

SIMO S018

SIMO Solis Lite 4G LTE Mobile Hotspot User Manual

Model: S018

Brand: SIMO

INTRODUCTION

The SIMO Solis Lite is a portable 4G LTE mobile hotspot designed to provide reliable internet connectivity in over 140 countries. It eliminates the need for physical SIM cards and contracts by utilizing a virtual multi-carrier network. This device also functions as a power bank, allowing you to charge other devices on the go, making it an ideal companion for travel, RV life, or remote work.

KEY FEATURES

- **Connects to Multiple Carriers:** Provides up to 16 hours of reliable and safe WiFi coverage worldwide via a virtual multi-carrier network.
- **Global Coverage:** Connects 10 devices and covers 140+ countries with a network of over 300 carriers, offering a reliable signal with high-speed data.
- **Data Included:** Includes 1GB of high-speed data per month for the life of the unit, with additional data available for users who need more.
- **Mobile Hotspot Charger:** Connects up to 10 devices simultaneously with 16 hours of battery life; also functions as a power bank.
- **Easy to Use:** Simply download the Solis app and register your device; start using your Lifetime Data plan or add an additional WiFi option.

What You Always Get

Lifetime Data – Provides 1GB/mo for you to stay connected anywhere

This diagram highlights the core benefits of the Solis Lite, including safe and reliable connections, 24/7 customer support, domestic and international usability, power bank functionality, flexible data plans, and its ability to locate the best and fastest available connection.

WHAT'S IN THE BOX

- SIMO Solis Lite Mobile Hotspot (Model S018)
- USB-C Charging Cable
- USB-A to USB-C Adapter
- Quick Start Guide
- Lifetime Data (1GB/month)

The SIMO Solis Lite Mobile Hotspot comes in compact packaging, ensuring all components are securely stored.

A woman with long brown hair, wearing a white blazer over a maroon top and blue jeans, is holding a smartphone in her right hand and a small orange Solis Lite device in her left hand. She is also wearing a gold watch and a gold bracelet. The background is blurred, suggesting an outdoor setting.

WiFi & Power Bank in One Device

Keeps Your Gadgets Charged On-The-Go

The Solis Lite device is compact and designed for portability, serving as both a mobile WiFi hotspot and a power bank to keep your gadgets charged.

SETUP

Follow these steps to set up your SIMO Solis Lite Mobile Hotspot:

1. **Download the Solis WiFi App:** The app is available on both the App Store (for iOS devices) and Google Play Store (for Android devices).
2. **Register Your Hotspot:** Open the Solis WiFi App and follow the on-screen instructions to create your account and connect to your Solis Lite device.
3. **Manage Data:** Within the app, you can activate your included Lifetime Data plan (1GB/month) and purchase additional data as needed.

How Does Solis Work?

1 Grab a Solis Global Hotspot

Your own private, secure & portable WiFi wherever you go

3 Choose Your WiFi Plan

Includes our Lifetime Data plan - Additional data available by the GB, by the day or month

2 Register Your Hotspot

Create your account and connect a Solis Hotspot

4 Enjoy WiFi Anywhere

Connect to the strongest available signal from across town or across the world

The setup process involves acquiring the Solis Lite, registering it through the dedicated Solis WiFi App, and selecting a data plan that suits your needs.

OPERATING THE DEVICE

Powering On/Off

To power on the Solis Lite, press and hold the main button until the indicator light illuminates. To power off, press and hold the main button again until the light turns off.

Connecting Devices

Once powered on, the Solis Lite will broadcast a WiFi network. Use your smartphone, tablet, or laptop to search for available WiFi networks and select the Solis Lite network. Enter the password

provided on the device or in the app to connect. The device supports up to 10 simultaneous connections.

Data Plans and Management

The Solis Lite includes 1GB of high-speed data per month for the lifetime of the unit. Additional data can be purchased as needed through the Solis WiFi App. The app allows you to monitor data usage, purchase new plans (monthly, per GB, or day passes), and manage your connectivity options.

Flexible Data Plans

**Choose a Plan
That's Right For You**

**Global or Local,
Subscription or
Pay-as-You-Go,
or Unlimited Data**

The Solis Lite offers flexible data plans, including global or local options, subscription or pay-as-you-go, and unlimited data choices, all managed through the Solis app.

Includes 1GB of FREE Data Every Month. Forever.

The Savings Add Up!

\$576

Other Brands Only Offer a 1-Time Bundle

The device comes with a lifetime data plan providing 1GB of free data monthly, which can lead to significant savings over time compared to other data solutions.

