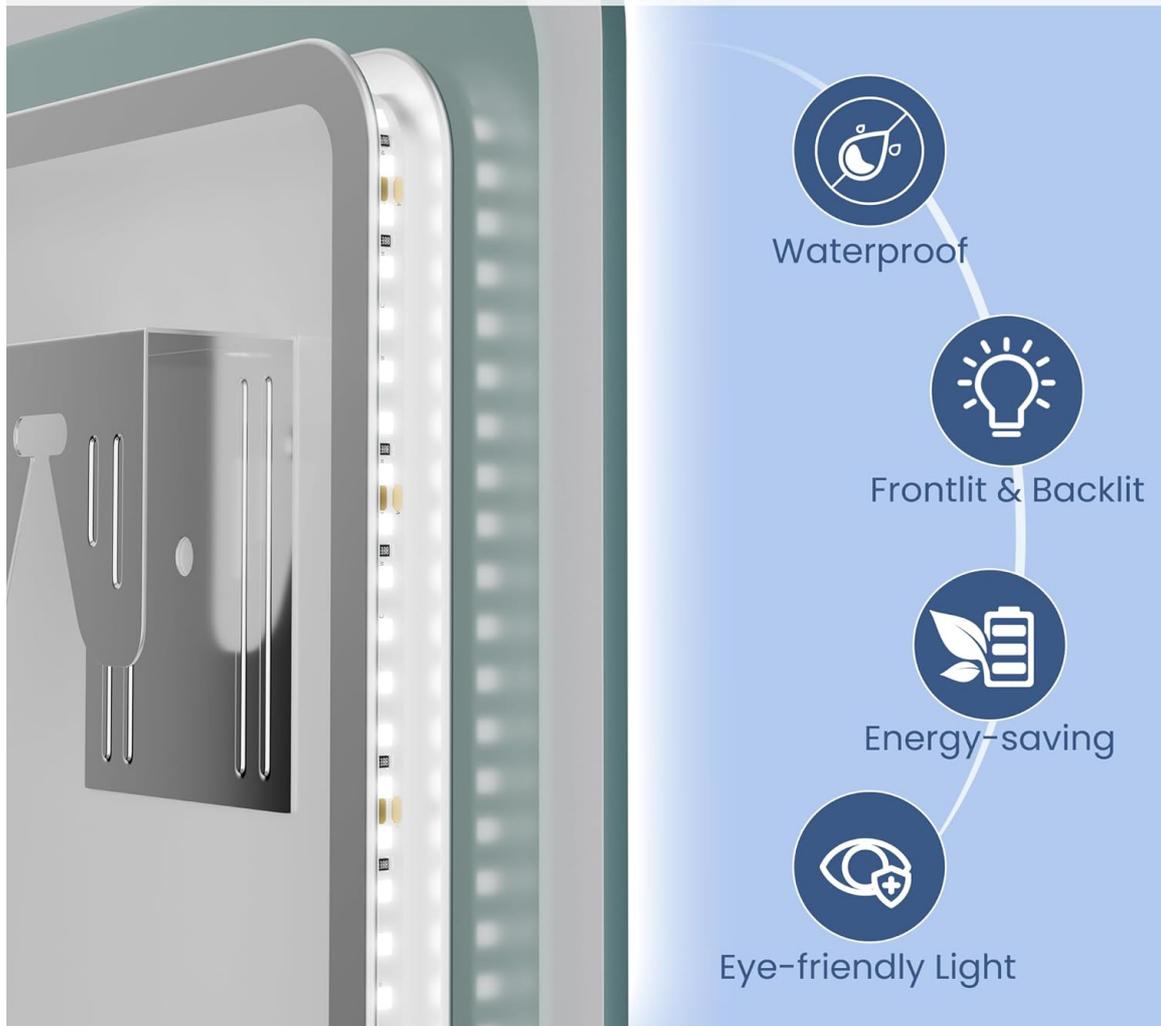

Figure 3.4: Adjustable Color Temperatures

- **Brightness Adjustment:** Easily control the LED light brightness with a touch sensor, offering seamless dimming from 5% to 100% to suit any lighting preference.

## Stepless Dimming

Adjustable brightness

## 4. SETUP AND INSTALLATION

The STARLEAD LED Bathroom Mirror can be installed either hardwired directly into your electrical system or via a plug-in connection. Due to the electrical nature and size of the mirror, professional installation is highly recommended. Always ensure power is disconnected at the circuit breaker before beginning any installation work.

### 4.1 Pre-Installation Checklist

- Verify all components are present and undamaged.
- Ensure the wall can support the mirror's weight (17.12 pounds).
- Have necessary tools: drill, level, measuring tape, screwdriver.
- Consult a qualified electrician for hardwired installations.

### 4.2 Mounting the Mirror

The mirror can be mounted horizontally or vertically. Use the provided mounting hardware and follow the detailed instructions in the included physical manual for precise placement and secure fastening. It is recommended to have two people for safe handling and mounting.

## 5. OPERATING INSTRUCTIONS

Your STARLEAD LED Bathroom Mirror features intuitive touch controls located directly on the mirror surface.

These controls manage the lighting, anti-fog, and Bluetooth functions.

## 5.1 Light Control

- **Power On/Off:** Single tap the light icon to turn the LED lights on or off.
- **Brightness Adjustment:** Long press the light icon to seamlessly dim the brightness from 5% to 100%. Release when desired brightness is achieved.
- **Color Temperature Change:** Double-tap the light icon to cycle through the three available color temperatures: 3000K (warm), 4000K (natural), and 6500K (cool).
- **Memory Function:** The mirror will automatically recall your last used brightness and color temperature settings when powered on again.

## 5.2 Anti-Fog Function

- **Activate/Deactivate:** Single tap the anti-fog icon (often represented by wavy lines or steam) to turn the defogger on or off.
- The anti-fog feature is designed to clear a central portion of the mirror for visibility.

## 5.3 Bluetooth Speaker Operation

- **Pairing Mode:** Single tap the Bluetooth icon (often a musical note or Bluetooth symbol) to activate pairing mode. The icon may flash to indicate it's ready to connect.
- **Connect Device:** On your mobile device, search for
