Setup and Assembly

This nanoblock kit is designed for ages 8 and up, with a difficulty level of 2 out of 5.

1. **Unpack Components:** Carefully open the package and lay out all nanoblock pieces on a clean, flat surface. It is recommended to sort pieces by color or shape if desired, though the instruction manual typically guides piece usage step-by-step.
2. **Consult Instructions:** Refer to the detailed step-by-step instruction manual provided within the kit. Each nanoblock set comes with clear diagrams to guide the assembly process.
3. **Follow Step-by-Step:** Begin building by following the instructions precisely. nanoblocks are very small (as small as 4mm x 4mm x 5mm), requiring precision and patience.
4. **Secure Connections:** Ensure each block is firmly connected to the previous one to create a stable structure.
5. **Display Stand:** Once the Marlin model is complete, attach it to the included display stand as per the instructions.

Image: A visual representation of nanoblock difficulty levels, illustrating the complexity progression from Level 1 to Level 5. The Marlin kit is a Level 2.

For visual guidance on the scale of nanoblocks, consider the following image:

Display and Interaction

Once assembled, your nanoblock Marlin model is ready for display. It is designed as a static model for collection and exhibition.

- **Display Location:** Place your finished model on a stable, flat surface away from direct sunlight, excessive heat, or moisture to prevent damage or discoloration.
- **Handling:** Handle the model gently, especially when moving it, to avoid dislodging any blocks.

Maintenance

Proper care will ensure the longevity of your nanoblock model.

- **Cleaning:** To remove dust, use a soft, dry brush or a can of compressed air. Avoid using water or chemical cleaners, as these may damage the plastic or cause discoloration.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect them from dust.

Troubleshooting

Here are solutions to common issues encountered during assembly:

- **Missing Pieces:** Double-check the packaging and your work area thoroughly. Due to the small size of nanoblocks, pieces can be easily overlooked. If pieces are genuinely missing, contact nanoblock customer support (see Support section).
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply gentle, even pressure. Avoid forcing blocks, as this can damage them.
- **Model Instability:** Review previous steps in the instruction manual to ensure all connections are secure and blocks are placed in the correct positions. A loose connection can affect overall stability.
- **Incorrect Assembly:** If a section appears incorrect, carefully backtrack through the instructions to identify the error. Disassemble only the necessary parts to correct the mistake.

Specifications

Feature	Detail
Brand	nanoblock
Model Name	Marlin [Sea Friends], nanoblock Collection Series Building Kit
Model Number	NBPM_063
Number of Pieces	190
Difficulty Level	2 (on a scale of 1 to 5)
Recommended Age	8 years and up

Educational Objective	Team Building Skills

Warranty Information

Specific warranty details for nanoblock products are typically provided within the product packaging or on the official nanoblock website. Please refer to the documentation included with your purchase for the most accurate and up-to-date warranty information. Generally, nanoblock ensures the quality of its products and may offer support for manufacturing defects.
Ensure you are purchasing an officially licensed Kawada product. The product box should have a Bandai Namco warning label, which is proof of authenticity for products distributed in the U.S. Markets.

Customer Support

For further assistance, missing parts, or inquiries regarding your nanoblock Sea Friends Marlin kit, please contact nanoblock customer support.

- **Official nanoblock Website:** www.nanoblock.com (Please check for regional support contacts)
- **Distributor Information:** For U.S. Markets, products are distributed by Bluefin. You may find support contact information through their official channels.

When contacting support, please have your model number (NBPM_063) and proof of purchase readily available.