Network Selection

The Solis Lite automatically switches to the strongest available 4G LTE carrier in your location, ensuring optimal connectivity without manual intervention. This feature is particularly beneficial for travel across different regions or countries.

Global Coverage With 300+ Carriers Internet Access For 140+ Countries

**No Locked-In
Contract**

**No SIM
Required**

& Many More!

The Solis Lite provides extensive global coverage, connecting to over 300 carriers in more than 140 countries, offering seamless internet access without SIM cards or contracts.

MAINTENANCE

Cleaning

Use a soft, dry cloth to clean the exterior of the device. Do not use liquid cleaners or abrasive materials, as these may damage the device's finish or internal components.

Storage

Store the device in a cool, dry place away from direct sunlight and extreme temperatures when not in use. Prolonged exposure to heat or cold can affect battery performance and device longevity.

Battery Care

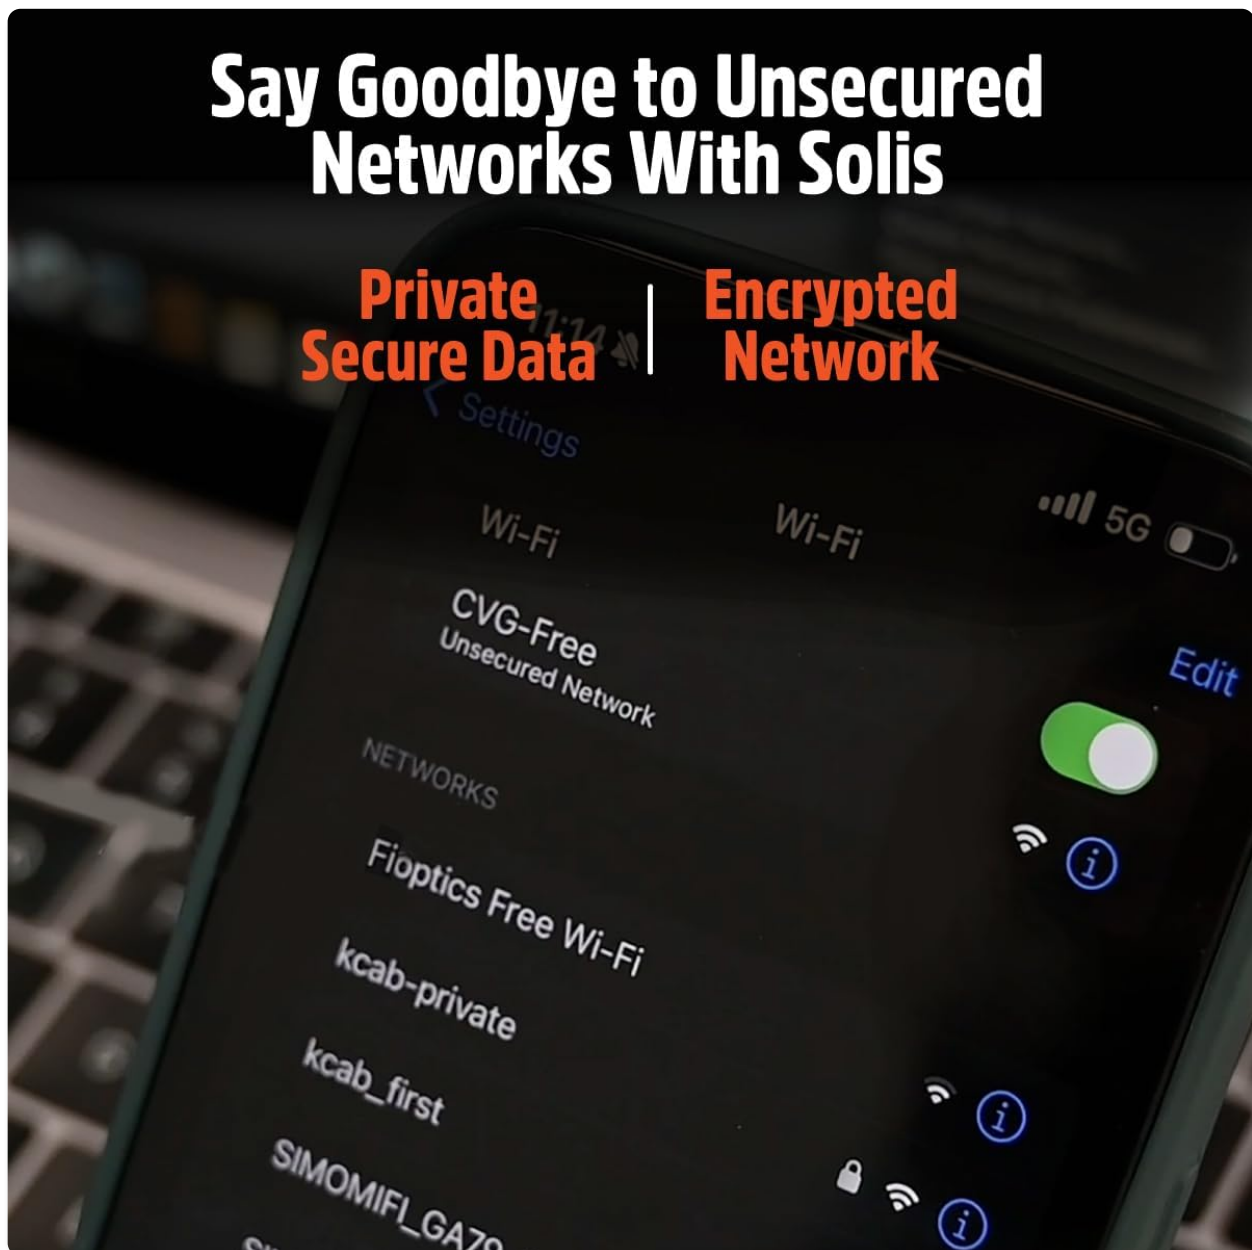

To prolong battery life, avoid fully discharging the device frequently. Charge the device regularly,

even if not in active use, to maintain optimal battery health. The device has a 4700 mAh battery, providing up to 16 hours of usage.

TROUBLESHOOTING

No Internet Connection

- Check the device's indicator lights to ensure it is powered on and has a signal.
- Verify your data plan status and remaining data in the Solis WiFi App.
- Move to an area with better cellular coverage.
- Restart the Solis Lite device.

Ensure you are connected to the correct Solis network and that your device's WiFi is enabled. The Solis Lite provides a private, encrypted network for secure data transmission.

Slow Connection Speed

- Ensure you are in an area with strong 4G LTE signal.
- Reduce the number of connected devices. The device supports up to 10 devices.
