Moen 82975SRN

Moen Attract 82975SRN Shower Instruction Manual

Model: 82975SRN | Brand: Moen

Product Overview

The Moen Attract collection offers a gracious and uncomplicated style, providing an ageless yet fashion-forward presence to your bathroom. This shower system is designed with a tailored yet relaxed aesthetic, ensuring design balance and seamless integration with modern lifestyles. It features a single-handle 6-spray 5.5-inch shower faucet and a Magnetix handheld shower for enhanced flexibility and convenience.

Key Features

- **Single-handle 6-spray 5.5 In. Shower Faucet:** Offers multiple spray options for a personalized showering experience.
- **Meets EPA WaterSense criteria:** Designed to conserve water without compromising performance.
- **Snap to use:** Easy release and return mechanism, even with eyes closed.
- **Hand shower always docks facing forward:** Prevents exterior splash outside your shower area.
- **Kink-free metal hose:** Provides extended reach and flexibility for the handheld shower.
- **Included components:** Comes with a 1/2 in. IPS/CC posi-temp pressure-balancing valve with 1222-cartridge, 6-setting Magnetix hand shower, flange, handle, handle adapter kit, escutcheon with screws, and a 60 in. flexible hose.

Setup and Installation

Installation of the Moen Attract 82975SRN shower system requires plumbing knowledge and tools. It is recommended to consult a professional plumber for installation to ensure proper function and compliance with local building codes. Detailed installation instructions are included with your product packaging.

1. **Preparation:** Ensure all necessary tools and components are available. Turn off the main water supply before beginning installation.
2. **Valve Installation:** Install the 1/2 inch IPS/CC posi-temp pressure-balancing valve according to the provided diagrams.
3. **Shower Arm and Flange:** Securely install the shower arm and flange to the wall.
4. **Hand Shower Assembly:** Connect the 60-inch kink-free metal hose to the handheld shower and the wall connection.
5. **Handle and Escutcheon:** Attach the handle and escutcheon plate, ensuring all connections are tight and secure.
6. **Test:** Slowly turn on the water supply and check for any leaks. Test all spray settings and temperature control.

Operating Instructions

The Moen Attract shower system is designed for intuitive operation.

- **Temperature Control:** Use the single handle to adjust the water temperature. Rotate the handle counter-clockwise for hotter water and clockwise for colder water. The posi-temp valve maintains consistent water temperature.
- **Flow Control:** Push the handle in or pull it out to control the water flow.
- **Spray Settings:** The 6-setting handheld shower allows you to switch between various spray patterns. Rotate the spray face of the handheld shower to cycle through the available settings.

- **Magnetix Docking:** The handheld shower features a magnetic docking system. Simply bring the handheld shower close to the shower arm, and the magnet will securely hold it in place.

Maintenance and Care

To maintain the finish and performance of your Moen Attract shower system, follow these care instructions:

- **Cleaning:** Clean the product with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes as they may damage the finish.
- **Spot Resist Finish:** The Spot Resist Brushed Nickel finish resists fingerprints and water spots, making cleaning easier.
- **Mineral Deposits:** For stubborn mineral deposits on the spray nozzles, gently rub them with your finger or a soft brush to dislodge the buildup.
- **Hose Care:** Periodically check the flexible hose for any kinks or damage. Ensure it is not excessively twisted during use.

Troubleshooting

If you encounter issues with your Moen Attract shower system, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Low Water Pressure	Clogged showerhead nozzles; partially closed shut-off valve; mineral buildup in the valve.	Clean showerhead nozzles. Ensure shut-off valves are fully open. Consult a plumber for valve inspection.
Water Temperature Fluctuations	Issues with the pressure-balancing valve (1222-cartridge).	Ensure the valve is correctly installed. If issues persist, the cartridge may need replacement. Contact Moen support or a professional plumber.
Leaks from Connections	Loose connections; damaged O-rings or washers.	Tighten all connections. Inspect and replace any damaged O-rings or washers.

For more complex issues or if troubleshooting steps do not resolve the problem, please contact Moen customer support.

Specifications

Brand: Moen

Model Number: 82975SRN

Color: Spot Resist Brushed Nickel

Material: Metal (Nickel)

Finish Type: Brushed

Handle Material: Metal

Mounting Type: Magnetic Dock Mount

Included Components: Valve included (1/2 in. IPS/CC posi-temp pressure-balancing valve with 1222-cartridge, 6-setting Magnetix hand shower, flange, handle, handle adapter kit, escutcheon with screws, 60 in. flexible hose)

Maximum Pressure: 14.4 Pound per Square Inch

Head Size: 5.5 inches

UPC: 026508327081

Manufacturer: Moen co

Package Dimensions: 18.5 x 9.65 x 5 inches

Item Weight: 0.01 Ounces

Assembly Required: Yes

Batteries Required: No
