Benarita TRI-CL-S

Benarita Pikler Triangle 2-in-1 Climber with Ramp Instruction Manual

Model: TRI-CL-S

INTRODUCTION

This manual provides essential information for the safe assembly, operation, and maintenance of your Benarita Pikler Triangle 2-in-1 Climber with Ramp. Please read these instructions carefully before use and retain them for future reference.

The Benarita Pikler Triangle is designed to support children's physical development, coordination, and balance through climbing and sliding activities. It features a stable wooden structure and a foldable design for convenient storage.

SAFETY INFORMATION

- **Adult Supervision Required:** Always ensure an adult supervises children during play.
- **Age Recommendation:** Suitable for toddlers aged 1-3 years.
- **Weight Limit:** Ensure the product is used within its intended weight capacity. Consult the manufacturer for specific weight limits if not provided.
- **Placement:** Use on a flat, stable surface. Avoid placing near stairs, windows, or other hazards.
- **Inspection:** Regularly inspect all components for wear, damage, or loose connections before each use. Do not use if damaged.
- **Material Safety:** Made from natural pine with water-based paint and lacquer, meeting US and EU safety standards.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. Refer to the assembly diagram (if included with your product) for a complete list of parts.

- Pikler Triangle frame components
- Ramp (with climbing holds on one side and smooth slide on the other)
- Connecting hardware (screws, nuts, tools)
- Instruction manual (this document)

SETUP AND ASSEMBLY

Assembly typically requires one adult and approximately 20-30 minutes. All necessary tools are usually included.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Triangle Frames:** Connect the wooden rungs between the side panels of the triangle frames using the provided hardware. Ensure all connections are secure.
3. **Attach Ramp:** Position the ramp onto the desired rungs of the triangle. The ramp can be adjusted to different heights and angles. Secure the ramp using the locking mechanism (e.g., knob or pins) to ensure it is firmly attached and does not slip during use.
4. **Final Check:** Before allowing children to use the climber, double-check all screws and connections to ensure they are tight and secure. Confirm the structure is stable and does not wobble.

Image 2: A diagram illustrating the screw-free installation points and strong connection details of the Pikler Triangle, emphasizing ease of assembly and structural integrity.

OPERATING INSTRUCTIONS

The Benarita Pikler Triangle offers versatile play options:

- **Climbing:** Children can climb the rungs of the triangle or the climbing holds on one side of the ramp.

- **Sliding:** The reverse side of the ramp provides a smooth surface for sliding. Ensure the ramp is securely attached before sliding.
- **Adjusting Ramp:** The ramp's angle can be adjusted by attaching it to different rungs on the triangle, offering varied levels of challenge.
- **Folding for Storage:** To fold the triangle, loosen the locking mechanisms, carefully collapse the frames, and store in a compact space.

Image 3: A toddler safely sliding down the smooth side of the ramp, demonstrating the sliding function. An adult is providing supervision and support.

Image 4: A toddler actively climbing up the ramp, utilizing the climbing holds. This illustrates the climbing functionality of the product.

EASY TO FOLD EASY TO STORE

Image 5: The Pikler Triangle in its folded state, stored compactly under a bed, demonstrating its space-saving design.

MAINTENANCE AND CARE

- **Cleaning:** The smooth, waterproof surface can be easily cleaned with a damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Inspection:** Periodically check all wooden components for splinters, cracks, or damage. Ensure all screws and fasteners remain tight. Tighten as necessary.
- **Storage:** When not in use, store the product in a dry, cool place away from direct sunlight or extreme temperature changes to preserve the wood.

TROUBLESHOOTING

- **Product Wobbles:** Ensure all screws and connections are fully tightened. Verify the product is placed on a flat, even surface.
- **Ramp Slips:** Confirm the ramp's locking mechanism is engaged correctly and securely attached to the triangle

rungs.

- **Missing Parts:** If any parts are missing upon unboxing, contact Benarita customer support immediately for assistance.
- **Damaged Components:** Discontinue use immediately if any part of the climber or ramp is damaged. Contact customer support for replacement parts or guidance.

SPECIFICATIONS

Brand	Benarita
Model Number	TRI-CL-S
Product Dimensions (L x W x H)	92.02 x 77.52 x 80.01 cm (Approx. 36.2 x 30.5 x 31.5 inches)
Item Weight	11 kg (Approx. 24.25 lbs)
Material	100% Natural Pine Wood
Target Gender	Unisex
Safety Standards	Meets US and EU safety standards
