SETUP INSTRUCTIONS

1. **Connect the Keyboard:** Plug the USB connector of the MARVO CM372 Mechanical Keyboard into an available USB port on your computer. The operating system will automatically detect and install the necessary drivers.

2. **Connect the Mouse:** Plug the USB connector of the MARVO CM372 Gaming Mouse into another available USB port on your computer. The operating system will automatically detect and install the necessary drivers.

3. **Position the Mouse Pad:** Place the gaming mouse pad on your desk to provide an optimal surface for mouse movement.

4. **Initial Use:** Once connected, the keyboard and mouse are ready for immediate use.

OPERATING INSTRUCTIONS

Keyboard Functions

The MARVO CM372 keyboard features a full 104-key layout with mechanical blue switches, designed for tactile feedback and responsiveness. It also includes various RGB backlight modes.

- **RGB Backlight Modes:** The keyboard supports 21 different RGB backlight modes. To cycle through these modes, press **Fn + Ins**.
- **Adjust Brightness:** To adjust the backlight brightness (0%-25%-50%-75%-100%), press **Fn + ↑** (Up Arrow) to increase, and **Fn + ↓** (Down Arrow) to decrease.
- **Adjust Dimming Speed:** To adjust the speed of dynamic backlight effects, press **Fn + ←** (Left Arrow) to decrease speed, and **Fn + →** (Right Arrow) to increase speed.

- **N-Key Rollover:** The keyboard features 104-key anti-ghosting, allowing multiple keys to be pressed simultaneously without conflict, which is beneficial for gaming.

Mouse Functions

The MARVO CM372 gaming mouse features 7 programmable buttons and adjustable DPI settings for precise control.

- **DPI Adjustment:** Use the **DPI Button** (located behind the scroll wheel) to cycle through different DPI settings (e.g., 800/1600/2400/3200/4800/6400 DPI). Each DPI level may correspond to a different LED color.
- **LED Light Modes:** The mouse features 7 RGB light modes. Use the **LED Light Button** (located below the DPI button) to change between modes such as Breathing Mode, Colorful Streaming Mode, Rainbow Mode, Floe Light Mode, Waltz Mode, 4-Seasons Mode, and LED Off.
- **Programmable Buttons:** The mouse includes Left Click, Right Click, Scroll Wheel, Forward Button, Backward Button, DPI Button, and LED Light Button. These buttons can often be customized using dedicated software (if available from the manufacturer's website).

FEATURES OVERVIEW

- **Mechanical Keyboard:** Equipped with blue mechanical switches for a distinct tactile and audible click, providing responsive feedback.
- **Full-Size Layout:** 104 keys for comprehensive functionality, including a numeric keypad.
- **RGB Backlighting:** Multiple customizable lighting effects and brightness levels for personalized aesthetics.
- **Anti-Ghosting with N-Key Rollover:** Ensures accurate registration of simultaneous key presses.
- **High-Precision Gaming Mouse:** Optical sensor with adjustable DPI up to 6400 for precise tracking.
- **7 Programmable Mouse Buttons:** Customizable buttons for enhanced control in various applications.
- **Ergonomic Mouse Design:** Comfortable grip for extended use.
- **Large Gaming Mouse Pad:** Provides a smooth and consistent surface for optimal mouse performance.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your MARVO CM372 combo.

- **Cleaning the Keyboard:** Use a soft, dry cloth to wipe down the keyboard. For dust between keys, use compressed air. Avoid liquid cleaners directly on the keys or switches.
- **Cleaning the Mouse:** Wipe the mouse surface with a soft, slightly damp cloth. Ensure no liquid enters the internal components. Clean the optical sensor area periodically with a dry cotton swab.
- **Cleaning the Mouse Pad:** The mouse pad can be gently hand-washed with mild soap and water, then air-dried completely before use.
- **Storage:** When not in use for extended periods, store the devices in a clean, dry environment away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your MARVO CM372 combo, refer to the following common solutions:

- **Keyboard or Mouse Not Responding:**

  - Ensure the USB cables are securely plugged into your computer's USB ports.
  - Try plugging the devices into different USB ports.
  - Restart your computer.
  - Check your computer's Device Manager to see if the devices are recognized and if there are any driver issues.

- **Backlight Not Working or Incorrect:**

  - For the keyboard, ensure you are using the correct key combinations (**Fn + Ins**, **Fn + ↑/↓**, **Fn + ←/→**) to adjust modes, brightness, and speed.
  - For the mouse, press the **LED Light Button** to cycle through modes or turn the LED off/on.

- **Mouse Cursor Jumps or is Inaccurate:**

  - Clean the optical sensor on the bottom of the mouse.
  - Ensure the mouse pad surface is clean and free of debris.
  - Adjust the DPI setting using the **DPI Button** to find a suitable sensitivity.
