PACKAGE CONTENTS

Please check the package for the following items:

- MARVO CM373 Mechanical Gaming Keyboard with Detachable Wrist Rest
- MARVO Honeycomb Gaming Mouse
- User Manual (this document)

SETUP INSTRUCTIONS

Follow these steps to set up your MARVO CM373 Gaming Combo:

1. Connecting the Keyboard

1. Unpack the keyboard and the detachable wrist rest.
2. Attach the wrist rest to the bottom edge of the keyboard by aligning the clips and gently pressing until it clicks into place.
3. Locate an available USB port on your computer.
4. Plug the USB connector of the keyboard into the USB port.
5. The keyboard will automatically install the necessary drivers. This may take a few moments.
6. The RGB lighting on the keyboard will illuminate upon successful connection.

2. Connecting the Mouse

1. Unpack the gaming mouse.
2. Locate another available USB port on your computer.
3. Plug the USB connector of the mouse into the USB port.
4. The mouse will automatically install the necessary drivers.
5. The RGB lighting on the mouse will illuminate upon successful connection.

Your MARVO CM373 Gaming Combo is now ready for use.

OPERATING INSTRUCTIONS

Keyboard Features

The MARVO CM373 keyboard features an 87-key layout with N-Key Rollover (NKRO) and customizable RGB

backlighting.

- **RGB Backlighting Control:**

- Press **FN + INS** to cycle through various lighting modes.
- Press **FN + HOME** to switch between different color patterns within a mode.
- Press **FN + PGUP/PGDN** to adjust backlight brightness.
- Press **FN + +/-** to adjust lighting speed.
- Press **FN + DEL** to turn RGB lighting ON/OFF.

- **Multimedia Keys:** The F-keys (F1-F12) can be combined with the **FN** key for multimedia functions. Refer to the keycap legends for specific functions (e.g., FN+F1 for Media Player, FN+F2 for Volume Down).

- **N-Key Rollover (NKRO):** This feature ensures that every key press is registered, even when multiple keys are pressed simultaneously, which is crucial for fast-paced gaming.

Mouse Features

The MARVO Honeycomb Gaming Mouse offers precise tracking and customizable DPI settings.

- **DPI Adjustment:** Press the **DPI button** (located behind the scroll wheel) to cycle through different DPI sensitivity levels (e.g., 800/1600/2400/3200/4800/6400 DPI). The mouse's RGB lighting may change to indicate the current DPI setting.
- **Programmable Buttons:** The mouse features 6 programmable buttons. Customization software (not included, typically downloadable from manufacturer's website) may be required to assign specific functions or macros to these buttons.
- **Honeycomb Design:** The lightweight honeycomb shell design reduces the mouse's weight, allowing for faster and more precise movements.

MAINTENANCE

To ensure the longevity and optimal performance of your MARVO CM373 Gaming Combo, follow these maintenance guidelines:

- **Cleaning:**
 - Disconnect the keyboard and mouse from your computer before cleaning.
 - Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe down the surfaces.
 - For the keyboard, use compressed air to remove dust and debris from between the keycaps.
 - Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the product's finish.
- **Storage:** When not in use for extended periods, store the keyboard and mouse in a dry, cool place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping or subjecting the devices to strong impacts, which can cause internal damage.

TROUBLESHOOTING

If you encounter issues with your MARVO CM373 Gaming Combo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Loose USB connection, faulty USB port, driver issue.	Ensure USB cables are securely plugged into the computer. Try a different USB port. Restart your computer. Check Device Manager (Windows) or System Information (Mac) to see if the devices are recognized.
RGB lighting not working	Lighting turned off, software conflict.	For keyboard, press FN + DEL to toggle lighting. Ensure the devices are properly connected. If using third-party software, ensure it's not conflicting with the default lighting controls.
Mouse cursor erratic or unresponsive	Dirty sensor, unsuitable surface, DPI setting too low/high.	Clean the mouse sensor with a soft cloth. Use the mouse on a clean, non-reflective mouse pad or surface. Adjust DPI settings using the DPI button on the mouse.
Keys not registering or double-typing	Debris under keycap, switch malfunction.	Use compressed air to clear debris around and under the affected keycap. If the issue persists, contact customer support.

If the problem persists after trying these solutions, please contact MARVO customer support for further assistance.
