Samsung EP-TA200

Samsung 15W AC Power Adapter EP-TA200 Instruction Manual

INTRODUCTION

This manual provides essential instructions for the safe and efficient use of your Samsung 15W AC Power Adapter, model EP-TA200. This adapter is designed to provide reliable power to compatible devices, supporting both 5V and 9V output for optimal charging performance.

SAFETY INFORMATION

Please read and follow these safety guidelines to prevent injury or damage to your device and the adapter:

- Use only with compatible devices. Refer to your device's manual for charging specifications.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to disassemble, modify, or repair the adapter. Contact authorized service personnel for assistance.
- Ensure the power outlet is easily accessible and unplug the adapter during lightning storms or when unused for extended periods.
- Keep out of reach of children.

PACKAGE CONTENTS

Verify that the following item is included in your package:

- Samsung 15W AC Power Adapter (EP-TA200)

Note: A charging cable is typically sold separately and is not included with this power adapter.

SETUP

1. **Inspect the Adapter:** Before use, visually inspect the power adapter for any signs of damage.
2. **Connect Charging Cable:** Insert the USB-A end of your compatible charging cable (not included) into the USB port on the Samsung EP-TA200 power adapter.
3. **Plug into Wall Outlet:** Insert the adapter's prongs into a standard AC wall outlet (100-240V, 50-60Hz).
4. **Connect to Device:** Connect the other end of the charging cable to your compatible device (e.g., smartphone, tablet).

OPERATING INSTRUCTIONS

Once connected, the adapter will begin charging your device. The EP-TA200 supports Adaptive Fast Charging for compatible Samsung devices, providing 5V at 2A or 9V at 1.67A output, depending on the device's charging requirements.

- **Charging Indication:** Your device's screen or LED indicator will show that it is charging.
- **Fast Charging:** For devices that support Adaptive Fast Charging, the adapter will automatically deliver higher power for quicker charging times.
- **Disconnecting:** To stop charging, first disconnect the cable from your device, then unplug the adapter from the wall outlet.

MAINTENANCE

- **Cleaning:** Disconnect the adapter from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the charging cable excessively, as this can damage the internal wires.

TROUBLESHOOTING

Problem	Possible Solution
Device is not charging.	Ensure the adapter is securely plugged into a working wall outlet. Check that the charging cable is firmly connected to both the adapter and your device. Try using a different charging cable to rule out cable damage. Test the adapter with another compatible device, if available.
Charging is slow.	Verify that your device supports fast charging and that the feature is enabled in your device settings. Ensure you are using a high-quality, compatible charging cable. Avoid using your device heavily while it is charging.
Adapter feels warm during use.	It is normal for power adapters to become warm during operation, especially during fast charging. If the adapter becomes excessively hot or emits smoke/odor, immediately unplug it and discontinue use.

SPECIFICATIONS

Model Number	EP-TA200
Brand	Samsung
Input Voltage	100-240V ~ 50-60Hz 0.5A
Output Voltage/Amperage	5V / 2A or 9V / 1.67A (15W Max)
Total USB Ports	1 (USB-A)
Color	Black
Product Dimensions	2.72 x 1.57 x 0.94 inches
Item Weight	1.44 ounces
Compatible Devices	Tablets, Smartphones (e.g., Samsung S10)
