

Afloia KILOPRO

Afloia KILOPRO Humidifier and Air Purifier Instruction Manual

Model: KILOPRO | Brand: Afloia

INTRODUCTION

The Afloia KILOPRO is a versatile 2-in-1 appliance designed to improve your indoor air quality by combining air purification with evaporative humidification. This manual provides essential information for setting up, operating, and maintaining your device to ensure optimal performance and longevity.

WHAT'S INCLUDED

- Air Purifier Unit (1)
- Humidifier Module (1)
- 3-Stage Air Filter (1)
- Humidifier Filter (1)
- Power Adapter (1)
- Remote Control (1)
- User Manual (1)

SETUP

1. Unpacking and Filter Installation

Before first use, remove all packaging materials and ensure the air filter is properly installed.

1. Carefully remove the air purifier from its packaging.
2. Turn the unit upside down. Twist the base cover counter-clockwise to unlock and remove it.
3. Remove the 3-stage air filter from its protective plastic bag.
4. Insert the filter into the base of the air purifier.
5. Replace the base cover and twist clockwise to lock it securely.

2. Humidifier Module Setup (Optional)

If you wish to use the humidification function, attach the humidifier module.

1. Place the humidifier module on top of the air purifier unit, aligning the connection points.
2. Remove the top lid of the humidifier module.
3. Ensure the humidifier filter is correctly placed inside the module.
4. Fill the water tank with clean water. The top-fill design allows for easy refilling without disassembly.
5. Replace the top lid.

3. Power Connection

Connect the power adapter to the unit and then to a suitable power outlet.

OPERATING INSTRUCTIONS

The Afloia KILOPRO can be operated using the touch control panel on top of the unit or the included remote control.

Image: A close-up top view of the Afloia KILOPRO Air Purifier's control panel, showing the power button, fan speed indicator, light control, and timer settings, all illuminated.

1. Power On/Off

- Press the **Power Button** (⏻) on the control panel or remote to turn the unit on or off.

2. Fan Speed Adjustment

- Press the **Fan Speed Button** (🌀) to cycle through different fan speeds: Low, Mid, High.
- The unit also features a **Sleep Mode** for quiet operation, ideal for nighttime use.

3. Timer Settings

- Press the **Timer Button** (🕒) to set the unit to automatically shut off after 2, 4, or 8 hours.

4. Ambient Light Control

- Press the **Light Button** (💡) to cycle through 7 different ambient light colors.

- In Sleep Mode, the light brightness automatically softens.

5. Remote Control

The included remote control allows you to manage all functions from a distance.

controls, and dual functionality. It highlights how to operate the unit and its benefits for air quality and humidification.

MAINTENANCE

1. Air Filter Replacement

The 3-stage air filter should be replaced periodically to maintain optimal purification performance. The unit's indicator light will flash red when a replacement is needed.

1. Turn off and unplug the unit.
2. Turn the unit upside down and remove the base cover.
3. Remove the old filter.
4. Insert a new Afloia custom replacement filter.
5. Replace the base cover.

2. Humidifier Filter Cleaning

The humidifier filter is washable and should be cleaned regularly.

- Remove the humidifier module and its filter.
- Soak the humidifier filter in a solution of vinegar and water.
- Gently clean the filter with a soft brush.
- Rinse thoroughly under running water to remove any residue.
- Allow the filter to air dry completely before reinserting it into the module.

3. Water Tank Cleaning

Regularly clean the humidifier water tank to prevent mineral buildup and maintain hygiene.

- Empty any remaining water from the tank.
- Wipe the interior with a soft cloth and a mild cleaning solution if necessary.
- Rinse thoroughly and dry before refilling.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on	Power adapter not connected; power outlet not working.	Ensure power adapter is securely plugged into the unit and a working outlet.
Filter indicator light is red/flashing	Air filter needs replacement.	Replace the 3-stage air filter.
No mist/humidification	Water tank is empty; humidifier filter is dry or clogged.	Refill water tank; clean or replace humidifier filter.
Unusual noise	Unit not on a flat surface; foreign object inside.	Place unit on a stable, flat surface; check for and remove any obstructions.
