BLANCO 526211

BLANCO SELECT II 60/4 Waste System

Model: 526211

INTRODUCTION

The BLANCO SELECT II 60/4 is a waste separation system designed for integration into 60 cm wide base cabinets. This system optimizes under-sink cabinet space, providing flexible waste sorting options with multiple bins and an organization drawer. It features a pull-out mechanism for easy access and is designed for straightforward installation.

SAFETY INSTRUCTIONS

- Ensure all components are securely fastened during installation to prevent injury or damage.
- Do not overload the waste bins beyond their stated capacity.
- Keep small children away from the system during operation to avoid pinching hazards.
- Avoid using abrasive cleaners or sharp objects that could damage the plastic or metal surfaces.
- If any part of the system becomes damaged, discontinue use and contact customer support for replacement parts.

PACKAGE CONTENTS

Verify that all the following components are present in your package:

- 1 x BLANCO SELECT II 60/4 Pull-out Frame
- 2 x 15-liter Waste Bins
- 2 x 6-liter Waste Bins
- 1 x Organization Drawer
- Mounting Hardware (screws, brackets)
- Installation Template (if applicable)

SETUP AND INSTALLATION

The BLANCO SELECT II 60/4 waste system is designed for easy installation without the need for extensive measuring, marking, or pre-drilling. It is intended for base cabinets with a width of 60 cm and features a front-fixing pull-out system.

Installation Steps:

- 1. Prepare the Cabinet:** Ensure the base cabinet is clean and clear of any obstructions. The system requires a minimum cabinet width of 60 cm.
- 2. Position the Frame:** Place the pull-out frame inside the cabinet. The design allows for flexible positioning to accommodate under-sink plumbing.
- 3. Secure the Frame:** Use the provided mounting hardware to securely attach the frame to the cabinet base and/or sides. Follow the specific instructions in the included diagram for precise screw placement.
- 4. Attach Front Panel (if applicable):** If your cabinet has a loose front panel, attach it to the pull-out system's front fixing mechanism. Adjust for proper alignment.
- 5. Insert Bins and Drawer:** Place the 15-liter and 6-liter waste bins into their designated slots within the frame. Insert the organization drawer into its position.
- 6. Test Operation:** Gently pull out and push in the system to ensure smooth operation and proper alignment.

This image shows the BLANCO SELECT II 60/4 waste system integrated into a kitchen base cabinet, partially pulled out. It illustrates the system's design and how it extends for easy access to the waste bins.

OPERATING INSTRUCTIONS

The BLANCO SELECT II 60/4 system is designed for convenient and hygienic waste management.

Accessing the System:

To access the waste bins and organization drawer, simply pull the cabinet front panel outwards. The system will smoothly slide out, presenting all components for use.

This image illustrates a common hands-free method of opening the BLANCO SELECT II waste system, where a gentle push with the foot can open the cabinet door, providing convenient access.

Waste Separation:

Utilize the different sized bins for effective waste separation. The two 15-liter bins are suitable for general waste or recyclables, while the two 6-liter bins can be used for organic waste, smaller recyclables, or other specific waste streams.

Organization Drawer:

The integrated organization drawer provides additional storage for items such as waste bags, cleaning supplies, or other small kitchen essentials, ensuring full utilization of the cabinet space.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and hygienic operation of your BLANCO SELECT II waste system.

- **Bins:** Empty waste bins regularly. Clean them with warm soapy water and a soft cloth. Rinse thoroughly and allow to air dry before returning them to the system.
- **Frame and Drawer:** Wipe down the pull-out frame and organization drawer with a damp cloth and mild detergent. Avoid harsh chemicals.
- **Moving Parts:** Periodically check the pull-out runners for any debris. Clean as necessary. Lubrication is generally not required for the runners.
- **Odors:** To prevent odors, ensure bins are cleaned regularly and use appropriate waste bags. Baking soda can be placed at the bottom of bins to absorb odors.

TROUBLESHOOTING

If you encounter any issues with your BLANCO SELECT II waste system, refer to the following common solutions:

- **System not sliding smoothly:** Check the runners for any obstructions (e.g., fallen debris). Ensure the bins are correctly seated and not overfilled. Verify that the mounting screws are tight.

- **Cabinet door not closing properly:** Check for any items obstructing the closing path. Ensure the system is fully pushed back into the cabinet. Re-check the alignment of the front panel if it was attached separately.
- **Bins not fitting:** Ensure you are using the correct bins for their designated slots. Verify that no waste is overflowing, preventing proper seating.
- **Unpleasant odors:** Clean bins thoroughly. Ensure waste is disposed of regularly. Consider using odor-absorbing products.

If the problem persists after attempting these solutions, please contact customer support.

SPECIFICATIONS

Feature	Specification
Brand	BLANCO
Model Number	526211
Product Dimensions (L x W x H)	45 x 56.8 x 36.1 cm
Weight	11.97 kg
Capacity	60 Liters (2x 15L, 2x 6L bins)
Installation Type	Freestanding / Integrated Pull-out
Special Features	Adjustable shelf, Organization drawer
Material	Plastic, Sheet Steel
Number of Drawers	1

WARRANTY AND SUPPORT

The BLANCO SELECT II 60/4 waste system comes with a **2-year spare parts availability** guarantee. This covers the availability of replacement components for a period of two years from the date of purchase.

For technical assistance, warranty claims, or to order spare parts, please contact your BLANCO retailer or visit the official BLANCO website for customer service contact information. When contacting support, please have your product model number (526211) and proof of purchase readily available.
