Sailnovo 20 Cubic Feet Rooftop Cargo Carrier Instruction Manual

Model: 5286-0510

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Sailnovo 20 Cubic Feet Rooftop Cargo Carrier. Please read this manual thoroughly before installation and operation to ensure proper usage and to prevent damage to the product or your vehicle.

The Sailnovo Rooftop Cargo Carrier is designed to provide additional storage space for your vehicle, making it ideal for road trips, camping, and other adventures. Its soft-shell design allows for flexible storage and easy folding when not in use.

20
CUBIC FEET

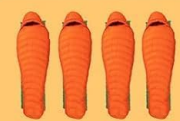

LARGE CAPACITY FOR WHOLE FAMILY

24"H Suitcase x2

20"H Suitcase x2

Sleeping Bag x 4

2 Person Tent x 2

M-Storage Bag x1

Door Hooks X4

Manual x1

Anti-slip Mat x1

2. SAFETY INFORMATION

- Always ensure the cargo carrier is securely fastened to your vehicle's roof before driving.
- Do not exceed the maximum weight capacity recommended by your vehicle manufacturer for roof loads.
- Distribute weight evenly inside the carrier to maintain vehicle stability.
- Check straps and buckles periodically during long trips to ensure they remain tight.
- Avoid overloading the carrier, as this can affect vehicle handling and fuel efficiency.
- Be aware of increased vehicle height when the carrier is installed, especially when entering garages or low-clearance areas.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- Sailnovo 20 Cubic Feet Rooftop Cargo Carrier (1)
- Storage Bag (1)
- Door Hooks (6)
- Anti-slip Mat (1)
- Long Straps (2)
- Short Straps (6)

4. SETUP AND INSTALLATION

The Sailnovo Rooftop Cargo Carrier can be installed on vehicles with or without a roof rack. Follow these steps for proper installation:

4.1 Prepare the Roof

Place the anti-slip mat on your vehicle's roof where the cargo carrier will sit. This mat helps prevent the carrier from shifting and protects your car's paint.

Figure 3: Anti-slip mat placement on the vehicle roof.

4.2 Load the Cargo Carrier

1. Unzip the cargo carrier and place it on the anti-slip mat.
2. Load your luggage and other items into the carrier. Distribute the weight evenly.
3. Zip up the carrier. Ensure the zipper is fully closed.
4. Cover the zipper with the Velcro flaps to prevent water from seeping in.

Figure 4: Detail of the waterproof zipper and protective Velcro flaps.

4.3 Secure the Carrier to Your Vehicle

The carrier can be secured using either a roof rack or door hooks.

4.3.1 Installation with a Roof Rack

If your vehicle has side rails, cross bars, or a basket-style roof rack, use the provided straps to secure the cargo carrier. Pass the straps through the buckles on the carrier and around your roof rack components, tightening them firmly.

4.3.2 Installation without a Roof Rack (using Door Hooks)

For vehicles without a roof rack, use the provided door hooks. These hooks attach to the door frame of your vehicle.

1. Open your car door.
2. Pull back the weather stripping around the door frame.
3. Attach a door hook to the metal door frame.
4. Replace the weather stripping to secure the hook.
5. Repeat for all 6 door frames.
6. Attach the carrier's straps to the exposed loops of the door hooks and tighten them securely.

4 STEPS TO INSTALL DOOR HOOKS

6. MAINTENANCE

- **Cleaning:** Wipe the carrier with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners.
- **Drying:** Ensure the carrier is completely dry before folding and storing to prevent mold or mildew.
- **Storage:** When not in use, store the carrier in its provided storage bag in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically inspect the fabric, zippers, and straps for any signs of wear or damage. Replace if necessary.

7. TROUBLESHOOTING

- **Water Leakage:** Ensure the zipper is fully closed and the Velcro flaps are securely covering it. Check for any tears or punctures in the fabric.
- **Carrier Shifting:** Verify that the anti-slip mat is correctly positioned and all straps are tightened firmly. Redistribute cargo weight if necessary.
- **Difficulty Tightening Straps:** Ensure straps are threaded correctly through buckles. If using door hooks, confirm they are securely attached to the door frame.

8. SPECIFICATIONS

Feature	Detail
Brand	Sainovo
Model Number	5286-0510
Item Volume	20 Cubic Feet
Product Dimensions (Approx.)	47"L x 35"W x 21"H
Shell Type	Soft
