beeNbkk Furniture Style Dog Crate End Table User Manual

Model: Large, Weathered Gray

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your beeNbkk Furniture Style Dog Crate End Table. Designed to serve as both a comfortable enclosure for your pet and a functional piece of furniture, this product offers a blend of utility and aesthetic appeal. Please read all instructions carefully before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

- Ensure all parts are securely fastened before allowing your pet to use the crate.
- This product is intended for trained dogs. The wood components are not chew-proof. Monitor your pet to prevent chewing, which could lead to damage or injury.
- Do not exceed the maximum weight capacity of 200 lbs on the top surface.
- Keep small parts away from children and pets during assembly.
- Place the crate on a flat, stable surface.

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Wooden Panels (Top, Bottom, Sides, Doors)
- Metal Wire Enclosure Bars
- Hardware (Screws, Bolts, Hinges, Latches, Magnetic Locks)
- Soft, Removable Pet Bed
- Assembly Tools (if included)

SETUP: ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your dog crate. It is recommended to have two people for assembly.

1. Step 1: Prepare Components

Unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify each part according to the included diagram (if available).

Image: All components of the beeNbkks Furniture Style Dog Crate End Table laid out before assembly, showing the wooden panels, metal bars, and hardware.

2. Step 2: Assemble Side Panels

Attach the metal wire panels to the wooden side frames. Ensure they are securely fitted into the grooves or attached with the provided screws.

Image: A close-up view illustrating the attachment of metal wire bars to a wooden side panel, highlighting the secure fit.

3. Step 3: Attach Front and Back Panels

Connect the assembled side panels to the front and back panels using the designated hardware. Ensure all connections are tight.

Image: A partially assembled dog crate frame, showing the side panels connected to the back panel, forming the basic structure.

4. Step 4: Install Doors

Attach the double doors to the front panel using the provided hinges. The versatile side door can be installed on either end of the crate. Ensure the doors swing freely and align correctly.

DOUBLE DOORS DESIGN

More convenient for dogs to access.

Versatile side door can be installed on either end.

Image: The beeNbkk dog crate with both front doors open, revealing the interior and the soft pet bed. This image also shows the secure locks.

5. Step 5: Secure Locks

Install the latches, spring locks, and magnetic locks on the doors and frame to ensure secure closure. Refer to the diagram for proper placement of updated locks for enhanced security.

Old Lock:

If an escape artist keeps pushing the door, this lock could be easily opened.

↓ UPDATE

Updated Lock:

More secure to keep puppy in the crate.

Effective solution to prevent an escape artist.

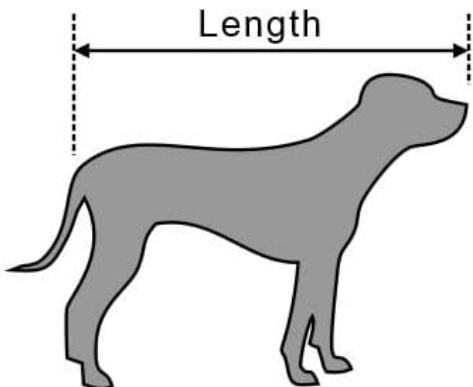

Image: A diagram comparing an older, less secure latch design with an updated, more secure latch design for the crate doors, emphasizing improved safety.

6. Step 6: Place Pet Bed

Place the soft, removable pet bed inside the assembled crate for your pet's comfort.

How To Choose The Crate Size

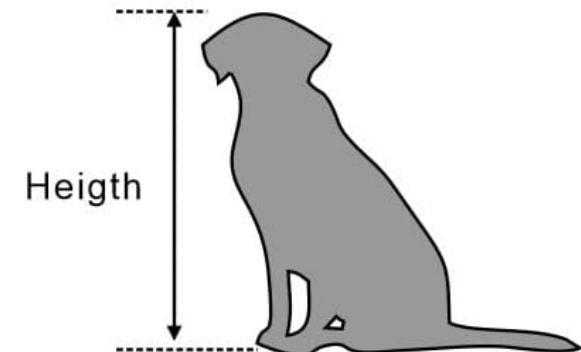

Step 1 : Measure Length

Keep in mind:

- Dog should be standing on all four feet
- Measure from the tip of the nose to the top of their tail
- Add 4in. for all dogs

Step 2 : Measure Height

Keep in mind:

- Dog should be sitting
- Measure upright from the floor to the tallest point
- Add 4in. for all dogs

Image: A small puppy lying comfortably on the soft, beige pet bed provided with the crate, demonstrating its use.