- Close bandwidth-intensive applications on connected devices.
- Check for any data throttling if you are on a limited plan and have exceeded high-speed data limits.

Device Not Charging

- Use the provided USB-C charging cable and adapter.
- Ensure the charging cable is securely connected to both the device and a power source.
- Try a different power outlet or USB port.

SPECIFICATIONS

Feature	Detail
Product Dimensions	5.6 x 4.7 x 1.7 inches
Item Weight	9.9 ounces
Model Number	S018
Battery	4700 mAh (2 Lithium Ion batteries included)
Battery Life	Up to 16 hours
Connectivity Technology	4G LTE
Wireless Communication Standard	802.11a (Wi-Fi)
Frequency Band Class	Dual-Band (5 GHz)
Max Connected Devices	10
Global Coverage	140+ countries, 300+ carriers
Special Feature	Access Point Mode, Power Bank Functionality
Manufacturer	SIMO
Color	Orange

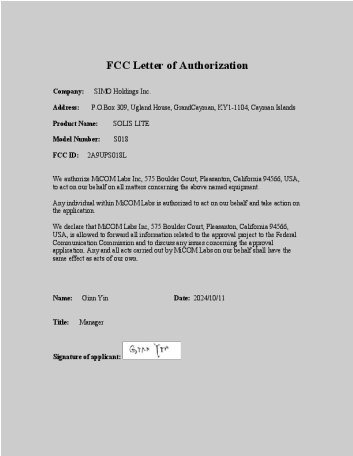

WARRANTY AND SUPPORT

For detailed warranty information, please refer to the official SIMO website or the documentation included with your product.

This test report consists of 73 pages in total. It may be duplicated completely for legal use with the approval of the applicant. It should not be reproduced except in full, without the written approval of our laboratory. The client should not use it to claim product endorsement by COC-SET. The test results of the test report only apply to the tested sample. The COC-SET does not assume responsibility for any conclusions and generalizations drawn from the test results with regard to other specimens or samples of the type of the equipment represented by the test item. The test report shall be invalid without the signatures of testing engineers, in reviewer and approver. Any objections must be raised to COC-SET within 15 days since the date when the report is received. It will not be taken into consideration beyond this limit.