OPERATING INSTRUCTIONS

Using the Double Doors

The crate features double doors for convenient access. To open, disengage the latches and gently pull the doors outwards. To close, push the doors shut and engage the latches to secure them. The side door offers flexibility in placement, allowing you to position the crate optimally in your living space.

Placement and Functionality

This furniture-style dog crate is designed to blend seamlessly with your home decor. It can function as an end table, side table, or nightstand. The wide top surface can hold up to 200 lbs, providing additional storage or display space for household items.

Image: Three beeNbkks dog crates of varying sizes (Small, Medium, Large) arranged in a living room setting, demonstrating how they integrate as furniture pieces.

MAINTENANCE

- **Cleaning the Crate:** Wipe wooden surfaces with a soft, damp cloth. Avoid harsh chemicals that could damage the finish or be harmful to your pet.
- **Cleaning the Pet Bed:** The soft pet bed is removable for easy cleaning. Follow the care instructions on the bed's label for washing.
- **Inspecting Hardware:** Periodically check all screws, bolts, and latches to ensure they remain tight and secure. Tighten as necessary.
- **Preventing Chewing:** While durable, the wood is not chew-proof. Provide appropriate chew toys for your pet to redirect chewing behavior and protect the crate.

TROUBLESHOOTING

- **Crate is Wobbly:** Ensure all screws and bolts are fully tightened. Check that the crate is placed on a level surface.

- **Doors Do Not Close Properly:** Verify that hinges are correctly installed and not bent. Check for any obstructions preventing the doors from closing flush. Adjust latches if necessary.
- **Pet Attempts to Escape:** Ensure all locks (latches, spring locks, magnetic locks) are engaged. Consider additional training for your pet to acclimate them to the crate. The updated lock design provides enhanced security.
- **Damage from Chewing:** If your pet chews on the crate, provide more appropriate chew toys. For minor damage, wood filler or touch-up paint may be used. For significant damage, consider replacing the affected part or the entire unit.

SPECIFICATIONS

Feature	Detail
Brand	beeNbkk
Model	Furniture Style Dog Crate End Table
Size (Current Product)	Large
Color	Weathered Gray
Material	Engineered Wood, Metal
Product Dimensions (L x W x H)	93.98 x 68.58 x 78.74 cm (37" x 27" x 31")
Weight	32.34 kg
Top Surface Weight Capacity	200 lbs
Special Feature	Durable, Double Doors, Removable Pet Bed
Intended Use	Indoor Pet Enclosure, End Table

How to Measure Your Dog for a Crate

To ensure your pet has adequate space, measure your dog's length and height:

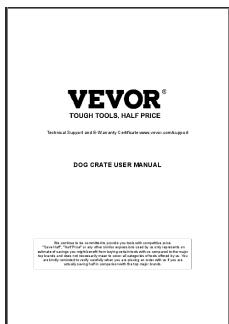

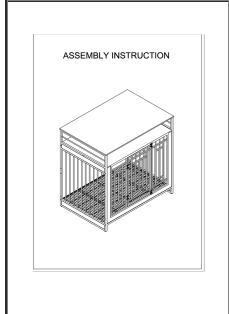

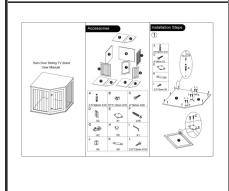

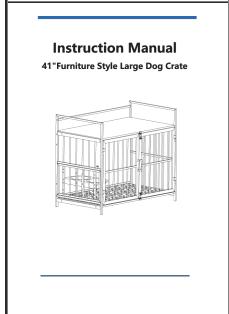

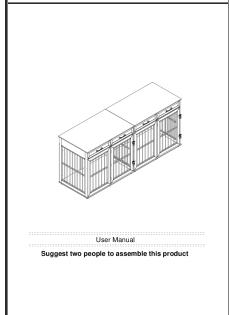

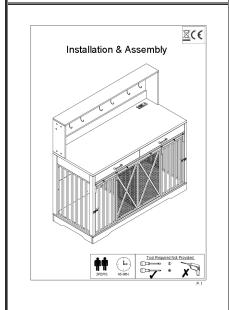

- **Length:** While standing, measure from the tip of its nose to the base of its tail. Add 4 inches (10 cm) to this measurement.
- **Height:** While sitting, measure upright from the head to the floor. Add 4 inches (10 cm) to this measurement.

Image: A visual guide demonstrating the correct way to measure a dog's length (nose to tail base) and height (head to floor while sitting) for proper crate sizing, with a recommendation to add 4 inches to both measurements.

WARRANTY AND SUPPORT

For warranty information or customer support, please refer to the contact details provided at the point of purchase or visit the official beeNbkk website. Keep your purchase receipt for any warranty claims.
